When ordering documents from BCPI, please provide the appropriate FCC document number, for example, DA 12–236 for this Public Notice. The *Public Notice* and related documents also are available on the Internet at the Commission's Web site: <http://wireless.fcc.gov/auctions/901/> or by using the search function for AU Docket No. 12–25 on the Commission's Electronic Comment Filing System (ECFS) Web page at <http://www.fcc.gov/cgb/ecfs/>.

1. The Wireless Telecommunications and Wireline Competition Bureaus (the Bureaus) extend the deadline for filing comments and reply comments on census block eligibility challenges. Interested parties should file comments challenging the Bureaus' determinations with respect to the potential eligibility of specific census blocks for Mobility Fund Phase I support by March 16, 2012. Reply comments on such challenges should be filed no later than March 26, 2012. With respect to all other issues in this proceeding, the comment and reply comment deadlines are unchanged and respectively remain February 24, 2012, and March 9, 2012.

2. On February 2, 2012, the Bureaus released the *Auction 901 Comment Public Notice*, 77 FR 7152, February 10, 2012, which seeks comment on auction procedures and certain related program requirements for Auction 901, a reverse auction to award \$300 million in one-time Mobility Fund Phase I support, scheduled for September 27, 2012. Auction 901 will award Mobility Fund Phase I support to carriers that commit to provide 3G or better mobile voice and broadband services in census blocks where such services are unavailable.

3. As required by the Commission in the *USF/ICC Transformation Order*, 76 FR 73830, November 29, 2011 and 76 FR 81562, December 28, 2011, the Bureaus announced in the *Auction 901 Comment Public Notice* that they would use January 2012 American Roamer data to determine the availability of 3G or better service at the centroid of individual census blocks. Because the Bureaus had not concluded their analysis of the January 2012 American Roamer data, they provided a preliminary list of such blocks based on their analysis of earlier data. On February 10, 2012, the Bureaus released the updated list of census blocks potentially eligible for Mobility Fund Phase I support, based on January 2012 American Roamer data. The *Auction 901 Comment Public Notice* asked commenters to identify any census blocks that should be added or

subtracted from the updated list of potentially eligible census blocks and provide supporting evidence for their assertions. The *Auction 901 Comment Public Notice* stated that the Bureaus would consider such challenges only in the form of comments to that Public Notice.

4. On February 13, 2012, the Commission received two motions requesting additional time for the review of the American Roamer data and the filing of census block eligibility challenges. The Bureaus found that a limited extension of time for the consideration of census block eligibility challenges will serve the public interest and will not prejudice any interested party given the issues involved in identifying potentially eligible census blocks and in light of the Bureaus recent release of an updated list of potentially eligible blocks based on January 2012 American Roamer data. The Bureaus therefore extended to March 16, 2012, the deadline for filing comments challenging the potential eligibility of particular census blocks for Mobility Fund Phase I Funding and the reply comment deadline to March 26, 2012.
