Agenda: As part of the Tobacco Products Scientific Advisory Committee's required report to the Secretary of Health and Human Services, the committee will continue discussing issues related to the nature and impact of the use of dissolvable tobacco products on the public health, including such use among children. Discussion will include such topics as the composition and characteristics of dissolvable tobacco products, product use, potential health effects, and marketing.

FDA intends to make background material available to the public no later than 2 business days before the meeting. If FDA is unable to post the background material on its Web site prior to the meeting, the background material will be made publicly available at the location of the advisory committee meeting, and the background material will be posted on FDA's Web site after the meeting. Background material is available at <http://www.fda.gov/AdvisoryCommittees/Calendar/default.htm>. Scroll down to the appropriate advisory committee link.

Procedure: On January 18, 2012, from 2 p.m. to 5 p.m., on January 19, 2012, from 8 a.m. to 5 p.m., and on January 20, 2012 from 8 a.m. to 4 p.m., the meeting is open to the public. Interested persons may present data, information, or views, orally or in writing, on issues pending before the committee. Written submissions may be made to the contact person on or before January 4, 2012. Oral presentations from the public will be scheduled between approximately 3 p.m. and 4 p.m. on January 19, 2012. Those individuals interested in making formal oral presentations should notify the contact person and submit a brief statement of the general nature of the

evidence or arguments they wish to present, the names and addresses of proposed participants, and an indication of the approximate time requested to make their presentation on or before December 27, 2011. Time allotted for each presentation may be limited. If the number of registrants requesting to speak is greater than can be reasonably accommodated during the scheduled open public hearing session, FDA may conduct a lottery to determine the speakers for the scheduled open public hearing session. The contact person will notify interested persons regarding their request to speak by December 28, 2011.

Closed Committee Deliberations: On January 18, 2012, from 8 a.m. to 1 p.m., the meeting will be closed to permit discussion and review of trade secret and/or confidential commercial information (5 U.S.C. 552b(c)(4)). This portion of the meeting must be closed because the Committee will be discussing trade secret and/or confidential data regarding products provided by the tobacco companies.
