DEPARTMENT OF THE INTERIOR

Minerals Management Service

Workshop on Transferring Responsibility for Inspection and Enforcement of U.S. Coast Guard Regulations for Fixed Facilities on the Outer Continental Shelf to the Minerals Management Service

AGENCY: Minerals Management Service (MMS), Interior.

ACTION: Notice of workshop.

SUMMARY: The MMS and the U.S. Coast Guard (USCG) will jointly hold a workshop to discuss the transfer of responsibility to MMS for inspection and enforcement of USCG regulations for fixed facilities on the Outer Continental Shelf.

DATES: The workshop will be held on Friday, April 12, 2002, from 8:30 a.m. to 12 noon. Written questions you wish to discuss at the workshop must reach MMS by close of business on March 22, 2002.

ADDRESSES: The workshop will be held at the Sheraton North Houston Hotel's Amphitheater at George Bush International Airport, 15700 John F. Kennedy Boulevard, Houston, Texas; telephone (281) 442-5100. Please submit your written questions by mail or fax to the following:

(1) By mail to Staci Atkins, Minerals Management Service, 381 Elden Street, MS 4023, Herndon, Virginia 20170; or,

(2) By Fax to Staci Atkins at (703) 787-1575.

FOR FURTHER INFORMATION CONTACT: Staci Atkins, telephone (703) 787-1620.

SUPPLEMENTARY INFORMATION: On February 7, 2002, the USCG published a final rule in the **Federal Register** (67 FR 5912) authorizing MMS to perform fixed facility inspections on behalf of the USCG. Based on comments we received on the proposed rulemaking, we are aware that industry has questions on how the agreement between the two agencies will be

implemented. This workshop will inform industry and the public of the implementation of the MMS inspection program.

The agenda for the meeting on April 12, 2002, is as follows:

- General welcome and overview;
- Presentation of the rulemaking history;
- Overviews of the current MMS and USCG inspection programs;
- Presentation of the integrated inspection program; and
- Question and answer session.

The MMS and USCG encourage you to submit questions and attend the workshop. We will consider your questions submitted in advance in preparing our presentations so that the workshop can focus on key topics. You may also pose questions during the question and answer session at the workshop.

To obtain information on facilities or services for individuals with disabilities or to request that we provide special assistance at the meeting, please contact Staci Atkins as soon as possible.

Dated: February 20, 2002.

E.P. Danenberger,

Chief, Engineering and Operations Division.

DEPARTMENT OF THE INTERIOR

National Park Service

General Management Plan, Final Environmental Impact Statement, Devils Tower National Monument, Crook County, Wyoming

AGENCY: National Park Service, Department of the Interior.

ACTION: Availability of Final Environmental Impact Statement and General Management Plan for Devils Tower National Monument.

SUMMARY: Pursuant to section 102 (2) (c) of the National Environmental Policy Act of 1969, the National Park Service announces the availability of a final Environmental Impact Statement and General Management Plan (FEIS/GMP) for Devils Tower National Monument, Wyoming.

DATES: The Draft EIS/GMP was on public review from July 2, through September 30, 2001. Responses to public comment are addressed in the FEIS/GMP. A 30-day no-action period will follow the Environmental Protection Agency's Notice of Availability of the FEIS/GMP.

ADDRESSES: Copies of the FEIS/GMP are available from the Superintendent,

Devils Tower National Monument, P.O. Box 10, Devils Tower, WY 82714. Public reading copies of the FEIS/GMP will be available for review at the following locations:

Office of the Superintendent, Devils Tower National Monument, P.O. Box 10, Devils Tower, WY 82714, Telephone: (307) 467-5283 x 14.

Planning and Environmental Quality, Intermountain Support Office—Denver, National Park Service, P.O. Box 25287, Denver, CO 80225-0287, Telephone: (303) 969-2851 or (303)969-2377.

Office of Public Affairs, National Park Service, Department of the Interior, 18th and C Streets NW, Washington, DC 20240, Telephone: (202) 208-6843.

FOR FURTHER INFORMATION CONTACT:

Superintendent, Devils Tower National Monument, (307) 467-5282 x 14.

SUPPLEMENTARY INFORMATION: The FEIS/GMP analyzes five alternatives to manage natural and cultural resources, visitor use and access, general development and park operations. The alternatives address issues including the following. The national monument is subject to visitor congestion, including vehicular circulation and parking, and crowded visitor facilities. None of the four buildings where park staff works has adequate space for office requirements, storage, meetings, or breaks. The space available for the cooperating association's offices and bookstore is inadequate. Congestion and inadequate facilities limit the staff's ability to offer orientation and interpretation that would ensure visitor understanding of the monument's significance and allow visitors to make the best use of their time. Flood control structures on the Belle Fourche River inside and outside the monument have severely damaged the riparian woodland system. Modern recreational use, developments, and climbing on the Tower are sometimes in conflict with American Indian traditional cultural values. High levels of development, visitor use, and crowding at the base of the Tower are not consistent with the spiritual nature of the area. Alternative 1, the no action alternative represents the continuation of existing conditions and management at the monument. Alternative 2 would reduce overall development to improve the monument's natural setting, institute a reservation system during periods of peak visitation, and convert the parking area at the base of the Tower to a pedestrian plaza. Alternative 3, the NPS preferred alternative, would institute a shuttle system for use during peak

visitation periods, construct a shuttle staging area and visitor orientation facilities within the monument, and convert the parking area at the base of the Tower to a pedestrian plaza. Alternative 4 would also institute a shuttle system, but would construct/relocate staging and visitor orientation facilities, along with headquarters and maintenance facilities, outside the monument boundaries. Alternative 5 would continue to offer visitor experiences similar to those presently available, but would expand, pave, and upgrade parking areas and roads, and/or add facilities to reduce visitor congestion.

