SUPPLEMENTARY INFORMATION: On January 28, 2010, DOE published a notice announcing the receipt of a petition submitted by the Commonwealth of Massachusetts. (75 FR 4548) That petition—Petition for Exemption from Federal Preemption of Massachusetts' 90% Annual Fuel Utilization Efficiency Standard for Non-weatherized Gas Furnaces (hereafter "Massachusetts Petition" or "Petition")—sought a waiver of preemption from DOE to permit a standard affecting non-weatherized gas furnaces to remain in effect. The Massachusetts standard is higher than the current Federal standard for these products.

To help DOE evaluate the merits of the Massachusetts Petition, the January notice invited interested members of the public to comment on the petition and to submit any additional information related to the criteria that DOE must evaluate when considering a waiver petition seeking an exemption from Federal preemption. These criteria are outlined generally in 42 U.S.C. 6297(d). DOE provided interested parties with an opportunity to comment through March 29, 2010. The comments received are available for public review at the DOE's Web site and can be accessed at the specified URL address provided in the **ADDRESSES** section listed above.

As required by law, this notice provides a rebuttal comment period to permit the submission of rebuttals to those comments that have already been received by DOE, as well as any other supporting information or data that would assist the agency in evaluating the merits of the Massachusetts petition. The availability of the initial comments and the specific rebuttal comment

period provided in this notice are in satisfaction of the requirements under 42 U.S.C. 6297(d)(2).

DOE invites all interested parties to comment on any aspects of the petition and on those comments that have been submitted and docketed in response to that petition. After examining all relevant submissions, including any rebuttal comments, DOE will issue its final decision in a manner consistent with the schedule laid out in its January 2010 notice.

Issued in Washington, DC, on May 27, 2010.

Cathy Zoi,

Assistant Secretary, Energy Efficiency and Renewable Energy.
