

making the corrections identified herein. We believe that undertaking further notice and comment procedures to incorporate these corrections into the FY 2010 IPF PPS notice and delaying the effective date of these changes is unnecessary. In addition, we believe it is important for the public to have the correct information as soon as possible, and believe it is contrary to the public interest to delay the dissemination of it. Therefore, we find there is good cause to waive notice and comment procedures and the 30-day delay in the effective date for this correction notice.
