

pulmonary function testing in the cotton industry. Successful completion of a NIOSH-approved course is mandatory under the Standard. To carry out its responsibility, NIOSH maintains a Pulmonary Function Testing Course Approval Program. The program consists of an application submitted by potential sponsors (universities, hospitals, and private consulting firms) who seek NIOSH approval to conduct courses, and if approved, notification to NIOSH of any course or faculty changes during the approval period, which is limited to five years. The application form and added materials, including an agenda, curriculum vitae, and course materials are reviewed by NIOSH to determine if the applicant has

developed a program which adheres to the criteria required in the Standard. Following approval, any subsequent changes to the course are submitted by course sponsors via letter or e-mail and reviewed by NIOSH staff to assure that the changes in faculty or course content continue to meet course requirements. Course sponsors also voluntarily submit an annual report to inform NIOSH of their class activity level and any faculty changes. Sponsors who elect to have their approval renewed for an additional 5 year period submit a renewal application and supporting documentation for review by NIOSH staff to ensure the course curriculum meets all current standard requirements. Approved courses that elect to offer

NIOSH-Approved Spirometry Refresher Courses must submit a separate application and supporting documents for review by NIOSH staff. Institutions and organizations throughout the country voluntarily submit applications and materials to become course sponsor and carry out training. Submissions are required for NIOSH to evaluate a course and determine whether it meets the criteria in the Standard and whether technicians will be adequately trained as mandated under the Standard. The estimated annual burden to respondents is 197 hours.

There will be no costs to respondents other than their time.

Proposed Information Collection Activity; Comment Request

Proposed Project:

Title: Communities Empowering Youth Evaluation Study.

OMB No.: New Collection.

Description: The information collection activity proposed under this notice will obtain information about lead and partner organizations funded under the Communities Empowering Youth (CEY) program. The information collected will complement a survey (OMB No. 0970-0335) that is examining the organizational and partnership capacity building experienced by organizations funded under the CEY program. The proposed information collection will allow in-depth examination of a select number of lead organizations and their partners.

Information collection will be through on-site observations of organizations and partnerships and structured discussions with key staff, using uniform protocols. On-site information collection will occur three times: near the beginning, at the mid point, and at the end of the three-year CEY grant period. Periodic telephone follow-ups may be conducted as necessary between on-site data collection in order to clarify or update information collected earlier and to prepare for future site visits.

Respondents: Executive directors and key staff of faith based and community organizations that received three-year CEY grants beginning in 2007.

ANNUAL BURDEN ESTIMATES

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
Lead Organization Executive Director	10	1	2.5	25
Lead Organization Key Staff	20	1	1.5	30
Partner Organization Executive Director	60	1	2.5	150
Partner Organization Key Staff	60	1	1.5	90
Estimated Total Annual Burden Hours				295

In compliance with the requirements of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the

Administration for Children and Families is soliciting public comment on the specific aspects of the

information collection described above. Copies of the proposed collection of information can be obtained and

comments may be forwarded by writing to the Administration for Children and Families, Office of Administration, Office of Information Services, 370 L'Enfant Promenade, SW., Washington, DC 20447. Attn: ACF Reports Clearance Officer. E-mail address: OPREInfoCollection@acf.hhs.gov. All requests should be identified by the title of the information collection.

The Department specifically requests comments on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents. Consideration will be given to comments and suggestions submitted within 60 days of this publication.

Proposed Projects:

Title: HHS/ACF/OPRE Head Start Classroom-based Approaches and Resources for Emotion and Social skill promotion (CARES) project: Site Recruitment Materials.

OMB No.: New Collection.

Description: The Head Start Classroom-based Approaches and Resources for Emotion and Social skill promotion (CARES) project will evaluate program enhancements within Head Start settings serving three- and four-year-old children. This project focuses on identifying the central

features of effective programs to provide the information Federal policy makers and Head Start providers will need if they are to increase Head Start's capacity to improve the social and emotional skills and school readiness of preschool-age children. The project is sponsored by the Office of Planning, Research and Evaluation (OPRE) of the Administration for Children and Families (ACF), part of the Department of Health and Human Services (HHS).

The Head Start CARES project will use a group-based randomized design to test the effects of several different evidence-based strategies designed to improve the social and emotional development of children in Head Start classrooms.

The purpose of the proposed information collection is to recruit Head Start grantees to participate in the project, through informing grantee staff about the project, soliciting their interest in participating, and collecting information to assess their programs' eligibility to participate in the project.

Respondents: Respondents will include staff in Head Start grantee and delegate agencies.
