

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

Comments are invited on: (1) whether the collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; (2) the accuracy of the agency's estimates of the burden and cost of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

FOR FURTHER INFORMATION CONTACT: Nicole Bouchet by telephone at 202–693–0213, or by email at DOL_PRA_PUBLIC@dol.gov.

SUPPLEMENTARY INFORMATION: The standard requires employers to train employees about the hazards of lead, monitor employee exposure, provide medical surveillance, and maintain accurate records of employee exposure to lead. These records will be used by employers, employees, physicians and the Government to ensure that employees are not harmed by exposure to lead in the workplace. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on May 3, 2022 (87 FR 26227).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6.

DOL seeks PRA authorization for this information collection for three (3) years. OMB authorization for an ICR cannot be for more than three (3) years without renewal. The DOL notes that information collection requirements submitted to the OMB for existing ICRs

receive a month-to-month extension while they undergo review.

Agency: DOL–OSHA.

Title of Collection: Lead in Construction Standard.

OMB Control Number: 1218–0189.

Affected Public: Private Sector—Businesses or other for-profits.

Total Estimated Number of Respondents: 122,576.

Total Estimated Number of Responses: 8,149,750.

Total Estimated Annual Time Burden: 1,226,717 hours.

Total Estimated Annual Other Costs Burden: \$82,343,194.

(Authority: 44 U.S.C. 3507(a)(1)(D))

MILLENNIUM CHALLENGE CORPORATION

[MCC FR 22–08]

Notice of Entering Into a Compact With the Government of Kosovo

AGENCY: Millennium Challenge Corporation.

ACTION: Notice.

SUMMARY: In accordance with the provisions of the Millennium Challenge Act of 2003, as amended, the Millennium Challenge Corporation (MCC) is publishing a summary of the Millennium Challenge Compact (Compact) between the United States of America, acting through MCC, and the Government of Kosovo. Representatives of MCC and the Government of Kosovo executed the Compact on July 15, 2022. The complete text of the Compact has been posted at: <https://assets.mcc.gov/content/uploads/compact-kosovo.pdf>.

(Authority: 22 U.S.C. 7709 (b)(3))

Dated: July 19, 2022.

Thomas G. Hohenthanner,

Acting VP/General Counsel and Corporate Secretary.

Summary of Kosovo Compact

Overview of MCC Kosovo Compact

MCC's five-year Compact with the Government of Kosovo in the amount of \$202,000,000 aims to reduce poverty through economic growth by targeting a binding constraint to economic growth in the country: the unreliable supply of electricity. The Compact will address this constraint through three projects: the Energy Storage Project, the Just and Equitable Transition Acceleration

(JETA) Project, and the American Catalyst Facility for Development (ACFD) Project. The ACFD Project leverages U.S. International Development Finance Corporation (DFC) financing to complement the objectives of the Energy Storage Project. MCC's investments in Kosovo's energy sector will accelerate Kosovo's transition towards an energy future that is more sustainable, inclusive, reliable, and affordable.

Project Summaries

The projects and activities to be completed are:

1. *Energy Storage Project:* The objective of the Energy Storage Project is to support energy security and transition to a cleaner energy future, as reflected by the (1) usage of energy storage systems; (2) availability of the energy storage system; and (3) reduced cost of securing adequate electricity for Kosovo. The project includes three activities:

- *Frequency Restoration Response Activity:* This activity intends to support the transmission system operator in owning and operating approximately 90 megawatt-hours (MWh) of energy reserves to cost-effectively smooth out unexpected imbalances in the electricity grid.

- *Multi-Functional Energy Storage (MFES) Activity:* This activity intends to support a public or public-private partnership battery storage entity in owning and operating approximately 250MWh of energy storage that could be used for frequency restoration reserves, energy arbitrage, or other potential ancillary services, filling in gaps of longer-scale, unexpected outages or shifting energy to cover peak demand.

- *Energy and Climate Policy Support Activity:* This activity intends to support technical and administrative capacity building for energy and climate regulators and the policy and institutional reforms required to ensure the operating environment for energy storage in Kosovo is well defined and regulated through Kosovo's laws and supported by good planning, maintenance, and cost-reflective tariffs. It also aims to support cross-cutting measures on female employment and entrepreneurship across projects, and policy and institutional reform around pro-poor and gender-inclusive planning in the sector.

