

opening cross. Since the Exchange routes to multiple trading centers for the opening cross, such as NYSE, the Exchange proposes to amend the description of the "O" flag to state that it applies to orders routed to the primary exchange's opening cross.

The Exchange proposes to add an additional rebate and corresponding new flag to its fee schedule. Orders that are routed to BATS BYX Exchange that remove liquidity using order types ROUC or ROBY will yield a "BY" flag and be rebated \$0.0003 per share.

Finally, the Exchange proposes to clarify in the Flag K description that the BATS Exchange referred to is the BATS BZX Exchange.

EDGX Exchange proposes to implement these amendments to the Exchange fee schedule on December 1, 2010.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the objectives of Section 6 of the Act,⁴ in general, and furthers the objectives of Section 6(b)(4),⁵ in particular, as it is designed to provide for the equitable allocation of reasonable dues, fees and other charges among its members and other persons using its facilities. The Exchange notes that it operates in a highly competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive. The proposed rule change reflects a competitive pricing structure designed to incent market participants to direct their order flow to the Exchange. The Exchange believes that the proposed rates are equitable in that they apply uniformly to all Members. The Exchange believes the fees and credits remain competitive with those charged by other venues and therefore continue to be reasonable and equitably allocated to Members.

B. Self-Regulatory Organization's Statement on Burden on Competition

The proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any

unsolicited written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3) of the Act⁶ and Rule 19b-4(f)(2)⁷ thereunder. At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in Sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange's fee schedule contains a current list of routing options. The Exchange proposes to amend this schedule to add certain new routing options, effective upon filing with the Commission. The Exchange intends to implement the rule change on or about December 1, 2010.

The Exchange proposes to introduce the ROBX and ROBY routing options and add these to its routing table, which is part of the Exchange fee schedule.

The Exchange proposes to add the following descriptions of the ROBY and ROBX routing strategies to its routing table: For the ROBY strategy, the order sweeps the EDGX book and routes to BATS BYX Exchange as an immediate or cancel (IOC) order, with the remainder being cancelled if there is no execution. For the ROBX strategy, the order sweeps the EDGX book and routes to Nasdaq BX Exchange as an immediate or cancel (IOC) order, with the remainder being cancelled if there is no execution.

The Exchange believes that the proposed introduction of the ROBX and ROBY routing strategies will provide market participants with greater flexibility in routing orders, without having to develop their own complicated routing strategies.

Finally, the Exchange proposes to clarify in the description of the ROBA routing strategy that the BATS Exchange referred to is the BATS BZX Exchange.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b)(5) of the Act,³ which requires the rules of an exchange to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest. The proposed change to introduce the ROBX and ROBY routing options will provide market participants with greater flexibility in routing orders without developing complicated order routing strategies on their own. In addition, it will provide additional clarity and specificity to the Exchange's fee schedule regarding routing strategies and will further enhance transparency with respect to Exchange routing offerings.

B. Self-Regulatory Organization's Statement on Burden on Competition

The proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (1) Significantly affect the protection of investors or the public interest; (2) impose any significant burden on competition; and (3) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁴ and Rule 19b-4(f)(6) thereunder.⁵

³ 15 U.S.C. 78f(b)(5).

⁴ 15 U.S.C. 78s(b)(3)(A).

⁵ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6) requires the Exchange to give the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date on which the Exchange filed the proposed rule change, or such shorter time as designated by the Commission. The Commission has waived the five-day pre-filing requirement.

A proposed rule change filed under Rule 19b-4(f)(6) normally may not become operative prior to 30 days after the date of filing.⁶ However, Rule 19b-4(f)(6)⁷ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the 30-day operative delay so that the proposal may become operative upon filing. The Commission notes (i) The proposal could provide market participants with more options to route orders; (ii) it presents no novel issues; and (iii) it may provide a benefit to market participants. For these reasons, the Commission believes it is consistent with the protection of investors and the public interest to waive the 30-day operative delay, and hereby grants such waiver.⁸

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-63479; File No. SR-NYSE-2010-80]

Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Amending NYSE Rule 128, Which Governs Clearly Erroneous Executions, To Extend the Effective Date of the Pilot

December 9, 2010.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the "Act")² and Rule 19b-4 thereunder,³ notice is hereby given that on December

7, 2010, New York Stock Exchange LLC ("NYSE" or the "Exchange") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend NYSE Rule 128, which governs clearly erroneous executions, to extend the effective date of the pilot by which portions of such Rule operate until the earlier of approval by the Securities and Exchange Commission ("SEC" or "Commission") to make such pilot permanent or April 11, 2011. The text of the proposed rule change is available at the Exchange, the Commission's Public Reference Room, <http://www.sec.gov>, and <http://www.nyse.com>.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend NYSE Rule 128, which governs clearly erroneous executions, to extend the effective date of the pilot by which portions of such Rule operate, until the earlier of Commission approval to make such pilot permanent or April 11, 2011. The pilot is currently scheduled to expire on December 10, 2010.⁴

On September 10, 2010, the Commission approved, on a pilot basis, market-wide amendments to exchanges' rules for clearly erroneous executions to set forth clearer standards and curtail

discretion with respect to breaking erroneous trades. In connection with this pilot initiative, the Exchange amended NYSE Rule 128(c), (e)(2), (f), and (g). The amendments provide for uniform treatment of clearly erroneous execution reviews (1) in Multi-Stock Events⁵ involving twenty or more securities, and (2) in the event transactions occur that result in the issuance of an individual security trading pause by the primary market and subsequent transactions that occur before the trading pause is in effect on the Exchange.⁶ The amendments also eliminated appeals of certain rulings made in conjunction with other exchanges with respect to clearly erroneous transactions and limited the Exchange's discretion to deviate from Numerical Guidelines set forth in the Rule in the event of system disruptions or malfunctions.

If the pilot were not extended, the prior versions of paragraphs (c), (e)(2), (f), and (g) of Rule 128 would be in effect, and the NYSE would have different rules than other exchanges and greater discretion in connection with breaking clearly erroneous transactions. The Exchange proposes to extend the pilot amendments to NYSE Rule 128 until the earlier of permanent approval by the Commission or April 11, 2011 in order to maintain uniform rules across markets and allow the pilot to continue to operate without interruption during the same period that the Rule 80C trading pause rule pilot is also in effect. Extension of the pilot would permit the Exchange, other national securities exchanges and the Commission to further assess the effect of the pilot on the marketplace, including whether additional measures should be added, whether the parameters of the rule should be modified or whether other initiatives should be adopted in lieu of the current pilot.

2. Statutory Basis

The proposed rule change is consistent with Section 6(b)⁷ of the Act, in general, and furthers the objectives of Section 6(b)(5)⁸ in particular in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of

⁵ Terms not defined herein are defined in NYSE Rule 128.

⁶ Separately, the Exchange has proposed extend the effective date of the trading pause pilot under NYSE Rule 80C, which requires the Exchange to pause trading in an individual security listed on the Exchange if the price moves by 10% as compared to prices of that security in the preceding five-minute period during a trading day.
