| NOTE 1: The Medicare program payment is 80 percent of the total payment amount and beneficiary coinsurance is 20 percent of the total payment amount. Section 4104 of the Affordable Care Act (ACA) waives coinsurance for most preventive services, identified with a double asterisk (**).   |                  |                           |                           |                        |                 |  |
| NOTE 2: Payment indicators for radiology services (ZZ, Z3) are based on a comparison of the final rates according to the ASC standard ratesetting methodology and the MPFS. At the time we compiled this addenda, current law requires a negative update to the MPFS payment rates for CY 2011. For a discussion of those rates, we refer readers to the CY 2011 MPFS proposed rule. |                  |                           |                           |                        |                 |  |
