

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 8–40 minutes per response. Publicity materials and instruction sheets will account for about 15 minutes of additional burden per respondent, annually. Respondents who refuse to complete the survey will be allotted 2 minutes of burden per attempt to collect the data.

Respondents: The target population will consist of managers of processing facilities that produce oils and fats from animals, grains, oilseeds, nuts, tree fruits or vegetables; or operations that are involved in the storing, rendering, or marketing of these products. Managers of ethanol plants, cotton gins, and flour mills will also be included in the target population for this group of surveys.

Estimated Number of Respondents: 760.

Estimated Total Annual Burden on Respondents: 2,400 hours.

Comments: Comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, technological or other forms of information technology collection methods.

All responses to this notice will become a matter of public record and be summarized in the request for OMB approval.

Signed at Washington, DC, December 15, 2022.

Kevin L. Barnes,

Associate Administrator.
