

status. In comparison with the interest assumptions in effect for April 2017, these interest assumptions are unchanged.

PBGC has determined that notice and public comment on this amendment are impracticable and contrary to the public interest. This finding is based on the need to determine and issue new interest assumptions promptly so that the assumptions can reflect current market conditions as accurately as possible.

Because of the need to provide immediate guidance for the payment of benefits under plans with valuation dates during May 2017, PBGC finds that good cause exists for making the

assumptions set forth in this amendment effective less than 30 days after publication.

PBGC has determined that this action is not a “significant regulatory action” under the criteria set forth in Executive Order 12866.

Because no general notice of proposed rulemaking is required for this amendment, the Regulatory Flexibility Act of 1980 does not apply. See 5 U.S.C. 601(2).

#### 33 CFR Part 117

[Docket No. USCG-2017-0204]

#### Drawbridge Operation Regulation; Chincoteague Channel, Chincoteague Island, VA

**AGENCY:** Coast Guard, DHS.

**ACTION:** Notice of deviation from drawbridge regulation.

**SUMMARY:** The Coast Guard has issued a temporary deviation from the operating schedule that governs the SR 175 Bridge across the Chincoteague Channel, mile 3.5 (physically situated at mile 3.9), at Chincoteague Island, VA. The deviation is necessary to facilitate bridge maintenance. This deviation allows the bridge to remain in the closed-to-navigation position.

**DATES:** The deviation is effective from 7 a.m. on Monday, April 24, 2017, through 7 p.m. on Friday, April 28, 2017.

**ADDRESSES:** The docket for this deviation, [USCG-2017-0204] is available at <http://www.regulations.gov>. Type the docket number in the “SEARCH” box and click “SEARCH”. Click on Open Docket Folder on the line associated with this deviation.

**FOR FURTHER INFORMATION CONTACT:** If you have questions on this temporary deviation, call or email Mr. Michael Thorogood, Bridge Administration

Branch Fifth District, Coast Guard, telephone 757-398-6557, email [Michael.R.Thorogood@uscg.mil](mailto:Michael.R.Thorogood@uscg.mil).

**SUPPLEMENTARY INFORMATION:** The Virginia Department of Transportation, owner and operator of the SR 175 Bridge that carries SR 175 across the Chincoteague Channel, mile 3.5 (physically situated at mile 3.9), at Chincoteague Island, VA, has requested a temporary deviation from the current operating schedule to facilitate the replacement of the hydraulic fluids of the bascule span for the drawbridge. The bridge has vertical clearance of 15 feet above mean high water (MHW) in the closed position and unlimited vertical clearance in the open position. The current operating schedule is set out in 33 CFR 117.1005. Under this temporary deviation, the bridge will be maintained in the closed-to-navigation position from 7 a.m. on Monday, April 24, 2017, through 7 p.m. on Friday,

April 28, 2017, Monday through Friday, 24 hours a day.

The Chincoteague Channel is used by a variety of vessels including public vessels, small commercial vessels, tug and barge traffic, and recreational vessels. The Coast Guard has carefully coordinated the restrictions with waterway users in publishing this temporary deviation.

Vessels able to pass through the bridge in the closed-to-navigation position may do so at anytime. The bridge will not be able to open for emergencies and there is no immediate alternative route for vessels unable to pass through the bridge in the closed position. The Coast Guard will also inform the users of the waterway through our Local Notice and Broadcast Notices to Mariners of the change in operating schedule for the bridge so that vessel operators can arrange their transits to minimize any impact caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: April 11, 2017.

### Safety Zone; Ohio River Miles 803.5 to 804.5, Henderson, KY

**AGENCY:** Coast Guard, DHS.

**ACTION:** Temporary final rule.

**SUMMARY:** The Coast Guard is establishing a temporary safety zone for all navigable waters of the Ohio River, surface to bottom, extending from miles 803.5 to 804.5. This temporary safety zone is necessary to provide for the safety of life on these navigable waters near Henderson, KY, during the Henderson Breakfast Lions Club Tri-Fest fireworks display. Entry of vessels or persons into this zone is prohibited unless specifically authorized by the

Captain of the Port Ohio Valley or a designated representative.

**DATES:** This rule is effective from 9 p.m. on April 21, 2017, through 9:30 p.m. on April 22, 2017. This rule will be enforced from 9 p.m. to 9:30 p.m. on April 21, 2017, unless the fireworks display is postponed because of adverse weather, in which case this rule will be enforced from 9 p.m. to 9:30 p.m. on April 22, 2017.

**ADDRESSES:** To view documents mentioned in this preamble as being available in the docket, go to <http://www.regulations.gov>, type USCG-2017-0174 in the "SEARCH" box and click "SEARCH." Click on Open Docket Folder on the line associated with this rule.

**FOR FURTHER INFORMATION CONTACT:** If you have questions about this rulemaking, call or email Petty Officer James Robinson, Sector Ohio Valley, U.S. Coast Guard; telephone 502-779-5347, email [James.C.Robinson@uscg.mil](mailto:James.C.Robinson@uscg.mil).

#### SUPPLEMENTARY INFORMATION:

##### I. Table of Abbreviations

CFR Code of Federal Regulations  
COTP Captain of the Port Ohio Valley  
DHS Department of Homeland Security  
FR Federal Register  
NPRM Notice of proposed rulemaking  
§ Section  
U.S.C. United States Code

##### II. Background Information and Regulatory History

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are "impracticable, unnecessary, or contrary to the public interest." Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because it is impracticable. We lack sufficient time to provide a reasonable comment period and then consider those comments before issuing the rule. The NPRM process would delay the immediate action needed to protect personnel, vessels, and the marine environment from potential safety hazards associated with the fireworks event. In addition, the fireworks event is being held only one weekend later than the currently published date, which had to be rescheduled due to a holiday scheduling

conflict. Upon receiving full details of this event, the Coast Guard determined that a safety zone was necessary to protect life and property during a fireworks display on or over this navigable waterway.

We are issuing this rule, and under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making it effective less than 30 days after publication in the **Federal Register**. Delaying this rule would be contrary to public interest of ensuring the safety of spectators and vessels during the event. An immediate action is necessary to prevent the loss of life and property during the hazards created by a fireworks display on or over the waterway. Broadcast Notices to Mariners (BNM) and information sharing with the waterway users will update mariners of the restrictions, requirements and enforcement times during this temporary situation.

##### III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 33 U.S.C. 1231. The Captain of the Port Ohio Valley (COTP) has determined that potential hazards associated with the fireworks display on April 21, 2017 will be a safety concern for all waters of the Ohio River, surface to bottom, extending from miles 803.5 to 804.5. The purpose of this rule is to ensure safety of life on the navigable waters within the temporary zone before, during, and after the Henderson Breakfast Lions Club Tri-Fest fireworks display.

##### IV. Discussion of the Rule

This rule establishes a safety zone on April 21, 2017, or in the case of a rain delay, on April 22, 2017. The safety zone will cover all waters of the Ohio River, surface to bottom, extending from miles 803.5 to 804.5. Transit into and through this restricted area is prohibited from 9 p.m. to 9:30 p.m. on April 21, 2017, and, in case of a delay because of rain, during the same hours on April 22, 2017. The duration of the safety zone is intended to ensure the safety of vessels and these navigable waters before, during, and after the scheduled fireworks displays. No vessel or person will be permitted to enter the safety zone without obtaining permission from the COTP or a designated representative. The COTP may be contacted by telephone at 1-800-253-7475 or can be reached by VHF-FM channel 16. Public notifications will be made to the local maritime community prior to the event through the Local Notice to Mariners (LNM), and BNMs.
