

## Background

The FHWA's Buy America policy in 23 CFR 635.410 requires a domestic manufacturing process for any steel or iron products (including protective coatings) that are permanently incorporated in a Federal-aid construction project. The regulation also provides for a waiver of the Buy America requirements when the application would be inconsistent with the public interest or when satisfactory quality domestic steel and iron products are not sufficiently available. This notice provides information regarding FHWA's finding that a Buy America waiver is appropriate for use of non-domestic Voith 21/R5 propulsion units to replace the existing propulsion units, Voith 24/65, which have reached the end of their useful life.

In accordance with Division K, section 122 of the "Consolidated and Further Continuing Appropriations Act, 2015" (Pub. L. 113–235), FHWA published a notice of intent to issue a waiver on its Web site (<http://www.fhwa.dot.gov/construction/contracts/waivers.cfm?id=112>) on August 18. The FHWA received no comments in response to the publication. During the 15-day comment period, FHWA conducted an additional review to locate potential domestic manufacturers of propulsion units that are equivalent to Voith 21/R5 units. Based on all the information available to the agency, FHWA concludes that there are no domestic manufacturers of propulsion units that are equivalent to Voith 21/R5 units.

In accordance with the provisions of section 117 of the SAFETEA–LU Technical Corrections Act of 2008 (Pub. L. 110–244, 122 Stat. 1572), FHWA is providing this notice as its finding that a waiver of Buy America requirements is appropriate. The FHWA invites public comment on this finding for an additional 15 days following the effective date of the finding. Comments may be submitted to FHWA's Web site via the link provided to the waiver page noted above.

This notice provides information regarding FHWA's finding that a Buy America waiver is appropriate for use of non-domestic motor and machinery brakes that meet American Association of State Highway Transportation Officials (AASHTO) Moveable Highway Bridge Design Specifications and Florida DOT Structures Design Guidelines for the Flagler Memorial Bridge Replacement Project, Palm Beach County, Florida.

In accordance with Division K, section 122 of the "Consolidated and Further Continuing Appropriations Act,

2015" (Pub. L. 113–235), FHWA published a notice of intent to issue a waiver on its Web site (<http://www.fhwa.dot.gov/construction/contracts/waivers.cfm?id=110>) on July 20. The FHWA received no comments in response to the publication. During the 15-day comment period, FHWA conducted an additional review to locate potential domestic manufacturers of motor and machinery brakes that meet AASHTO and Florida DOT standards. Based on all the information available to the agency, FHWA concludes that there are no domestic manufacturers of motor and machinery brakes that meet the specifications.

In accordance with the provisions of section 117 of the SAFETEA–LU Technical Corrections Act of 2008 (Pub.
