

these individuals do not count toward the Response Systems Panel's total membership nor do they have voting privileges. In addition, these subject matter experts, when appointed, shall not participate in any discussions dealing with the substantive matters before the Response Systems Panel or its subcommittees. The DoD, when necessary and consistent with the Response Systems Panel's mission and DoD policies and procedures, may establish subcommittees, task forces, or working groups to support the Response Systems Panel. Establishment of subcommittees will be based upon a written determination, to include terms of reference, by the Secretary of Defense, the Deputy Secretary of Defense, or the DoD General Counsel as the DoD Sponsor.

These subcommittees shall not work independently of the Response Systems Panel and shall report all of their recommendations and advice to the Response Systems Panel for full deliberation and discussion. Subcommittees, task forces, or working groups have no authority to make decisions and recommendations, verbally or in writing, on behalf of the Response Systems Panel. No subcommittee or any of its members can update or report, verbally or in writing, on behalf of the Response Systems Panel directly to the DoD or any Federal officer or employee. The Secretary of Defense shall appoint subcommittee members even if the member in question is already a member of the Response Systems Panel. Such individuals, if not full-time or part-time government personnel, shall be appointed as experts or consultants under the authority of 5 U.S.C. 3109 to serve as SGE members. Subcommittee members shall serve for the life of the subcommittee. With the exception of travel and per diem for official travel related to the Response Systems Panel or its subcommittees, subcommittee members shall serve without compensation.

All subcommittees operate pursuant to the provisions of FACA, the Sunshine Act, governing Federal statutes and regulations, and established the DoD policies and procedures. The Response Systems Panel's Designated Federal Officer (DFO), pursuant to the DoD policy, shall be a full-time or permanent part-time DoD employee, and shall be appointed, in accordance with governing the DoD policies and procedures.

In addition, the Response Systems Panel's DFO is required to be in attendance at all meetings of the Response Systems Panel and its

subcommittees for the entire duration of each and every meeting. However, in the absence of the Response Systems Panel's DFO, a properly approved Alternate DFO, duly appointed to the Response Systems Panel according to the DoD policies and procedures, shall attend the entire duration of the Response Systems Panel and its subcommittee meetings.

The DFO, or the Alternate DFO, shall approve all of the meetings of the Response Systems Panel and its subcommittees called by the Chair; prepare and approve all meeting agendas; and adjourn any meeting when the DFO or the Alternate DFO determines adjournment to be in the public interest or required by governing regulations or the DoD policies and procedures. Pursuant to 41 CFR 102-3.105(j) and 102-3.140, the public or interested organizations may submit written statements to the Response Systems to Adult Sexual Assault Crimes Panel membership about the Response System Panel's mission and functions. Written statements may be submitted at any time or in response to the stated agenda of planned meeting of Response Systems to Adult Sexual Assault Crimes Panel.

All written statements shall be submitted to the Designated Federal Officer for the Response Systems to Adult Sexual Assault Crimes Panel, and this individual will ensure that the written statements are provided to the membership for their consideration. Contact information for the Response Systems to Adult Sexual Assault Crimes Panel's Designated Federal Officer can be obtained from the GSA's FACA Database—<https://www.fido.gov/facadatabase/public.asp>. The Designated Federal Officer, pursuant to 41 CFR 102-3.150, will announce planned meetings of the Response Systems to Adult Sexual Assault Crimes Panel. The Designated Federal Officer, at that time, may provide additional guidance on the submission of written statements that are in response to the stated agenda for the planned meeting in question.

#### Final Environmental Impact Statement for the Real Property Master Plan at the Presidio of Monterey, CA

**AGENCY:** Department of the Army, DoD.

**ACTION:** Notice of availability.

**SUMMARY:** The Department of the Army announces the availability of the Final Environmental Impact Statement (EIS) for the Real Property Master Plan (RPMP) at the Presidio of Monterey (POM). The Final EIS analyzes and evaluates the potential environmental and socioeconomic impacts associated with proposed development at two properties: the POM and the Ord Military Community (OMC), collectively referred to as the POM Installation.

