

services. U.S. persons with combined transactions in excess of \$8 million (based on absolute value), would be required to disaggregate all transaction types by country and by relationship of the foreign transactor to the U.S. reporter (foreign affiliate, foreign parent group, or unaffiliated) on the mandatory schedule(s). On the current survey, the reporting requirements are applied for each transaction type separately. This change will align the survey's reporting requirements with those of the other quarterly services surveys conducted by BEA.

BEA also proposes to change the due date of the survey to 30 days after the close of each calendar quarter from 45 days for the three quarters that are not the final calendar quarter of the year. For the close of the final calendar quarter of the year, reports would be due 45 days after the close of the quarter instead of 90 days. Shortening the reporting timeline will allow BEA to produce more accurate and complete trade in services statistics in preliminary estimates of the ITAs, which is critical information for policymakers' timely decisions on international trade policy. The earlier due date will allow BEA to use more reported data for preliminary statistics, improving the accuracy of both the aggregates and the country detail, and reducing revisions in subsequent statistical releases. In addition, the proposed reporting deadlines are also consistent with the reporting deadlines of BEA's quarterly direct investment surveys.

BEA estimates there will be a small change in the number of respondents that would now be required to provide additional country and affiliation detail on the mandatory schedules due to the change in reporting requirements. Most quarterly respondents are large enough that they are already required to report detail on the mandatory schedules. BEA estimates that approximately 13 additional respondents would now be required to provide the additional detail that were not previously required to do so, and on average would report transactions with 3 countries.

The additional mandatory reporting for individual transactions previously below the reporting thresholds, resulting from the application of the threshold to combined transactions, should have a minimal impact on reporting burden for the reporters who will now be required to complete the mandatory schedules. Since these respondents represent only a small portion of the total number of reporters already filing full country and affiliation detail, and because BEA believes this

data is readily available in their existing accounting records, overall burden for completing the full survey with data will continue to average 9 hours per response.

BEA estimates there will be no change in burden hours per response as a result of the proposed change in survey due dates. While survey respondents will have to file earlier, the burden for the survey is unchanged because the same information will be required on the survey as in the past. The language in the instructions and definitions will be reviewed and adjusted as necessary to clarify survey requirements.

II. Method of Collection

BEA contacts potential respondents by mail at the end of each quarter. Respondents would be required to file the completed BE-45 forms within 30 days after the end of each calendar quarter that is not the final quarter of the year and within 45 days after the close of the final calendar quarter of the year. Reports would be required from each U.S. person that had combined transactions in the covered insurance services with foreign persons that exceeded \$8 million (based on absolute value), for the previous calendar year or are expected to exceed that amount during the current calendar year. Entities required to report will be contacted individually by BEA. Entities not contacted by BEA have no reporting responsibilities.

BEA offers its electronic filing option, the eFile system, for use in reporting on Form BE-45. For more information about eFile, go to www.bea.gov/efile. In addition, BEA posts all its survey forms and reporting instructions on its website, www.bea.gov/ssb. These may be downloaded, completed, printed, and submitted via fax or mail.

III. Data

OMB Control Number: 0608-0066.

Form Number(s): BE-45.

Type of Review: Regular submission.

Affected Public: Business or other for-profit organizations.

Estimated Number of Respondents: 2,200 annually (550 filed each quarter; 515 reporting mandatory data, and 35 that would file exemption claims or voluntary responses).

Estimated Time per Response: 9 hours is the average for those reporting data and one hour is the average for those filing an exemption claim. Hours may vary considerably among respondents because of differences in company size and complexity.

Estimated Total Annual Burden Hours: 18,680.

Estimated Total Annual Cost to Public: \$0.

Respondent's Obligation: Mandatory.

Legal Authority: International Investment and Trade in Services Survey Act (Pub. L. 94-472, 22 U.S.C. 3101-3108, as amended).

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (b) the accuracy of the Agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Sheleen Dumas,

Department PRA Clearance Officer, Office of the Chief Information Officer, Commerce Department.

Foreign-Trade Zones Board

[B-7-2021]

Foreign-Trade Zone (FTZ) 134—Chattanooga, Tennessee; Authorization of Production Activity; Wacker Polysilicon North America, LLC (Hydrophilic Fumed Silica); Charleston, Tennessee

On February 5, 2021, Wacker Polysilicon North America, LLC submitted a notification of proposed production activity to the FTZ Board for its facility within Subzone 134B, in Charleston, Tennessee.

