

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; or (iii) become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁵ and Rule 19b-4(f)(6) thereunder.¹⁶

The Exchange has requested that the Commission waive the 30-day operative delay. The Commission hereby grants that request.¹⁷ The Commission believes that waiver of the operative delay is consistent with the protection of investors and the public interest because it recently approved a proposal from CBOE which is nearly identical to the current proposal and on which no comments were received.¹⁸ Therefore, the proposal is operative upon filing.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-61270; File No. SR-CBOE-2009-099]

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Permit Concurrent Listing of \$2.50 and \$1 Strikes on MNX Options

December 31, 2009.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on December 23, 2009, the Chicago Board Options Exchange, Incorporated ("Exchange" or "CBOE") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I, II and III below, which Items have been prepared by the Exchange. The Exchange has designated this proposal as one constituting a stated policy, practice, or interpretation with respect to the meaning, administration, or enforcement of an existing rule under Section 19(b)(3)(A)(i) of the Act, and Rule 19b-4(f)(1) thereunder, which renders the proposal effective upon filing with the Commission.³ The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

CBOE proposes to clarify that the Exchange may concurrently list \$2.50 and \$1 strikes on Mini-Nasdaq-100 Index ("MNX") options, and that certain listing parameters only apply to \$1 strikes on MNX options. The text of the rule proposal is available on the Exchange's Web site (<http://www.cboe.org/legal>), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at

¹⁵ 15 U.S.C. 78s(b)(3)(A).

¹⁶ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

¹⁷ For purposes only of waiving the 30-day operative delay, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

¹⁸ See Exchange Act Release No. 60978 (November 10, 2009), 74 FR 59296 (November 17, 2009) (approving SR-CBOE-2009-68).

the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to clarify that the Exchange may concurrently list \$2.50 and \$1 strikes on Mini-Nasdaq-100 Index ("MNX") options, and that certain listing parameters only apply to \$1 strikes on MNX options. The Exchange believes that the availability of \$2.50 and \$1 strike price intervals in MNX option series will provide investors with greater flexibility by allowing them to establish positions that are better tailored to meet their investment objectives.

Since November 2008, the Exchange has had the ability to list \$1 strikes on MNX options.⁴ In connection with the proposal to permit \$1 strikes for MNX options, the Exchange established parameters subject to which \$1 strikes may be added and delisted. For example, the number of initial series that the Exchange may add is limited to 11 series.⁵ Also, the total number of additional series that may be added for \$1 strikes is sixty (60) per expiration month for each series in MNX options.⁶

Similar parameters do not exist with regard to the listing of \$2.50 strikes, and the Exchange now seeks to clarify that the parameters adopted with the proposal to permit \$1 strikes for MNX options do not apply to the listing of \$2.50 strikes for MNX options.⁷ In addition, the Exchange is proposing to codify a bracketing provision that prohibits the Exchange from listing strike prices with \$1 intervals within \$0.50 of an existing strike price in the same series. This bracketing provision is identical to an existing provision in effect for the \$1 Strike Program, which permits the concurrent listing of \$2.50 and \$1 strikes.

2. Statutory Basis

The Exchange believes this rule proposal is consistent with the Act and the rules and regulations under the Act applicable to a national securities

exchange and, in particular, the requirements of Section 6(b) of the Act.⁸ Specifically, the Exchange believes that the proposed rule change is consistent with the Section 6(b)(5) Act⁹ requirements that the rules of an exchange be designed to promote just and equitable principles of trade, to prevent fraudulent and manipulative acts and, in general, to protect investors and the public interest by allowing the Exchange to list MNX options at \$2.50 and \$1 strike price intervals.

B. Self-Regulatory Organization's Statement on Burden on Competition

CBOE does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing proposed rule change will take effect upon filing with the Commission pursuant to Section 19(b)(3)(A)(i) of the Act¹⁰ and Rule 19b-4(f)(1) thereunder,¹¹ because it constitutes a stated policy, practice, or interpretation with respect to the meaning, administration, or enforcement of an existing rule.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
