Office of the Assistant Secretary for Civil Rights

Title: 7 CFR part 15 subpart D—Data Collection Requirements.

OMB Control Number: 0503–0022.

Summary of Collection: Under 7 CFR 15d.4(5) The Office of Assistant Secretary for Civil Rights (OSCAR) shall require agencies to collect the race, ethnicity, and gender of applicants and program participants, who choose to provide such information on a voluntary basis. Currently, Section 14006 of the 2008 Farm Bill requires the Secretary of Agriculture to annually compile for each county and State in the United States program application and participation rate data regarding socially disadvantaged farmers or ranchers for each program of USDA that serves agricultural producers or landowners.

Need and Use of the Information: The requested information will help USDA determine if programs and services are reaching the needs of the general public, beneficiaries, recipients, partners, and other stakeholders and supports USDA's planning, outreach, and compliance efforts. The uniform collection of REG data allows USDA to administer programs from a proactive rather than a reactive position and enables the Department to assess the accomplishment of program delivery mandates and objectives. Failure to collect this information will have negative impact on USDA's outreach and compliance activities.

Description of Respondents: Individuals or households.

Number of Respondents: 1,190.

Frequency of Responses: Reporting: Other (once).

Total Burden Hours: 39.

Title: Advance of Loan Funds and Budgetary Control and Other Related Burdens.

OMB Control Number: 0572-0015.

Type of Request: Extension of currently approved collection.

Abstract: The Rural Utilities Service administers the electric loan and loan guarantee program authorized under the Rural Electrification Act of 1936 (7 U.S.C. 901 *et seq.*) In order to protect and ensure the Government's security interest in loans, and in exercise of due diligence, electric borrowers furnish information to RUS regarding the condition, financial or otherwise, related to expenditure of loan funds. This Information Collection is necessary to comply with applicable provisions of the RUS loan contract. RUS Borrowers submit requisitions to RUS for funds for project costs incurred. Insured loan funds will be advanced only for projects which are included in the RUS approved borrowers workplan or approved amendment and in an approved loan, as amended. The process of loan advances establishes the beginning of the audit trail of the use of loan funds which is required to subsequent RUS compliance audits.

The RUS Form 595 is used as a requisition for advances of funds. The form helps to assure that loan funds are advanced only for the budget purposes and amount approved by RUS. According to the applicable provisions of the RUS loan contract, borrowers must certify with each request for funds to be approved for advance, which such funds are for projects previously approved. When a prospective borrower requests and is granted a RUS loan, a loan contract is established between the Federal government, acting through the RUS Administrator, and the borrower. At the time this contract is entered into, the borrower must provide RUS with a list of projects for which loan funds will be spent, along with an itemized list of the estimated costs of these projects. Thus, the borrower receives a loan based upon estimated cost figures.

RUS Form 219, Inventory of Work Orders, is one of the documents the borrower submits to RUS to support actual expenditures and an advance of loan funds. The form also serves as a connecting link and provides an audit trail that originates with the advance of funds and terminates with evidence supporting the propriety of

expenditures for construction or retirement projects.

Estimate of Burden: The Public reporting burden for this collection of information is estimated to average 1.56 hours per response.

Respondents: Not-for-profit institutions; Business or other for profit.

Estimated Number of Respondents: 600.

Estimated Number of Responses per Respondent: 15.5.

Estimated Number of Total Responses: 9,320.

Estimated Total Annual Burden on Respondents: 14,570 hours.

Copies of this information collection can be obtained from MaryPat Daskal, Regulations Team, Rural Development Innovation Center, U.S. Department of Agriculture, (202) 720-7853, Fax: (202) 720-8435 or email: MaryPat.Daskal@wdc.usda.gov. All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Title: Substantially Underserved Trust Areas.

OMB Control Number: 0572-0147.

Type of Request: Revision of a currently approved information collection.

Abstract: The RUS provides loan, loan guarantee and grant programs for rural electric, water and waste, and telecommunications and broadband infrastructure. The SUTA initiative gives the Secretary of Agriculture certain discretionary authorities relating to financial assistance terms and conditions that can enhance the financing possibilities in areas that are underserved by certain RUS electric, water and waste, and telecommunications and broadband programs. The data covered by this collection of information are those materials necessary to allow the agency to determine applicant and community eligibility and an explanation and documentation of the high need for the benefits of the SUTA provisions. Program specific application materials, which funds are being applied for, are covered by the information collection package for the specific RUS program.
