DEPARTMENT OF HOMELAND SECURITY**Coast Guard****33 CFR Part 165****[Docket Number USCG–2022–0638]****RIN 1625–AA00****Safety Zone; Cumberland River, Nashville, TN****AGENCY:** Coast Guard, DHS.**ACTION:** Notice of proposed rulemaking.

SUMMARY: The Coast Guard is proposing to a temporary safety zone from mile marker (MM) 191.1 to 191.5 of the Cumberland River. This action is necessary to provide for the safety of life on these navigable waters near Riverfront Park, Nashville, TN, during Pro Wakeboard Tour on September 23 through September 24, 2022. This proposed rulemaking would prohibit persons and vessels from being in the safety zone unless authorized by the Captain of the Port Sector Ohio Valley or a designated representative. We invite your comments on this proposed rulemaking.

DATES: Comments and related material must be received by the Coast Guard on or before August 19, 2022.

ADDRESSES: You may submit comments identified by docket number USCG–2022–0638 using the Federal Decision Making Portal at <https://www.regulations.gov>. II. Background, Purpose, and Legal Basis

The Coast Guard was notified by Pro Wakeboard Tour of a proposed wakeboard event that occurs on the Cumberland River. The event would take place from September 23, 2022 to September 24, 2022. The river closure would be from 9:00 a.m. to 9:00 p.m. on both days. The COTP has determined that there is a need to protect the river users while the wakeboarders are performing between MM 191.1 and MM 191.5 on the Cumberland River. This proposed rule is needed to protect life and the marine environment in the navigable waters within the temporary safety zone during the wakeboarding portion of the event.

The Coast Guard is proposing this rulemaking under authority in 46 U.S.C. 70034 (previously 33 U.S.C. 1231).

III. Discussion of Proposed Rule

The COTP is proposing to establish a safety zone from 9:00 a.m. to 9:00 p.m. on September 23 and September 24, 2022. The safety zone would cover all navigable waters within 0.4 miles of Riverfront Park on the Cumberland River in Nashville, TN. The duration of the zone is intended to ensure the safety of vessels and these navigable waters before, during, and after the scheduled Pro Wakeboard Tour. No vessel or person would be permitted to enter the safety zone without obtaining permission from the COTP or a designated representative. The regulatory text we are proposing appears at the end of this document.

IV. Regulatory Analyses

We developed this proposed rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. This NPRM has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, the NPRM has not been reviewed by the Office of Management and Budget (OMB).

This regulatory action determination is based on the size, location, duration, and time-of-day of the safety zone. The safety zone will be 24 hours spread over the course of 2 days during daylight hours in Nashville, TN. The safety zone will only encompass .4 miles of the Cumberland River. Vessel traffic will be able to safely transit around this safety zone which would impact a small designated area of the Cumberland River before or after the time of the events on each day. Moreover, the Coast Guard would issue a Broadcast Notice to Mariners via VHF–FM marine channel 16 about the zone, and the rule would allow vessels to seek permission to enter the zone.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this proposed rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

Under section 213(a) of the Small Business Regulatory Enforcement
