

Official and Andrews/Steens Mountain Field Office Manager; presentations about the Page Springs Weir, the ecology of Steens Mountain, and how to make a substantive comment on National Environmental Policy Act documents; and discussions about grazing and the Bridge Creek Area Allotment Management Plan Environmental Impact Statement.

The January 26 session includes a panel conversation about the development of the Steens Mountain Cooperative Management and Protection Act and how things have evolved over the past two decades; discussion about the SMAC's charter and purpose; an opportunity for council members to share information from their constituents or present research; and continued discussion about strategic planning for the council. Any other matters that may reasonably come before the SMAC may also be included at any time throughout the 2-day session.

This meeting is open to the public. Public comment periods are scheduled for 3:45 p.m. on Thursday, January 25, and 11:30 a.m. on Friday, January 26. Depending on the number of people wishing to comment and the time available, the amount of time for oral comments may be limited. Written public comments may be sent to the BLM Burns District Office listed in the **FOR FURTHER INFORMATION CONTACT** section of this notice. All comments received at least one week prior to the meeting will be provided to the SMAC prior to the meeting. The meeting may end early if all business items are completed ahead of schedule or may be extended if discussions warrant more time. All meetings, including virtual sessions, are open to the public in their entirety.

Please make requests in advance for sign language interpreter services, assistive listening devices, or other reasonable accommodations. We ask that you contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section of this notice at least 7 business days prior to the meeting to give the BLM sufficient time to process your request. All reasonable accommodation requests are managed on a case-by-case basis.

Public Disclosure of Comments: Before including your address, phone number, email address, or other personal identifying information in your comments, please be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying

information from public review, we cannot guarantee that we will be able to do so.

(Authority: 5 U.S.C. ch. 10)

Jeffrey Rose,
District Manager.

BILLING CODE 4331–24–P

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[BLM_CO_FRN_MO4500176431]

Notice of Filing of Plats of Survey, Colorado

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of official filing.

SUMMARY: The plats of survey of the following described lands are scheduled to be officially filed in the Bureau of Land Management (BLM), Colorado State Office, Lakewood, Colorado, 30 calendar days from the date of this publication. The surveys, which were executed at the request of the U.S. Forest Service, the BLM, and the Mt. Emmons Mining Company, are necessary for the management of these lands.

DATES: Unless there are protests of this action, the plats described in this notice will be filed on December 28, 2023.

ADDRESSES: You may submit written protests to the BLM Colorado State Office, Cadastral Survey, P.O. Box 151029, Lakewood, CO 80215.

FOR FURTHER INFORMATION CONTACT:

David W. Ginther, Chief Cadastral Surveyor for Colorado, telephone: (970) 826–5064; email: dginther@blm.gov. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: The plat and field notes of the dependent resurvey and subdivision of section 7 in Township 9 South, Range 77 West, Sixth Principal Meridian, Colorado, were accepted on October 11, 2023.

The plat and field notes of the dependent resurvey and survey in Township 13 South, Range 86 West, Sixth Principal Meridian, Colorado, and unsurveyed Township 13 South, Range 87 West, Sixth Principal Meridian,

Colorado, were accepted on November 2, 2023.

The plat and field notes of the dependent resurvey and survey in Township 14 South, Range 86 West, Sixth Principal Meridian, Colorado, were accepted on November 2, 2023.

A person or party who wishes to protest any of the above surveys must file a written notice of protest within 30 calendar days from the date of this publication at the address listed in the **ADDRESSES** section of this notice. A statement of reasons for the protest may be filed with the notice of protest and must be filed within 30 calendar days after the protest is filed. If a protest against the survey is received prior to the date of official filing, the filing will be stayed pending consideration of the protest. A plat will not be officially filed until the day after all protests have been dismissed or otherwise resolved.

Before including your address, phone number, email address, or other personal identifying information in your protest, please be aware that your entire protest, including your personal identifying information, may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

(Authority: 43 U.S.C. chap. 3)

David W. Ginther,
Chief Cadastral Surveyor.

BILLING CODE 4331–16–P

DEPARTMENT OF THE INTERIOR

Bureau of Ocean Energy Management

[Docket No. BOEM–2022–0053]

Notice of Availability of a Joint Record of Decision for the Proposed Empire Offshore Wind Projects

AGENCY: Bureau of Ocean Energy Management (BOEM), Interior; National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Record of decision (ROD); notice of availability (NOA).

SUMMARY: The BOEM announces the availability of the joint ROD for the construction and operations plan (COP) submitted by Empire Wind, LLC (Empire Wind) for its proposed Empire Wind Offshore Wind Farm Projects (Projects) offshore New York. The final environmental impact statement (EIS) analyzes the potential environmental

impacts of the Projects as described in the COP (the proposed action) and the alternatives to the proposed action. The joint ROD includes the decision of the Department of the Interior (DOI) regarding the COP, and the decision of NMFS regarding Empire Wind's requested incidental take regulations (ITR) and an associated letter of authorization (LOA) under the Marine Mammal Protection Act (MMPA). NMFS has adopted the final EIS to support its decision of whether to issue the requested ITR. The joint ROD concludes the National Environmental Policy Act process for each agency.

ADDRESSES: The joint ROD and associated information are available on BOEM's website at: <https://www.boem.gov/renewable-energy/state-activities/empire-wind>.