The notification was processed in accordance with the regulations of the FTZ Board (15 CFR part 400), including notice in the **Federal Register** inviting public comment (86 FR 9321–9322, February 12, 2021). On June 7, 2021, the applicant was notified of the FTZ Board's decision that no further review of the activity is warranted at this time. The production activity described in the notification was authorized, subject to the FTZ Act and the FTZ Board's regulations, including Section 400.14.

Dated: June 7, 2021.

Andrew McGilvray,
Executive Secretary.

DEPARTMENT OF COMMERCE

International Trade Administration

[A–580–867]

Large Power Transformers From the Republic of Korea: Final Results of Antidumping Duty Administrative Review, Final Determination of No Shipments, and Final Successor-in-Interest Determination; 2018–2019

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) determines that Hyosung Heavy Industries Corporation (Hyosung) made sales of large power transformers from the Republic of Korea (Korea) at less than normal value during the period of review (POR) August 1, 2018, through July 31, 2019.

DATES: Applicable June 10, 2021.

FOR FURTHER INFORMATION CONTACT: John Drury, AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–0195.

SUPPLEMENTARY INFORMATION:

Background

On December 18, 2020, Commerce published the *Preliminary Results*.¹ A summary of the events that occurred since Commerce published these *Preliminary Results*, as well as a full discussion of the issues raised by parties for these final results, may be found in

the Issues and Decision Memorandum, which is hereby adopted by this notice.²

The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/index.html>.

On March 31, 2021, Commerce extended the deadline for these final results of review until June 4, 2021.³

Scope of the Order

The scope of this order covers large liquid dielectric power transformers (LPTs) having a top power handling capacity greater than or equal to 60,000 kilovolt amperes (60 megavolt amperes), whether assembled or unassembled, complete or incomplete. The merchandise subject to the order is currently classified in the Harmonized Tariff Schedule of the United States at subheadings 8504.23.0040, 8504.23.0080, and 8504.90.9540. For a complete description of the scope of the order, see the accompanying Issues and Decision Memorandum.

Final Determination of No Shipments

In the *Preliminary Results*, Commerce determined that LSIS Co. Ltd. (LSIS) had no shipments of subject merchandise during the POR.⁴ No party commented on this issue and because we have not received any information to contradict our preliminary finding, we continue to find that LSIS did not have any shipments of subject merchandise during the POR and intend to issue appropriate instructions to U.S. Customs and Border Protection (CBP) based on the final results of this review.

Final Successor-in-Interest Determination

In the *Preliminary Results*, Commerce determined that LS Electric Co., Ltd. (LS Electric) is the successor-in-interest to LSIS.⁵ As no party commented on this issue and because we have not received

any information to contradict our preliminary finding, we continue to find that LS Electric is the successor-in-interest to LSIS.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs by parties to this administrative review are addressed in the Issues and Decision Memorandum. For a list of the issues raised by parties, see the Appendix to this notice.

Changes Since the Preliminary Results

Based on our review of the record and comments received from interested parties, we made certain changes to the margin calculations for Hyosung.⁶ As a result of these changes, the weighted-average dumping margin also changes for the companies not selected for individual examination.

Final Results of the Review

The final weighted-average dumping margins are as follows:

Producer or exporter	Weighted-average dumping margin (percent)
Hyosung Heavy Industries Corporation	52.47
Hyundai Electric & Energy Systems Co., Ltd	52.47
Iljin Electric Co., Ltd	52.47
Iljin	52.47

Disclosure

We will disclose the calculations performed to parties in this proceeding within five days after the date of the public announcement of these final results of review, in accordance with 19 CFR 351.224(b).

Assessment Rate

Commerce shall determine, and CBP shall assess, antidumping duties on all appropriate entries.⁷ For any individually examined respondents whose weighted-average dumping margin is above *de minimis*, we calculated importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of dumping

⁶ See Issues and Decision Memorandum at Comment 3; see also Memorandum, "Analysis of Data Submitted by Hyosung Corporation in the Final Results of the 2018–2019 Administrative Review of the Antidumping Duty Order on Large Power Transformers from the Republic of Korea," dated concurrently with this notice.

⁷ In these final results, Commerce applied the assessment rate calculation method adopted in *Antidumping Proceedings: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Proceedings: Final Modification*, 77 FR 8101 (February 14, 2012).

¹ See *Large Power Transformers from the Republic of Korea: Preliminary Results of Antidumping Duty Administrative Review, 2018–2019; Preliminary Determination of No Shipments; and Preliminary Successor-in-Interest Determination*, 85 FR 82439 (December 18, 2020) (*Preliminary Results*).