The FEIS/GMP in particular evaluates the environmental consequences of the proposed action and the other alternatives on the prairie dog (a candidate for listing as threatened by the Fish and Wildlife Service), wetlands, floodplains, ethnographic and historic resources, visitors' experience of monument resources, visitor access and freedom to go at one's own pace, access to orientation and interpretation, visitor safety, businesses and neighbors, and local and regional economy.

Dated: December 7, 2001.

R. Everhart,

*Acting Director, Intermountain Region,
National Park Service.*

National Park Service

Valley Forge National Historical Park General Management Plan, Environmental Impact Statement

AGENCY: National Park Service,
Department of the Interior

ACTION: Notice of Intent to prepare an
Environmental Impact Statement for the
Valley Forge National Historical Park
General Management Plan.

SUMMARY: Under the provisions of the
National Environmental Policy Act, the
National Park Service is preparing an
Environmental Impact Statement for the
Valley Forge National Historical Park
General Management Plan. This
Environmental Impact Statement will be
approved by the Northeast Regional
Director.

Valley Forge National Historical Park
was authorized by Congress, Public Law
94-337, on July 4, 1976. As required, a
General Management Plan was prepared
and released in September 1982. NPS
policy requires that such plans be
prepared every 15-20 years. The 1982

plan has numerous deficiencies and left
the park without appropriate
management tools for resources and
recreational use.

The park lies at the center of the
wealthiest and most urbanized region of
Pennsylvania, just beyond Philadelphia.
Its visitation is mostly regional, and it
is treasured more as an outstanding
recreational and open space resource
than as a cultural resource. Its 3400
acres lie in two counties and five
municipalities; each jurisdiction has a
distinct governance, planning, and
zoning structure. The GMP process will
begin in FY 02. It will address the
following:

- The public's lack of understanding
and appreciation for the cultural
resources and values of the park, and of
the park's mission;
- The need for consensus on defining
and managing recreational use in the
park;
- A strategic approach to
management of the park's cultural
resources, including landscapes,
earthworks and structures;
- Mitigation of pressures on the park
resources resulting from rapid
residential and commercial
development of areas surrounding the
park; and
- Strategies for appropriate
partnership opportunities that can
enhance the park's visitor services.

A scoping meeting will be scheduled,
and notice will be made of the meeting
through a broad public mailing and
publication of meeting notices in local
newspapers. A newsletter introducing
the project to the public will be done.
Copies of the newsletter will be
available by request to the
Superintendent, Valley Forge National
Historical Park at the phone number
below or by email to
VAFO_Superintendent@nps.gov.

FOR FURTHER INFORMATION, CONTACT:
Contact Superintendent, Valley Forge
National Historical Park, 610-783-1000
or at VAFO_Superintendent@nps.gov.

Dated: January 11, 2002.

Marie Rust,

Regional Director, Northeast Region.

BILLING CODE 4310-70-P

DEPARTMENT OF JUSTICE

Notice of Lodging of Consent Decree Under the Clean Air Act

Under 28 CFR 50.7, notice is hereby
given that on March 13, 2002, a
proposed Consent Decree in *United
States v. Boise Cascade Corporation*,

(Civil No. CV 02-311ST), was lodged
with the United States District Court for
the District of Oregon. The Consent
Decree resolves claims on behalf of the
United States Environmental Protection
Agency ("EPA") and the State of
Louisiana against the Boise Cascade
Corporation ("Boise Cascade"). The
Complaint, which was filed
simultaneously with the lodging of the
Decree, alleged violations of the
Prevention of Significant Deterioration
("PSD") requirements of Part C of the
Clean Air Act (the "CAA"), 42 U.S.C.
7470-7492, and the regulations
promulgated thereunder at 40 CFR 52.21
(the "PSD Rules") at eight plywood and
particle board plants operated by Boise
Cascade.

Under the Consent Decree, Boise
Cascade is required to install state-of-
the-art air pollution control equipment
over the next three years at its Medford
and Elgin, Oregon operations, and the
Florien and Oakdale plants in
Louisiana. In addition, the company
must select one of three pollution
control options to reduce volatile
organic compound emissions (VOCs)
from its particle board facility in Island
City, Oregon. The company will spend
an estimated \$15 million to implement
these compliance measures. The
company will also pay \$4.35 million in
civil penalties and, under the
settlement, Boise Cascade will be
installing another \$2.9 million in
supplemental controls to reduce
emissions at the Yakima and Kettle
Falls, Washington plants, and to control
certain units at the Medford, Oregon
plywood facility. The state of Louisiana
joined in the settlement and will receive
a \$250,000 share in the penalties.

The Department of Justice will receive
for a period of thirty (30) days from the
date of this publication comments
relating to the Consent Decree.
Comments should be addressed to the
Assistant Attorney General,
Environment and Natural Resources
Division, P.O. Box 7611, U.S.
Department of Justice, Washington, D.C.
20044-7611, and refer on its face to
*United States v. Boise Cascade
Corporation*, D.J. Ref. 90-5-2-1-06414.

The Consent Decree may be examined
at the Office of the United States
Attorney, District of Oregon, 1000 SW
Third Ave., Suite 600, Portland, OR
97204-2902, and at EPA Region 10,
Office of Air Quality, 1200 Sixth
Avenue OAQ-107, Seattle, Washington.
A copy of the Consent Decree may also
be obtained by mail from the Consent
Decree Library, P.O. Box 7611, U.S.
Department of Justice, Washington, D.C.
20044-7611 or by faxing a request to
Tonia Fleetwood, fax no. (202) 514-