FOR FURTHER INFORMATION CONTACT: For information related to BOEM's decision, please contact: Jessica Stromberg, BOEM Office of Renewable Energy Programs, 45600 Woodland Road, VAM-OREP, Sterling, Virginia 20166, (703) 787-1730 or jessica.stromberg@boem.gov. For information related to NMFS' action, contact Katherine Renshaw, NOAA Office of General Counsel, (302) 515-0324.

SUPPLEMENTARY INFORMATION: Empire Wind seeks approval to construct, operate, and maintain the Projects: two wind energy facilities and their associated export cables on the Outer Continental Shelf (OCS) offshore New York. The Projects would be developed within the range of design parameters outlined in the Empire Wind COP, subject to applicable mitigation measures. Empire Wind proposes to develop the lease area in two wind farms, known as Empire Wind 1 (EW 1) and Empire Wind 2 (EW 2). EW 1 and EW 2 will be independent from each other. Including both EW 1 and EW 2, Empire Wind proposes constructing and operating up to 147 wind turbines and up to two offshore substations with two cable routes under the terms of Renewable Energy Lease OCS-A 0512 located 14 miles from Long Island, New York, and 19.5 miles from Long Branch, New Jersey. The onshore components of the Projects will include up to three export cable landfalls in New York (one for EW 1 and up to two for EW 2) and two onshore substations: EW 1 onshore substation in Brooklyn, New York; and EW 2 onshore substation A in Oceanside, New York, or EW 2 onshore substation C in Island Park, New York.

A notice of availability for the final EIS was published in the **Federal Register** on September 15, 2023. On November 15, 2023, BOEM published

an errata on its website that included certain edits to the summary and comparison of impacts among those listed in the alternative table in chapter 2 of the final EIS to correct impact conclusions for marine mammals. The errata also provides corrections to chapter 3 to include identification of species-specific cumulative impacts of the proposed action. These corrections are neither substantive nor affect the analysis or conclusions in the final EIS.

After carefully considering public comments on the draft EIS and the alternatives described and analyzed in the final EIS, DOI selected the combination of Alternative C-1, "Gravesend Anchorage Area," Alternative D, "EW 2 Submarine Export Cable Route Options to Minimize Impacts to the Sand Borrow Area," Alternative F, "Wind Resource Optimization with Modifications for Environmental and Technical Considerations," Alternative G, "Cable Bridge Crossing of Barnums Channel Adjacent to Long Island Railroad Bridge," and Alternative H, "Dredging for EW 1 Export Cable Landfall." This combination of alternatives is identified in the final EIS as the preferred alternative. The anticipated mitigation, monitoring, and reporting requirements are included in the ROD and will be included in BOEM's COP approval as terms and conditions. These requirements are available at: <https://www.boem.gov/renewable-energy/state-activities/empire-wind>.

NMFS has adopted BOEM's final EIS to support its decision of whether to issue the requested ITR and associated LOA to Empire Wind. NMFS's final decision will be documented in a separate decision memorandum prepared in accordance with NMFS's internal policy and procedures. The final ITR and LOA, if issued, will be published in the **Federal Register**. The LOA would authorize Empire Wind to take small numbers of marine mammal incidental to the Projects' construction, would set forth permissible methods of incidental taking, would specify means to ensure the least practicable adverse impact on marine mammals and their habitat, and would include requirements for monitoring and reporting. Pursuant to section 7 of the Endangered Species Act, NMFS issued a final biological opinion to BOEM on September 8, 2023, evaluating the effects of the proposed action on ESA-listed species. The biological opinion includes the associated permits, approvals, and authorizations that may be issued.

Authority: The National Environmental Policy Act of 1969, as

amended, (42 U.S.C. 4321 *et seq.*); 40 CFR 1505.2.

David Diamond,

Deputy Chief, Office of Renewable Energy Programs, Bureau of Ocean Energy Management.

BILLING CODE 4340-98-P

INTERNATIONAL TRADE COMMISSION

Notice of Receipt of Complaint; Solicitation of Comments Relating to the Public Interest

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has received a complaint *Certain Electronic Eyewear Products and Components Thereof*, DN 3709; the Commission is soliciting comments on any public interest issues raised by the complaint or complainant's filing pursuant to the Commission's Rules of Practice and Procedure.

FOR FURTHER INFORMATION CONTACT: Lisa R. Barton, Secretary to the Commission, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone (202) 205-2000. The public version of the complaint can be accessed on the Commission's Electronic Document Information System (EDIS) at <https://edis.usitc.gov>. For help accessing EDIS, please email EDIS3Help@usitc.gov.

General information concerning the Commission may also be obtained by accessing its internet server at United States International Trade Commission (USITC) at <https://www.usitc.gov>. The public record for this investigation may be viewed on the Commission's Electronic Document Information System (EDIS) at <https://edis.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205-1810.

SUPPLEMENTARY INFORMATION: The Commission has received a complaint and a submission pursuant to § 210.8(b) of the Commission's Rules of Practice and Procedure filed on behalf of Ingeniospec, LLC on November 20, 2023. The complaint alleges violations of section 337 of the Tariff Act of 1930 (19 U.S.C. 1337) in the importation into the United States, the sale for importation, and the sale within the United States after importation of
