Finished Carbon Steel Flanges From India: Final Results of Countervailing Duty Administrative Review; 2020

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that countervailable subsidies are being provided to producers and exporters of finished carbon steel flanges (flanges) from India during the period of review (POR), January 1, 2020, through December 31, 2020.

DATES: Applicable December 15, 2022.

FOR FURTHER INFORMATION CONTACT:

James Hepburn or Preston Cox, AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-1882 or (202) 482-5041, respectively.

SUPPLEMENTARY INFORMATION:

Background

On September 8, 2022, Commerce published the preliminary results of this administrative review in the **Federal Register**.¹ Although we invited interested parties to comment on the *Preliminary Results*,² we received no comments. Accordingly, no decision memorandum accompanies this **Federal Register** notice, and no changes have been made in the final results of this review. The *Preliminary Results* and the PDM have been adopted as the final results.

Scope of the Order

The merchandise covered by the scope is flanges. For a complete description of the scope, see Appendix I.

Final Results of Administrative Review

For the period January 1, 2020, through December 31, 2020, we determine that the following net subsidy rates exist:

Company	Subsidy rate (percent <i>ad valorem</i>)
Norma (India) Ltd. ³	4.21
R.N. Gupta & Co. Ltd.	3.61
Companies Not Selected for Individual Examination ⁴	3.88

Disclosure

Normally, Commerce discloses to interested parties the calculations performed in connection with the final results of review within five days of a public announcement or, if there is no public announcement, within five days of the date of publication of the notice of final results in the **Federal Register**, in accordance with 19 CFR 351.224(b). However, because we have made no changes from the *Preliminary Results*, there are no calculations to disclose.

Assessment Rates

Consistent with section 751(a)(2)(C) of the Tariff Act of 1930, as amended (the Act) and 19 CFR 351.212(b)(2), upon completion of the administrative review, Commerce shall determine, and

¹ See *Finished Carbon Steel Flanges from India: Preliminary Results of Countervailing Duty Administrative Review; 2020*, 87 FR 54963 (September 8, 2022) (*Preliminary Results*) and accompanying Preliminary Decision Memorandum (PDM).

² *Id.* at 54964.

³ In this administrative review, Commerce found the following companies to be cross-owned with Norma (India) Ltd.: USK Export Private Limited; Uma Shanker Khandelwal and Co.; and Bansidhar Chiranjilal. See *Preliminary Results* PDM at 6; this finding is unchanged in these final results. This rate applies to all cross-owned companies.

⁴ See Appendix II.

U.S. Customs and Border Protection (CBP) shall assess, countervailing duties on all appropriate entries covered by this review. Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

Pursuant to section 751(a)(2)(C) of the Act, Commerce also intends to instruct CBP to collect cash deposits of estimated countervailing duties in the amounts shown above for the above-listed companies for shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of these final results of this administrative review. For all non-reviewed firms, we will instruct CBP to continue to collect cash deposits of estimated countervailing duties at the most recent company-specific or all-others rate applicable to the company, as appropriate. These cash deposit requirements, effective upon publication of these final results, shall remain in effect until further notice.

Administrative Protective Orders

This notice also serves as a final reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing these final results in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221(b)(5).

Dated: December 9, 2022.

Lisa W. Wang,

Assistant Secretary for Enforcement and Compliance.

Appendix I

Scope of the Order

The scope of this order covers finished carbon steel flanges. Finished carbon steel flanges differ from unfinished carbon steel flanges (also known as carbon steel flange

forgings) in that they have undergone further processing after forging, including, but not limited to, beveling, bore threading, center or step boring, face machining, taper boring, machining ends or surfaces, drilling bolt holes, and/or de-burring or shot blasting. Any one of these post-forging processes suffices to render the forging into a finished carbon steel flange for purposes of this order. However, mere heat treatment of a carbon steel flange forging (without any other further processing after forging) does not render the forging into a finished carbon steel flange for purposes of this order.

