SMALL BUSINESS ADMINISTRATION

13 CFR Part 127

RIN 3245–AG75

Women-Owned Small Business and Economically Disadvantaged Women-Owned Small Business Certification; Establishment of Effective Date

AGENCY: U.S. Small Business Administration (SBA).

ACTION: Final rule; establishment of effective date.

SUMMARY: This action establishes the effective date of regulations added by SBA in a final rule published in the **Federal Register** on May 11, 2020, “Women-Owned Small Business and Economically Disadvantaged Women-Owned Small Business Certification.”

DATES: The effective date of 13 CFR 127.355, added by the rule published on May 11, 2020, at 85 FR 27650, is January 20, 2022, and is applicable beginning May 3, 2021.

FOR FURTHER INFORMATION CONTACT: Kelly Jackson, Office of Government Contracting and Business Development, 409 Third Street SW, Washington, DC 20416; (202) 205–0108; kelly.jackson@sba.gov.

SUPPLEMENTARY INFORMATION: On May 11, 2020, SBA published a final rule titled, “Women-Owned Small Business and Economically Disadvantaged Women-Owned Small Business Certification” (85 FR 27650). The final rule revised part 127 of SBA’s regulations, “Women-Owned Small Business Federal Contract Program”, to implement a statutory requirement to certify Women-Owned Small Business

Concerns and Economically-Disadvantaged Women-Owned Small Business Concerns. A set of corrections was published in the **Federal Register** on January 14, 2021 (86 FR 2960). This document establishes the effective date for § 127.355, “How will SBA ensure that approved third-party certifiers are meeting the requirements?”, a section that was added to part 127 by the final rule.

At the time the final rule was published, the effective date of § 127.355 was delayed indefinitely because this regulation implicated the Paperwork Reduction Act. Under the Paperwork Reduction Act, SBA was required to obtain approval from the Office of Management and Budget for an information collection titled, “Certification for the Women-Owned Small Business Federal Contract Program” (OMB Control No. 3245–0374). The Office of Management and Budget approved the information collection on May 3, 2021. Therefore, SBA hereby establishes an effective date of May 3, 2021, for 13 CFR 127.355.

Antonio Doss,

Deputy Associate Administrator, Government Contracting and Business Development.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 97

[Docket No. 31410; Amdt. No. 3992]

Standard Instrument Approach Procedures, and Takeoff Minimums and Obstacle Departure Procedures; Miscellaneous Amendments

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This rule amends, suspends, or removes Standard Instrument Approach Procedures (SIAPs) and associated Takeoff Minimums and Obstacle Departure Procedures for operations at certain airports. These regulatory actions are needed because of the adoption of new or revised criteria, or because of changes occurring in the National Airspace System, such as the commissioning of new navigational facilities, adding new obstacles, or changing air traffic requirements. These changes are designed to provide for the safe and efficient use of the navigable airspace and to promote safe flight

operations under instrument flight rules at the affected airports.

DATES: This rule is effective January 24, 2022. The compliance date for each SIAP, associated Takeoff Minimums, and ODP is specified in the amendatory provisions.

The incorporation by reference of certain publications listed in the regulations is approved by the Director of the Federal Register as of January 24, 2022.

ADDRESSES: Availability of matter incorporated by reference in the amendment is as follows:

For Examination

1. U.S. Department of Transportation, Docket Ops-M30, 1200 New Jersey Avenue SE, West Bldg., Ground Floor, Washington, DC 20590–0001;

2. The FAA Air Traffic Organization Service Area in which the affected airport is located;

3. The office of Aeronautical Information Services, 6500 South MacArthur Blvd., Oklahoma City, OK 73169 or,

4. The National Archives and Records Administration (NARA).

For information on the availability of this material at NARA, email fr.inspection@nara.gov or go to: <https://www.archives.gov/federal-register/cfr/ibr-locations.html>.

Availability

All SIAPs and Takeoff Minimums and ODPs are available online free of charge. Visit the National Flight Data Center online at nfdc.faa.gov to register. Additionally, individual SIAP and Takeoff Minimums and ODP copies may be obtained from the FAA Air Traffic Organization Service Area in which the affected airport is located.

FOR FURTHER INFORMATION CONTACT:

Thomas J. Nichols, Flight Procedures and Airspace Group, Flight Technologies and Procedures Division, Flight Standards Service, Federal Aviation Administration. Mailing Address: FAA, Mike Monroney Aeronautical Center, Flight Procedures and Airspace Group, 6500 South MacArthur Blvd., Registry Bldg. 29, Room 104, Oklahoma City, OK 73169. Telephone: (405) 954–4164.

SUPPLEMENTARY INFORMATION: This rule amends 14 CFR part 97 by amending the referenced SIAPs. The complete regulatory description of each SIAP is listed on the appropriate FAA Form 8260, as modified by the National Flight Data Center (NFDC)/Permanent Notice to Airmen (P–NOTAM), and is incorporated by reference under 5 U.S.C. 552(a), 1 CFR part 51, and 14

CFR 97.20. The large number of SIAPs, their complex nature, and the need for a special format make their verbatim publication in the **Federal Register** expensive and impractical. Further, airmen do not use the regulatory text of the SIAPs, but refer to their graphic depiction on charts printed by publishers of aeronautical materials. Thus, the advantages of incorporation by reference are realized and publication of the complete description of each SIAP contained on FAA form documents is unnecessary. This amendment provides the affected CFR sections, and specifies the SIAPs and Takeoff Minimums and ODPs with their applicable effective dates. This amendment also identifies the airport and its location, the procedure and the amendment number.

Availability and Summary of Material Incorporated by Reference

The material incorporated by reference is publicly available as listed in the **ADDRESSES** section.

The material incorporated by reference describes SIAPs, Takeoff Minimums and ODPs as identified in the amendatory language for part 97 of this final rule.

The Rule

This amendment to 14 CFR part 97 is effective upon publication of each separate SIAP and Takeoff Minimums and ODP as amended in the transmittal. For safety and timeliness of change considerations, this amendment incorporates only specific changes contained for each SIAP and Takeoff Minimums and ODP as modified by FDC permanent NOTAMs.

The SIAPs and Takeoff Minimums and ODPs, as modified by FDC permanent NOTAM, and contained in this amendment are based on criteria contained in the U.S. Standard for Terminal Instrument Procedures (TERPS). In developing these changes to SIAPs and Takeoff Minimums and ODPs, the TERPS criteria were applied only to specific conditions existing at the affected airports. All SIAP amendments in this rule have been previously issued by the FAA in a FDC NOTAM as an emergency action of immediate flight safety relating directly to published aeronautical charts.

The circumstances that created the need for these SIAP and Takeoff Minimums and ODP amendments require making them effective in less than 30 days.

Because of the close and immediate relationship between these SIAPs, Takeoff Minimums and ODPs, and safety in air commerce, I find that notice
