

Interior's Assistant Secretary for Land and Minerals Management extend PLO No. 6886 (56 FR 50661 (1991)), which withdrew approximately 21,636.29 acres of National Forest System lands located in Albany and Caribou Counties, Wyoming, from location and entry under the United States mining laws (30 U.S.C. ch. 2) for an additional 20-year term. PLO No. 6886 is incorporated herein by reference.

The purpose of the proposed withdrawal extension is to continue to protect the unique topographic characteristics of the Snowy Range Area for recreation purposes.

As extended, the withdrawal would not alter the applicability of those public land laws governing the use of the National Forest System land under lease, license, or permit, or governing the disposal of their mineral or vegetative resources other than under the mining laws.

The use of a right-of-way, interagency, or cooperative agreement would not adequately constrain nondiscretionary uses which could result in permanent loss of these recreational values.

There are no suitable alternative sites available. There are no other Federal lands in the area containing these recreational values.

No water rights would be needed to fulfill the purpose of the requested withdrawal extension.

Records relating to the application may be examined by contacting Janelle Wrigley at the above address, by calling 307-775-6257, or e-mail Janelle.Wrigley@blm.gov.

On or before July 25, 2011, all persons who wish to submit comments, suggestions, or objections in connection with the proposed withdrawal extension may present their views in writing to the Wyoming State Director, Bureau of Land Management, at the address noted above.

Comments, including names and street addresses of respondents, will be available for public review at the Wyoming State Office, Bureau of Land Management, 5353 Yellowstone Road, Cheyenne, Wyoming 82009, during regular business hours 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. Individual respondents may

request confidentiality. If you wish to withhold your name or address from public review or from disclosure under the Freedom of Information Act, you must state this prominently at the beginning of your comments. Such requests will be honored to the extent allowed by law. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public inspection in their entirety.

Notice is hereby given that a public meeting will be held in connection with the proposed withdrawal extension. The meeting will be held on May 26, 2011, at the U.S. Forest Service, Supervisors Office, 2468 Jackson Street, Laramie, Wyoming 82070 from 6 p.m. until 9 p.m.

This withdrawal extension application will be processed in accordance with the applicable regulations set forth in 43 CFR 2310.4.

Authority: 43 CFR 2310.3-1.

Donald A. Simpson,
Wyoming State Director.

Public Land Order No. 7763; Partial Revocation of Public Land Order No. 3708; Alaska

AGENCY: Bureau of Land Management, Interior.

ACTION: Public Land Order.

SUMMARY: This order revokes a Public Land Order, as modified and extended, insofar as it affects approximately 32 acres of public land withdrawn from all forms of appropriation under the public land laws, including the mining laws, for the protection of the Gilmore Satellite Tracking Station at Gilmore Creek northeast of Fairbanks, Alaska. The land is no longer needed for the purpose for which it was withdrawn.

DATES: *Effective Date:* April 26, 2011.

FOR FURTHER INFORMATION CONTACT:

Robert L. Lloyd, Bureau of Land Management, Alaska State Office, 222 West Seventh Avenue, #13, Anchorage, Alaska 99513; 907-271-4682.

SUPPLEMENTARY INFORMATION: The National Oceanic and Atmospheric Administration has determined that an approximately 32-acre parcel on the east

boundary of the withdrawal created by Public Land Order No. 3708 is excess to its needs and requested a partial revocation of the withdrawal. Upon revocation, the State of Alaska selection applications made under the Alaska Statehood Act and the Alaska National Interest Lands Conservation Act become effective without further action by the State, if such land is otherwise available. Lands selected by, but not conveyed to, the State are subject to the terms and conditions of Public Land Order No. 5186 (37 FR 5589 (1972)), as amended, and any other withdrawal, application, or segregation of record. Any significant restriction on subsistence uses is unavoidable because the land is required to be conveyed to the State of Alaska under Section 810(c) of the Alaska National Interest Lands Conservation Act.

Order

By virtue of the authority vested in the Secretary of the Interior by Section 204 of the Federal Land Policy and Management Act of 1976, 43 U.S.C. 1714, it is ordered as follows:

1. Public Land Order No. 3708 (30 FR 8753 (1965)), as modified by Public Land Order No. 6709 (54 FR 6919 (1989)), partially revoked by Public Land Order No. 7682 (72 FR 71940 (2007)), and extended by Public Land Order No. 7710 (73 FR 35708 (2008)), which withdrew public land from all forms of appropriation under the public land laws, including the mining laws, but not from leasing under the mineral leasing laws, is hereby revoked insofar as it affects the following described land:

The area described contains 31.73 acres, more or less, near Fairbanks.

2. The State of Alaska selection applications made under Section 6(a) of the Alaska Statehood Act of July 7, 1958, 48 U.S.C. note prec. 21, and under Section 906(e) of the Alaska National

Interest Lands Conservation Act, 43 U.S.C. 1635(e), become effective without further action by the State upon publication of this Public Land Order in the **Federal Register**, if such land is otherwise available. Lands selected by, but not conveyed to the State will be subject to Public Land Order No. 5186 (37 FR 5589), as amended, and any other withdrawal, application, or segregation of record.

This revision is made to include privately-owned property that the National Park Service (NPS) wishes to acquire. After the United States' acquisition of the tract, the NPS will manage the property in accordance with applicable law.

Such boundary revisions may be made, when necessary, after advising the appropriate congressional committees, and following publication of a revised boundary map, drawing or other boundary description in the **Federal Register**. In order to properly interpret and preserve the historic character of the Park, it is necessary to revise the existing boundary to include one (1) additional tract of land comprising 3.75 acres of unimproved land.