While these finished carbon steel flanges are generally manufactured to specification ASME B16.5 or ASME B16.47 series A or series B, the scope is not limited to flanges produced under those specifications. All types of finished carbon steel flanges are included in the scope regardless of pipe size (which may or may not be expressed in inches of nominal pipe size), pressure class (usually, but not necessarily, expressed in pounds of pressure, e.g., 150, 300, 400, 600, 900, 1500, 2500, etc.), type of face (e.g., flat face, full face, raised face, etc.), configuration (e.g., weld neck, slip on, socket weld, lap joint, threaded, etc.), wall thickness (usually, but not necessarily, expressed in inches), normalization, or whether or not heat treated. These carbon steel flanges either meet or exceed the requirements of the ASTM A105, ASTM A694, ASTM A181, ASTM A350 and ASTM A707 standards (or comparable foreign specifications). The scope includes any flanges produced to the above-referenced ASTM standards as currently stated or as may be amended. The term “carbon steel” under this scope is steel in which:

(a) Iron predominates, by weight, over each of the other contained elements;

(b) The carbon content is 2 percent or less, by weight; and

(c) none of the elements listed below exceeds the quantity, by weight, as indicated:

- (i) 0.87 percent of aluminum;
- (ii) 0.0105 percent of boron;
- (iii) 10.10 percent of chromium;
- (iv) 1.55 percent of columbium;
- (v) 3.10 percent of copper;
- (vi) 0.38 percent of lead;
- (vii) 3.04 percent of manganese;
- (viii) 2.05 percent of molybdenum;
- (ix) 20.15 percent of nickel;
- (x) 1.55 percent of niobium;
- (xi) 0.20 percent of nitrogen;
- (xii) 0.21 percent of phosphorus;
- (xiii) 3.10 percent of silicon;
- (xiv) 0.21 percent of sulfur;
- (xv) 1.05 percent of titanium;
- (xvi) 4.06 percent of tungsten;
- (xvii) 0.53 percent of vanadium; or
- (xviii) 0.015 percent of zirconium.

Finished carbon steel flanges are currently classified under subheadings 7307.91.5010 and 7307.91.5050 of the Harmonized Tariff Schedule of the United States (HTSUS). They may also be entered under HTSUS subheadings 7307.91.5030 and 7307.91.5070. The HTSUS subheadings are provided for convenience and customs purposes; the written description of the scope is dispositive.

Glycine From India: Final Results of Countervailing Duty Administrative Review; 2020

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that producers and exporters of glycine from India received countervailable subsidies during the period of review (POR), January 1, 2020, through December 31, 2020.

DATES: Applicable December 15, 2022.

FOR FURTHER INFORMATION CONTACT: Caitlin Monks or Scarlet Jaldin AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue

NW, Washington, DC 20230; telephone: (202) 482–2670 or (202) 482–4275, respectively.

SUPPLEMENTARY INFORMATION:

Background

On July 7, 2022, Commerce published the preliminary results of this administrative review in the **Federal Register** and invited interest parties to comment.¹ We received timely case briefs from the Government of India (GOI)² and GEO Specialty Chemicals, Inc. (the petitioner),³ and timely filed rebuttal briefs from the petitioner,⁴ and the mandatory respondents in this review, Avid Organics Private Limited (Avid)⁵ and Kumar Industries, India (Kumar).⁶ On September 29, 2022, Commerce extended the deadline for issuing these final results to December 9, 2022.⁷

Scope of the Order

The merchandise covered by the Order is glycine from India. For a complete description of the scope of the Order, see the Issues and Decision Memorandum.⁸

Analysis of Comments Received

All issues raised in interested parties' briefs are addressed in the Issues and Decision Memorandum accompanying this notice. A list of the issues raised by parties and discussed in the Issues and Decision Memorandum is provided as an appendix to this notice. Based on our analysis of the comments received from interested parties and record information, we made no changes from the *Preliminary Results*. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's
