

Administration in records management inspections.

K. Disclosure in Connection With Litigation: Information from this system of records may be disclosed in connection with litigation or settlement discussions regarding claims by or against the Agency, including public filing with a court, to the extent that disclosure of the information is relevant and necessary to the litigation or discussions and except where court orders are otherwise required under section (b)(11) of the Privacy Act of 1974, 5 U.S.C. 552a(b)(11).

The two routine uses below (L and M) are required by OMB Memorandum M–17–12.

L. Disclosure to Persons or Entities in Response to an Actual or Suspected Breach of Personally Identifiable Information: To appropriate agencies, entities, and persons when (1) the Agency suspects or has confirmed that there has been a breach of the system of records, (2) the Agency has determined that as a result of the suspected or confirmed breach there is a risk of harm to individuals, the Agency (including its information systems, programs, and operations), the Federal Government, or national security; and (3) the disclosure made to such agencies, entities, and persons is reasonably necessary to assist in connection with the Agency's efforts to respond to the suspected or confirmed breach or to prevent, minimize, or remedy such harm.

M. Disclosure to Assist Another Agency in Its Efforts to Respond to a Breach of Personally Identifiable Information: To another Federal agency or Federal entity, when the Agency determines that information from this system of records is reasonably necessary to assist the recipient agency or entity in (1) responding to a suspected or confirmed breach or (2) preventing, minimizing, or remedying the risk of harm to individuals, the recipient agency or entity (including its information systems, programs, and operations), the Federal Government, or national security, resulting from a suspected or confirmed breach.

POLICIES AND PRACTICES FOR STORAGE OF RECORDS:

Records are maintained electronically on computer storage devices such as servers and cloud storage. The computer storage devices are located at the EPA; MoveLINQS backups will be maintained at a disaster recovery site designated by Microsoft Azure Government. Computer records are maintained in a secure password protected environment. Access to computer records is limited to those who have a need to know.

Permission level assignments will allow users access only to those functions for which they are authorized. All records are maintained in secure, access-controlled areas or buildings.

POLICIES AND PRACTICES FOR RETRIEVAL OF RECORDS:

Retrieval of computer records is limited to those who have a need to know. Currently requestors (end users) do not have access to records using the MoveLINQS system. All users are required to have appropriate permission levels assigned before accessing the system. The permission levels are determined by the type of user. The MoveLINQS system is the only method of retrieval. Users input the information themselves and only authorized users can access.

POLICIES AND PRACTICES FOR RETENTION AND DISPOSAL OF RECORDS:

MoveLINQS is listed on EPA Records Control Schedule 0089 under Chief Financial Officer as Relocation Expense Management System. The disposition is to close when no longer needed for current agency business and destroy immediately after file closure.

ADMINISTRATIVE, TECHNICAL, AND PHYSICAL SAFEGUARDS:

Security controls used to protect personal sensitive data in MoveLINQS are commensurate with those required for an information system rated moderate for confidentiality, integrity, and availability, as prescribed in NIST Special Publication, 800–53, “Recommended Security Controls for Federal Information Systems,” Revision 4. Administrative controls include the policies and procedures governing the agency program and systems operated within, background investigations for privileged users and rules of behavior. Technical controls include role-based, user access controls, and data encryption. All MoveLINQS servers and software are stored in the Microsoft Azure Va. Datacenter. All security measures for the physical space are the responsibility of Microsoft. Microsoft Azure Government must in addition adhere to FedRAMP regulations and policies set forth by the Joint Authorization Board, which is the primary authority and decision-making board that ensures FedRAMP Cloud System compliance.

RECORD ACCESS PROCEDURES:

Individuals seeking access to information in this system of records about themselves are required to provide adequate identification (e.g., driver's license, military identification card, employee badge or identification

card). Additional identity verification procedures may be required, as warranted. Requests must meet the requirements of EPA regulations that implement the Privacy Act of 1974, at 40 CFR part 16.

CONTESTING RECORDS PROCEDURES:

Requests for correction or amendment must identify the record to be changed and the corrective action sought. Complete EPA Privacy Act procedures are described in the EPA's Privacy Act regulations at 40 CFR part 16.

NOTIFICATION PROCEDURE:

Any individual who wants to know whether this system of records contains a record about him or her, should make a written request to the EPA Attn: Agency Privacy Officer, MC 2831T, 1200 Pennsylvania Ave. NW, Washington, DC 20460, privacy@epa.gov.

EXEMPTIONS PROMULGATED FOR THE SYSTEM:

None.

HISTORY:

67 FR 8255—Posted on February 22, 2002—The EPA provided notice that it proposed to establish a new system of records, the EPA Travel, Other Accounts Payable, and Accounts Receivable Files.
