### III. Data

*OMB Control Number:* 1076–0XXX.

*Type of Review:* New.

*Title:* Tribal Energy Development Capacity Program Proposal Solicitation

*Brief Description of Collection:* Indian tribes that would like to apply for TEDC funding must submit an application that includes certain information. A complete application must contain a formal signed resolution of the governing body of the tribe, a proposal describing the planned activities and deliverable products; and a detailed budget estimate, including contracted personnel costs, travel estimates, data collection and analysis costs, and other expenses. IEED requires this information to ensure that it provides funding only to those projects that meet the goals of the TEDC program and purposes for which Congress provides the appropriation. Upon acceptance of an application, a tribe must then submit one- to two-page quarterly progress reports summarizing events, accomplishments, problems and/or results in executing the project. IEED estimates that approximately 20 tribes will apply each year, and that IEED will accept approximately 10 of those applicants into the program.

*Respondents:* Indian tribes under 25 U.S.C. 3502.

*Number of Respondents:* 20 applicants per year; 10 project participants each year.

*Estimated Time per Response:* 40 hours per application; 1.5 hours per progress report.

*Frequency of Response:* Once per year for applications; 4 times per year for progress reports.

*Total Annual Burden to Respondents:* 860 hours (800 for applications and 60 for progress reports).

Dated: November 22, 2010.
