Summary of Information Collection

DFARS Part 211 and the clauses at DFARS 252.211-7004 and 252.211-7005 are required for DoD contractors and subcontractors to propose—

(a) Alternatives to military preservation, packaging, or packing specifications; and/or

(b) Single Process Initiative (SPI) processes in lieu of military or Federal specifications.

The provision at DFARS 252.211-7004, Alternate Preservation, Packaging, and Packing, is used in solicitations that include military preservation, packaging, or packing specifications when it may be feasible for DoD to evaluate and award using commercial or industrial preservation, packaging, or packing. If the offeror chooses to propose alternate preservation, packaging, or packing, the provision requires the offeror to submit information sufficient to allow evaluation of the proposed commercial or industrial preservation, packaging, or packing.

The clause at DFARS 252.211-7005, Substitutions for Military or Federal Specifications and Standards, is used in solicitations and contracts for previously developed items. The clause encourages offerors to propose management or manufacturing processes, if previously accepted by DoD under the Single Process Initiative (SPI) program, as alternatives to military or Federal specifications and standards cited in the solicitation.
