BILLING CODE 6718-04-P

FEDERAL EMERGENCY MANAGEMENT AGENCY

44 CFR Part 67

Final Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency (FEMA).

ACTION: Final rule.

SUMMARY: Base (1% annual chance) flood elevations and modified base flood elevations are made final for the communities listed below. The base flood elevations and modified base flood elevations are the basis for the floodplain management measures that each community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

EFFECTIVE DATE: The date of issuance of the Flood Insurance Rate Map (FIRM) showing base flood elevations and modified base flood elevations for each community. This date may be obtained by contacting the office where the FIRM is available for inspection as indicated in the table below.

ADDRESSES: The final base flood elevations for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT: Matthew B. Miller, P.E., Chief, Hazards Study Branch, Mitigation Directorate, 500 C Street SW., Washington, DC 20472, (202) 646-3461, or (e-mail) matt.miller@fema.gov.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency makes final determinations listed below of base flood elevations and modified base flood elevations for each community listed. The proposed base flood elevations and proposed modified base flood elevations were published in newspapers of local circulation and an opportunity for the community or individuals to appeal the proposed determinations to or through the community was provided for a period of ninety (90) days. The proposed base flood elevations and proposed modified base flood elevations were also published in the **Federal Register**.

This final rule is issued in accordance with Section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR part 67.

FEMA has developed criteria for floodplain management in floodprone areas in accordance with 44 CFR Part 60.

Interested lessees and owners of real property are encouraged to review the proof Flood Insurance Study and FIRM available at the address cited below for each community.

The base flood elevations and modified base flood elevations are made final in the communities listed below. Elevations at selected locations in each community are shown.

National Environmental Policy Act

This rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. No environmental impact assessment has been prepared.

Regulatory Flexibility Act

The Associate Director for Mitigation certifies that this rule is exempt from the requirements of the Regulatory Flexibility Act because final or modified

base flood elevations are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and are required to establish and maintain community eligibility in the NFIP. No regulatory flexibility analysis has been prepared.

Regulatory Classification

This final rule is not a significant regulatory action under the criteria of Section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 12612, Federalism

This rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

Executive Order 12778, Civil Justice Reform

This proposed rule meets the applicable standards of Section 2(b)(2) of Executive Order 12778.

List of Subjects in 44 CFR part 67

Administrative practice and procedure, Flood insurance, Reporting and recordkeeping requirements.

Accordingly, 44 CFR part 67 is amended to read as follows:

PART 67—[AMENDED]

1. The authority citation for part 67 continues to read as follows:

Authority: 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

§ 67.11 [Amended]

2. The tables published under the authority of § 67.11 are amended as follows:

Source of flooding and location	#Depth in feet above ground *Elevation in feet (NGVD)
ARKANSAS

BILLING CODE 6718-04-P

DEPARTMENT OF TRANSPORTATION

Coast Guard

46 CFR Parts 10 and 15

[USCG 1999-6224]

RIN 2115-AF23

Licensing and Manning for Officers of Towing Vessels

AGENCY: Coast Guard, DOT.

ACTION: Interim rule; delay of effective date.

SUMMARY: The Coast Guard is delaying the effective date of an interim rule with request for comments, published in the **Federal Register** on November 19, 1999 [64 FR 63213]. An extension of the effective date from November 20, 2000, to May 21, 2001, is necessary so we can make clarifications and issue guidelines for implementation of the new licenses and revised training criteria established in that interim rule, and carry on outreach.

EFFECTIVE DATE: This interim rule delays the effective date of the interim rule of November 19, 1999, from November 20, 2000, to May 21, 2001; it leaves unchanged all other requirements.

FOR FURTHER INFORMATION CONTACT:

Lieutenant Commander Luke Harden, Office of Operating and Environmental Standards (G-MSO), U.S. Coast Guard, 202-267-0229. The Department of Transportation maintains the docket for this rulemaking on the web site for its Document Management System at <http://dms.dot.gov>. The docket number is USCG 1999-6224.

SUPPLEMENTARY INFORMATION:

On November 19, 1999, the Coast Guard published an interim rule and request for comments entitled "Licensing and Manning for Officers of Towing Vessels" in the **Federal Register** [64 FR 63213]. The interim rule that was to become effective on November 20, 2000, established new licenses and revised training for officers of towing vessels.

Since promulgation of the interim rule, the Coast Guard has become aware that certain provisions in the rule may require clarification. The Coast Guard plans to publish clarification in a separate interim rule. To ensure that it makes clear all options, and that it gives all affected parties enough time to

comply with the new and revised requirements, the Coast Guard is postponing the effective date of the interim rule of November 19, 1999, for six months. The Coast Guard considers a postponement of six months to be adequate for better implementation of the new requirements, the revised standards for training set forth in that interim rule, and outreach.

Accordingly, the effective date for the interim rule of November 19, 1999 [64 FR 63213] is changed from November 20, 2000, to May 21, 2001.

Dated: October 23, 2000.

Joseph J. Angelo,

Acting Assistant Commandant for Marine Safety and Environmental Protection.

BILLING CODE 4910-15-U

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 15

[PP Docket No. 00-67; FCC 00-342]

Compatibility Between Cable Systems and Consumer Electronics Equipment

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: On September 14, 2000, the Federal Communications Commission adopted a Report and Order (R&O) on the labeling of digital television (DTV) receivers and other consumer electronics receiving devices. The labeling requirements are designed to ensure that consumers understand the capability of digital television equipment to operate with cable television systems. This will not only aid consumers in making informed purchasing decisions with respect to DTV equipment but also promote the overall transition from analog to digital television.

DATES: The rules in this document contain information collection requirements and are not effective until approved by the Office of Management and Budget. FCC will publish a document in the **Federal Register** announcing the effective date of these rules.

Public and agency comments on the information collection are due December 26, 2000.

ADDRESSES: In addition to filing comments with the Office of Secretary, a copy of any comments on the information collection contained herein shall be submitted to Judy Boley, Federal Communications Commission,
