

identify the transportation mode and alignment for the proposed project with the appropriate level of detail for corridor-level decisions, or select the No Action Alternative. The Tier I EIS will also include a discussion of measures that could be implemented to avoid, minimize, or mitigate potential adverse impacts of the build alternatives. These measures would be developed to mitigate both short-term (construction phase) and long-term (operational) adverse impacts of the proposed build alternatives. The mitigation strategies that will be examined will be designed to specifically minimize any potential adverse effects on the local communities where new or expanded infrastructure is proposed or where the operational effects of increased freight movement are expected. Tier II will then further explore the selected alternative in greater detail to evaluate regional and localized environmental impacts and outline site-specific mitigation measures in project-level environmental documentation. The PANYNJ and FHWA intend to engage the community in devising mitigation measures for potential adverse impacts at both tiers of the EIS. The scope of the Tier I and Tier II analyses will be commensurate with the level of detail necessary for those documents. Input from the public and from reviewing agencies will be solicited during both tiers.

SAFETEA-LU: SAFETEA-LU provisions and NEPA regulations, in general, call for public involvement in the EIS process. Section 6002 of SAFETEA-LU requires that agencies: (1) Extend an invitation to other Federal and non-Federal agencies and Indian tribes that may have an interest in the proposed project to become "participating agencies;" (2) provide an opportunity for involvement by participating agencies and the public in helping to define the purpose and need for the proposed project, as well as the range of alternatives for consideration in the impact statement; and (3) establish a plan for coordinating public and agency participation in and comments on the Scoping Document. Letters will be sent to any agency with a fiduciary, regulatory, or permitting authority over the program as an invitation to be part of the coordination process. Any interested Federal or non-Federal agency or Indian tribe that does not receive an invitation to become a participating agency can notify the contact persons listed above.

A Coordination Plan will be developed to facilitate and document the lead agencies' structured interaction with the public and other agencies, and to inform the public and other agencies

of the manner in which the coordination will be accomplished. The Coordination Plan prepared for the Cross Harbor Freight Movement Program will include: The Plan Purpose and Identification of Lead Agencies; Program History; List of Participating and Coordinating Agencies; Roles and Responsibilities of the Lead, Participating, and Coordinating Agencies; Agency Contact Information; Coordination Points; and the Program Schedule.

Comments or questions regarding this Notice of Intent should be directed to the FHWA or PANYNJ contacts identified above.

Federal Transit Administration

FTA Supplemental Fiscal Year 2010 Apportionments, Allocations, and Corrections

AGENCY: Federal Transit Administration (FTA), DOT.

ACTION: Notice.

SUMMARY: The Hiring Incentives to Restore Employment Act, (Pub. L. 111-147), signed into the law by President Obama on March 18, 2010, authorized funds for all of the surface transportation programs of the U.S. Department of Transportation (DOT) for the remainder of the Fiscal Year (FY) ending September 30, 2010, and the first quarter of FY 2011. This Notice supplements the February 18, 2009 **Federal Register** notice to apportion the full amount of FY 2010 formula funds. In addition, this Notice revises the Job Access and Reverse Commute (JARC) and Alternatives Analysis program carryover tables, Small Transit Intensive Cities (STIC) performance data and Apportionments table, and Bus and Bus Facilities Extensions and Reprogramming table, and allocates the remaining FY 2010 funds made available to congressionally designated projects under the Alternative Analysis program.

FOR FURTHER INFORMATION CONTACT: For general information about this notice contact Henrika Buchanan-Smith, Office of Program Management, at (202) 366-2053.
