## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Centers for Disease Control and Prevention

#### [Program Announcement 01101]

#### Health Promotion and Disease Prevention Research Centers Cooperative Agreement; Notice of Availability of Funds

##### A. Purpose

The Centers for Disease Control and Prevention (CDC) announces the availability of fiscal year (FY) 2001 funds for a cooperative agreement program to fund up to two Health Promotion and Disease Prevention Research Centers (PRCs). This program addresses the "Healthy People 2010" focus area of Educational and Community-Based Programs.

The purpose of the PRC program is to support health promotion and disease prevention research that (1) focuses on the major causes of death and disability; (2) improves public health practice within communities; and (3) cultivates more effective state and local public health programs.

##### B. Eligible Applicants

Applications may be submitted by schools of public health, schools of medicine or osteopathy with an accredited Preventive Medicine Residency that have:

1. A multidisciplinary faculty with expertise in public health and which has working relationships with relevant groups in such fields as medicine, psychology, nursing, social work, education and business;
2. Graduate training programs relevant to disease prevention;
3. A core faculty in epidemiology, biostatistics, social sciences, behavioral and environmental sciences, and health administration; and
4. A demonstrated curriculum in disease prevention.

**Note:** Title 2 of the United States Code, Chapter 26, Section 1611 states that an organization described in section of the 501(c)(4) of the Internal Revenue Code of 1986 that engages in lobbying activities is not eligible to receive Federal funds constituting an award, grant, cooperative agreement, contract, loan, or any other form.

##### C. Availability of Funds

Approximately \$1,434,000 is available in FY 2001 to fund up to two PRCs at approximately \$717,000 per center. It is expected that the awards will begin on or about September 30, 2001, and will be made for a 12-month budget period within a project period of up to two years. Funding estimates may change. Continuation awards within an approved project period will be made on the basis of satisfactory progress as evidenced by required reports and the availability of funds.

##### Direct Assistance

You may request Federal personnel, in lieu of a portion of financial assistance (see Application Content).

##### D. Program Requirements

In conducting activities to achieve the purpose of this program, the recipients will be responsible for the activities under 1. (Recipient Activities), and CDC will be responsible for the activities under 2. (CDC Activities).

##### 1. Recipient Activities

- a. Select a research theme that will serve as a focus for Prevention Research activities.
- b. Develop the administrative structure and recruit staff to implement a Prevention Research Center plan.
- c. Conduct and evaluate a research or demonstration project in health promotion and disease prevention or preventive health services research, within a defined community or special population. The project must reflect the needs of the community within the applicant's jurisdiction and show evidence of having used an appropriate, collaborative planning process with community partners in determining project selection and implementation.
- d. Specify how the research project will advance the translation of research into improved public health practice.
- e. Establish an advisory committee to provide input on the major program activities. Membership may include but is not limited to a variety of local health-care providers, health and education agency officials, community leaders and organizers, and representatives of local businesses, religious organizations, voluntary organizations, and consumers.
- f. Establish collaborative activities with appropriate organizations, individuals, and State and local health departments.
- g. Establish the capacity to implement and evaluate multidisciplinary, professional training programs in prevention research or to conduct applied community-based training in
