SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Leader, Regulatory Information Management Group, Office of the Chief Information Officer, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) title; (3) summary of the collection; (4) description of the need for, and proposed use of, the information; (5) respondents and frequency of collection; and (6) reporting and/or recordkeeping burden. OMB invites public comment.

Type of Review: Reinstatement.

Title: Annual Performance Report for the Upward Bound, Upward Bound Math/Science, and Veterans Upward Bound Programs.

Frequency: Annually.

Affected Public: Not-for-profit institutions (primary), State, local, or tribal gov't, SEAs or LEAs.

Reporting and Recordkeeping Hour Burden:

Responses: 950.

Burden Hours: 14,250.

Abstract: Upward Bound grantees must submit the report annually. The reports are used to evaluate the performance of grantees prior to awarding continuation funding and to assess a grantee's prior experience at the end of the budget period. The Department will also aggregate the data across grantees to provide descriptive information on the program and to analyze the impact of the program on

the academic progress of participating students.

Notice of Proposed Information Collection Requests

AGENCY: Department of Education.

SUMMARY: The Leader, Regulatory Information Management Group, Office of the Chief Information Officer, invites comments on the proposed information collection requests as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before August 23, 2004.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Leader, Regulatory Information Management Group, Office of the Chief Information Officer, publishes that notice containing proposed information collection requests prior to submission of these

requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment.

The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. QF04-50-000]

In Reply Refer To: Fountainview at College Road, Inc.

June 14, 2004.

Fountainview at College Road, Inc.,
Attention: John Vario, 2000
Fountainview Drive, Monsey, New York
10952.

CRM Energy Technologies, Attention: Robert
Wilson, 80 Red Schoolhouse Rd.,
Chestnut Ridge, NY 10977.

Dear Mr. Vario and Mr. Wilson:

1. The Commission finds that the self-certification as a qualifying facility (QF) submitted by the Fountainview at College Rd, Inc. (Fountainview) may no longer be relied upon, 18 CFR 292.207(d)(1)(i) (2003). Fountainview's filing with the Commission was incomplete, and Fountainview has not responded to repeated requests to provide the additional information needed to complete the filing.

2. On December 4, 2003, Fountainview submitted a notice of self-certification, containing a Form No. 556. According to Fountainview's filing, Fountainview owns a 500 kilowatt cogeneration facility located in Monsey, New York.

3. The owner or operator of a facility (or its representative) self-certifying must file with the Commission, and concurrently serve on each electric utility with which it expects to interconnect, transmit or sell electric energy to, or purchase supplementary, standby, back-up and maintenance power from, and the state regulatory authority of each state where the facility and each affected utility is located "a notice of self-certification which contains a *completed* Form 556." See 18 CFR 292.207(a) (2003) (emphasis added). As described below, Fountainview's notice of self-certification did not contain the required, completed Form No. 556.

4. The Form No. 556 submitted by CRM for Fountainview did not contain the following required information: a complete description of the ownership of the facility including a description of any ownership interest held by an electric utility or electric utility holding company or by a person owned by either; an address and telephone number for

communications regarding the filing; the electric utilities that are contemplated to transact with the qualifying facility (if known) and the services those electric utilities are expected to provide; utilities interconnecting with the facility and/or providing wheeling service; utilities purchasing the useful electric power output and utilities providing supplementary power, backup power, maintenance power, and/or interruptible power service; a description of the principal components of the facility; net and gross capacity; a discussion of the particular characteristics of the facility that might bear on the qualifying status; a mass and heat balance diagram; mechanical output; the number of hours of operation per year; the identity of the thermal host; and how the heat will be used.

5. Staff called Fountainview on December 16, 2003 and spoke to Mr. John Vario in an attempt to obtain information omitted from the filing. Mr. Vario directed staff to call CRM Energy Technologies (CRM) because CRM was responsible for building the proposed facility for Fountainview and because CRM had submitted the notice of self-certification on Fountainview's behalf. Staff then called Mr. Richard Bailey, CRM's president, and informed him that the filing was deficient. He said that CRM would address the deficiencies. When nothing was filed with the Commission, staff, between January and April of 2004, called both Fountainview and CRM on several occasions and spoke to Debbie Reinfried, Roland Biehle, Robert Wilson (CRM's General Manager), and John Vario. On March 3, 2004, staff, pursuant to delegated authority, issued a letter to CRM, asking CRM to answer all of the questions in Form No. 556, with a response due on or before March 18, 2004. See 18 CFR 375.307(l)(3) (2003). The letter was both mailed and faxed to CRM and Fountainview. Staff subsequently called CRM and verified that it had received the fax. After the response date had passed, staff called Robert Wilson two times, but to date neither a response to the letter nor an explanation for the delay has been filed.

6. If a qualifying facility fails to conform to any material facts or representations presented by the applicant in its submittal to the Commission, the notice of self-certification of qualifying status of the facility "may no longer be relied upon." See 18 CFR 292.207(d)(1)(i) (2003). Because Fountainview has failed to include the required, completed Form No. 556 with its filing, the Commission finds that Fountainview may not rely on the notice of self-certification it submitted in this docket.

7. If Fountainview desires QF status, Fountainview may file either a new notice of self-certification pursuant to the requirements of 18 CFR 292.207(a)(1) (2003), or an application for Commission certification pursuant to the requirements of 18 CFR 292.207(b) (2003). See 18 CFR 292.207(d)(1)(i) (2003). We caution that Fountainview's notice of self-certification, or alternatively its application for Commission certification, must contain all of the information required by the Commission's regulations, including the information identified in Form No. 556.

8. A copy of this letter will be published in the **Federal Register**.

By direction of the Commission.

Magalie R. Salas,
Secretary.

Western Area Power Administration

Parker-Davis Project, Pacific Northwest-Pacific Southwest Intertie Project, and the Central Arizona Project

AGENCY: Western Area Power Administration, DOE.

ACTION: Notice of proposed rates.

SUMMARY: The Western Area Power Administration (Western) is initiating a rate adjustment process for a firm transmission rate for Projects in the Desert Southwest Customer Service Region. The multi-system transmission rate (MSTR) will apply to three transmission systems: the Parker-Davis Project (P-DP), the Pacific Northwest-Pacific Southwest Intertie Project (Intertie), and the Central Arizona Project (CAP) for rate purposes. The proposed MSTR will provide sufficient revenue to pay all annual costs, including interest expense and repayment of required investment, within the allowable period for the three transmission systems. A detailed rate brochure that identifies the reasons for proposing a multi-system transmission rate is available on Western's Web site (<http://www.wapa.gov/dsw/pwrmt/MSTRP/MSTRP.htm>). The proposed MSTR is scheduled to become effective on January 1, 2005, and will remain in effect through December 31, 2009. Publication of this **Federal Register** notice initiates the formal process for the proposed rate adjustment.

DATES: The consultation and comment period will begin today and will end September 20, 2004. Western representatives will explain the proposed MSTR at a public information forum on July 14, 2004, beginning at 10 a.m. MST, in Phoenix, AZ. Western will receive oral and written comments at a public comment forum on August 11, 2004, beginning at 10 a.m. MST, in Phoenix, AZ.

ADDRESSES: Written comments should be sent to: Mr. J. Tyler Carlson, Regional
