

service performance against the best in business.

To that end, the Office of Public and Indian Housing (PIH) will use a standardized training assessment instrument to evaluate learners' reactions to training or technical assistance programs. With the information collected, PIH will measure, evaluate, and compare the performance of its various training programs over time. The design of this form follows industry-accepted best practices, allowing additional comparisons to other training programs in business and government.

Examples of how the Training Evaluation Form is currently being used and will be used are: To inspect HUD insured and assisted properties, prospective contract inspectors are

required to successfully complete HUD Uniform Physical Condition Standards (UPCS) inspection training. The training consists of a pre-requisite computer-based component followed by an instructor-led component, each of which is evaluated using the Training Evaluation Form. To become familiar with the UPCS inspection process and requirements, thereby facilitating and enhancing maintenance of properties and preparation for upcoming contract inspections, public housing agency (PHA) employees and multifamily property owners and agents (POAs) are able to take a computer-based UPCS training, which is also evaluated using the Training Evaluation Form.

PIH proposes to use the training form in the future to evaluate training offered

to contract inspectors who will be conducting Uniform Physical Condition Standards-Voucher (UPCS-V) inspections of 2.2 million Section 8 Housing Choice Voucher units.

PIH also proposes to use the training form in the future for all other training offered to PIH program participants and stakeholders on major regulatory changes. These sessions may be held as technical assistance seminars, conferences, briefings, or online webinars.

Respondents (i.e., affected public): The training evaluation form will be completed by members of the public and individuals at state and local government entities who participate in a HUD training course.

[Docket No. FR-5915-N-07]

60 Day Notice of Proposed Information Collection for Public Comment on the: ConnectHome Challenge Performance Reporting

AGENCY: Office of Policy Development and Research, HUD.

ACTION: Notice.

SUMMARY: HUD is seeking approval from the Office of Management and Budget (OMB) for the information collection described below. In accordance with the Paperwork Reduction Act, HUD is requesting comment from all interested parties on the proposed collection of information. The purpose of this notice is to allow for 60 days of public comment.

DATES: *Comments Due Date:* October 18, 2016.

ADDRESSES: Interested persons are invited to submit comments regarding this proposal. Comments should refer to the proposal by name and/or OMB Control Number and should be sent to: HUD Desk Officer, Office of Management and Budget, New Executive Office Building, Washington, DC 20503; fax: 202-395-5806. *Email:* OIRA_Submission@omb.eop.gov.

FOR FURTHER INFORMATION CONTACT: Colette Pollard, Reports Management Officer, QDAM, Department of Housing and Urban Development, 451 7th Street

Copies of available documents submitted to OMB may be obtained from Ms. Pollard.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD has submitted to OMB a request for approval of the information collection described in Section A.

A. Overview of Information Collection

Title of Information Collection: ConnectHome Challenge Performance Reporting.

OMB Approval Number: Pending.

Type of Request: New collection.

Description of the need for the information and proposed use: The purpose of this effort is to support communities who "take-up" the ConnectHome Challenge to close the digital divide among HUD-assisted households. The ConnectHome Challenge will call on Mayors, County Executives, Tribal Leaders, Housing Agencies and other Housing Providers, and other community leaders to agree to close the digital divide among HUD-assisted households.

In signing on to The ConnectHome Challenge, a community is committing, among other things, to: (1) Establish (possibly in collaboration with their

local knowledge institutions) baseline estimates of the percent of HUD-assisted households with in-home high-speed internet that is not reliant on a smartphone; (2) collaborate with local stakeholders to establish performance targets for increasing in-home high-speed internet adoption; (3) establish and share with HUD the local strategies for achieving in-home high-speed internet adoption targets; and (4) develop and execute an implementation plan and share progress with HUD.

Respondents (describe): HUD anticipates that 150 to 300 communities

will participate in the ConnectHome Challenge. Because “community” will be defined differently by ConnectHome Challenge participants, HUD will attempt to promote collaboration across overlapping geographical entities (e.g., participant cities falling within participant counties, participants with the same city distinguished by type of housing provider, and other possible scenarios).

Estimated Number of Respondents: 300.

Estimated Number of Responses: 2,700 [Connectivity Estimate (300 * 4) +

Implementation Plan (300 * 1) + Progress Reporting and Plan Updates (300 * 4)].

Frequency of Response: Quarterly (Connectivity Estimate and Progress Reporting and Plan Updates) or Annually (Implementation Plan Development).

Average Hours per Response: 90 minutes for Connectivity Estimate, 90 minutes for Progress Reporting and Plan Updates, 6 hours for Implementation Plan Development.

Total Estimated Burdens: 5,400 hours.

Information collection	Number of respondents	Frequency of response	Responses per annum	Burden hour per response	Annual burden hours	Hourly cost per response	Annual cost
Connectivity Estimate ..	300	4	1200	1.5	1800	\$30.00	\$54,000.00
Implementation Plan Development	300	1	300	6	1800	30.00	54,000.00
Progress Reporting and Plan Updates	300	4	1200	1.5	1800	30.00	54,000.00
Total	900	5400	30.00	162,000.00
