Overview of This Information Collection

1. *Type of Information Collection:* Extension of a currently-approved collection.

2. *The Title of the Form/Collection:* Hate Crime Incident Report.

3. *The agency form number, if any, and the applicable component of the Department sponsoring the collection:* The form number is 1–700. The applicable component within the DOJ is the CJIS Division of the FBI.

4. *Affected public who will be asked or required to respond, as well as a brief abstract:*

Primary: Federal, state, local, and tribal law enforcement agencies (LEAs).

Abstract: Under Title 28, United States Code (U.S.C.), Section (§) 534, subsections (a) and (c); the Hate Crime Statistics Act, 34 U.S.C., § 41305, modified by the Matthew Shepard and James Byrd, Jr., Hate Crimes Prevention Act (2009), Public Law, § 4708; and the Uniform Federal Crime Reporting Act of 1988, 34 U.S.C. 41303, this information collection requests hate crime data from LEAs in order for the FBI UCR Program to serve as the national clearinghouse for the collection and dissemination of hate crime data and to publish these statistics annually in *Hate Crime Statistics* and the *National Incident-Based Reporting System*. The hate crime data provide information about the bias motivation, offenses, victims, offenders, and locations of hate crime incidents.

5. *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* The estimated number of LEAs submitting monthly data to the FBI UCR Program is 15,588. Annually, those LEAs submit a total of 187,056 responses (15,588 LEAs × 12 months = 187,056 annual responses). The estimated time it takes for an average respondent to respond is seven minutes. Therefore, the estimated annual public burden associated with the Hate Crime Data Collection is 21,823 hours [(187,056 annual responses × 7 minutes per response)/60 minutes per hour = 21,823.2 total annual hours].