**DATES:** The Army will execute a record of decision no earlier than 30 days after publication of the NOA in the **Federal Register** by the U.S. Environmental Protection Agency.

**ADDRESSES:** Correspondence or questions regarding the Final EIS should be forwarded to U.S. Army Garrison, Directorate of Public Works, Master Planning Division (Attention: Robert Guidi), P.O. Box 5004, Presidio of Monterey, CA 93944-5004, or emailed to [robert.g.guidi.civ@mail.mil](mailto:robert.g.guidi.civ@mail.mil). For media inquiries, please contact Daniel Carpenter, Presidio of Monterey Public Affairs, at [presidiopao@gmail.com](mailto:presidiopao@gmail.com).

**FOR FURTHER INFORMATION CONTACT:** Mr. Robert Guidi at (831) 242-7928 or via email at [robert.g.guidi.civ@mail.mil](mailto:robert.g.guidi.civ@mail.mil).

**SUPPLEMENTARY INFORMATION:** The Proposed Action is intended to meet the ongoing mission requirements of the installation by implementing both short-range and long-range projects. Proposed facility improvements and phased construction are designed to sustain and enhance the professional standards established by the Defense Language Institute Foreign Language Center (DLIFLC). Facilities, construction, improvements, renovations, replacements and upgrades ensure students, faculty, staff, military service members, and their Families would have modern facilities consistent with Army standards well into the 21st Century. The overall goal is to improve the learning environment and quality of life at the POM installation.

The Final EIS identifies proposed development projects to be implemented over a 20-year planning horizon. There is one short-range project (POM Barracks Complex Phase I) scheduled to begin in late 2013. Construction of the long-range projects

is projected between 2018 and 2025, extending out to 2030. Long-range projects include barracks, classrooms, other instructional buildings, facilities renovations, access control point (i.e., gates) upgrades, infrastructure modernization and other projects.

Three alternatives are analyzed in the Final EIS:

(1) Alternative 1—POM Centric. Under the POM Centric Alternative (Preferred Alternative), the majority of the proposed projects, such as barracks, classrooms and a dining facility, occur on the POM. Several new support facilities, such as the combined fire and police Emergency Services Center, are planned at the OMC. The Preferred Alternative preserves the centralized campus desired by the DLIFLC.

(2) Alternative 2—POM and OMC. Under the POM and OMC Alternative, new construction is proposed at both locations. Some of the new classrooms and housing facilities are planned at the OMC instead of the POM. New construction is limited to Army-owned land on the OMC and in close proximity to the existing military housing.

(3) No Action. Under the No-Action Alternative, the POM installation continues to operate under the existing but outdated 1983 Master Plan without modern or upgraded facilities. This Alternative provides the environmental baseline conditions for comparing the impacts associated with the other two alternatives.

The Final EIS addresses impacts from implementation of the Proposed Action to 16 resource areas. Impacts range from beneficial to no effect to significant. There could be significant impacts to cultural resources from the long-range projects, which are analyzed in the document at a programmatic level. The POM Installation has conducted and will engage in appropriate consultation under the National Historic Preservation Act. As project planning and design progresses, there could be requirements for supplemental environmental documentation and regulatory compliance, including adoption of mitigation measures. There are less than significant impacts to other resources. The EIS identifies mitigation to lessen the adverse impacts. Several changes to the proposed projects and to the Final EIS result from public and agency comments. These changes lessen the impacts on natural resources. Facilities are also planned to Leadership in Energy and Environmental Design standards to conserve resources.

The U.S. Army plans to issue a Record of Decision following a 30-day waiting period.

Copies of the Final EIS are available at public libraries in the cities of Monterey, Pacific Grove and Seaside, and the Chamberlain Library on the OMC. An electronic version of the Final EIS can be viewed or downloaded from the POM Web site at [http://www.monterey.army.mil/DPW/env\\_assessment.html](http://www.monterey.army.mil/DPW/env_assessment.html).