2. *JETA Project:* The objectives of the JETA Project are to (1) produce graduates who are hired in relevant jobs in the energy and adjacent sectors; and (2) increase employment of women among participating employers in the

Inclusive Energy Sector Workforce Activity.

- *Energy Skills for the Future*

Activity: This activity aims to establish new technical training programs and builds on existing programs to provide the skills demanded by employers in the energy and adjacent sectors, aiming to facilitate the Government of Kosovo's energy transition and increasing women's participation in such programs.

- *Inclusive Energy Sector Workforce*

Activity: This activity aims to incentivize gender equitable practices among energy sector employers, support networking, training, and mentoring

opportunities for women, and provide technical assistance to help increase female representation in energy companies in Kosovo.

3. *ACFD Project:* The objective of the ACFD Project is to facilitate complementary DFC investments in Kosovo. The project aims to leverage DFC's financing to support one or more blended finance transaction(s) that will catalyze private investment in Kosovo that could include (1) complementing MCC's funding to deliver a public private partnership focused transaction for energy storage in lieu of a public entity for the MFES Activity; (2) leveraging private sector participation to

scale a successful energy storage public entity launch via additional private sector delivered storage systems and services (*i.e.*, additionally leased energy storage capacity); and (3) catalyzing complementary renewable energy investments that bolster generation capacity and strengthen the energy storage entity business case.

Kosovo Compact Budget

The compact budget is up to \$236,670,600, which includes up to \$202,000,000 funded by MCC and a contribution from the Government of Kosovo of \$34,670,600.

Component	MCC funding
1. Energy Storage Project	\$147,695,906
1.1 Frequency Restoration Response Activity	21,481,015
1.2 Multi-Functional Energy Storage Activity	116,588,890
1.3 Energy and Climate Policy Support Activity	9,626,001
2. Just and Equitable Transition Acceleration Project	16,000,000
2.1 Energy Skills for the Future Activity	8,000,000
2.2 Inclusive Energy Sector Workforce Activity	8,000,000
3. American Catalyst Facility for Development	2,000,000
4. Monitoring and Evaluation	3,565,000
5. Program Management and Administration	32,739,094
Total MCC Funding	202,000,000
Total compact funding	Amount
Total MCC Funding	\$202,000,000
Government of Kosovo Contribution	34,670,600
Total Compact	236,670,600

BILLING CODE 9211-03-P

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice (22-057)]

NASA Advisory Council; Meeting

AGENCY: National Aeronautics and Space Administration.

ACTION: Notice of meeting.

SUMMARY: In accordance with the Federal Advisory Committee Act, the National Aeronautics and Space Administration (NASA) announces a meeting of the NASA Advisory Council (NAC).

DATES: Tuesday, August 9, 2022, 1 p.m.–5:30 p.m. Eastern Time; and Wednesday, August 10, 2022, 1 p.m.–5:30 p.m. Eastern Time.

ADDRESSES: The meeting will be virtual for members of the public. Dial-in audio teleconference and webcast details to watch the meeting remotely will be available on the NASA Advisory

Council website at: www.nasa.gov/offices/nac/home/index.html.

FOR FURTHER INFORMATION CONTACT: Ms. Marcia Guignard, NAC Administrative Officer, NASA Headquarters, Washington, DC 20546, marcia.guignard@nasa.gov.

The agenda for the meeting will include reports on the following NAC priority focus areas:

- Climate Change
- Commercial and Industry Partnerships
- Diversity, Equity, Inclusion and Accessibility
- International Collaboration
- Program Management and Acquisition

The agenda for the meeting will also include reports from the following NAC committees:

- Aeronautics Committee
- Human Exploration and Operations Committee
- Science Committee
- STEM Engagement Committee
- Technology, Innovation and Engineering Committee

It is imperative that the meeting be held on this date to accommodate the

scheduling priorities of the key participants.

Patricia Rausch,

Advisory Committee Management Officer, National Aeronautics and Space Administration.
