SECURITIES AND EXCHANGE COMMISSION

Sunshine Act Meeting Notice

Notice is hereby given, pursuant to the provisions of the Government in the Sunshine Act, Public Law 94–409, that the Securities and Exchange Commission will hold an Open Meeting on January 11, 2010 at 9:30 a.m., in the Auditorium, Room L–002, to hear oral argument in an appeal by Diane M. Keefe (“Keefe”), a former employee of Pax World Management Corp. (“Pax Management”), a registered investment adviser, from the decision of an administrative law judge. The law judge found that Keefe, a portfolio manager of the Pax World High Yield Fund (“Fund”), an investment company registered with the Commission and advised by Pax Management, willfully violated Section 34(b) of the Investment Company Act of 1940. The law judge suspended Keefe for twelve months from association with an investment adviser, broker, or dealer.

Among the issues likely to be argued are whether Keefe willfully violated Investment Company Act Section 34(b) and, if so, whether and to what extent sanctions should be imposed on her.

Commissioner Paredes, as duty officer, determined that no earlier notice thereof was possible.

At times, changes in Commission priorities require alterations in the scheduling of meeting items.

For further information and to ascertain what, if any, matters have been added, deleted or postponed, please contact:

The Office of the Secretary at (202) 551–5400.

Dated: January 5, 2010.

Federal Highway Administration

Environmental Impact Statement: Sherburne and Stearns Counties, MN

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of intent to terminate Tier I EIS.

SUMMARY: The FHWA is issuing this notice to advise the public that the Tier I Environmental Impact Statement (EIS) process for a proposed east/west minor arterial connection between Trunk Highway (TH) 15 and TH 10, including a crossing of the Mississippi River, in an

area south of 10th Street South and north of Interstate 94 in the St. Cloud Metropolitan Area, Sherburne and Stearns Counties, Minnesota is terminated. The original Notice of Intent for this Tier I EIS process was published in the **Federal Register** on December 26, 2002.

FOR FURTHER INFORMATION CONTACT:

Cheryl Martin, Environmental and Civil Rights Specialist, Federal Highway Administration, Galtier Plaza, Suite 500, 380 Jackson Street, St. Paul, Minnesota 55101, Telephone (651) 291-6120; or Scott Mareck, Executive Director and Transportation Planning Manager, St. Cloud Area Planning Organization, 1040 County Road Four, St. Cloud, Minnesota 56303, Telephone (320) 252-7568.

SUPPLEMENTARY INFORMATION: The FHWA, in cooperation with the St. Cloud Area Planning Organization and Stearns and Sherburne Counties, has terminated the Tier I EIS process begun in 2002 to address the need for improved east/west minor arterial continuity, land use and trip generation growth, and forecasted 2025 congestion on existing bridges. The purpose of the Tier I EIS was to preserve right of way for the proposed highway improvement, including a crossing of the Mississippi River. The Scoping Decision Document for the project was approved by Stearns and Sherburne Counties on June 14, 2005 and April 21, 2005, respectively. An Amended Scoping Decision Document for the project was approved by Stearns and Sherburne Counties on September 8, 2006 and September 15, 2006, respectively. The conclusion of the Amended Scoping Decision Document was to separate the project into two independent projects by dividing the project at the intersection of Stearns County State Aid Highway (CSAH) 75. The first of these two projects (the 33rd Street Project), will extend from TH 15 easterly along existing 33rd Street South to its junction with CSAH 75. The second project (the Mississippi River Crossing Project) will extend from CSAH 75 easterly to TH 10 in Sherburne County. On October 3, 2006, the St. Cloud Area Planning Organization notified Federal, State and local agencies; interested parties; and the public that work on the 33rd Street Project would proceed as an Environmental Assessment and that the Tier I EIS for the Mississippi River Crossing Project would proceed at an undetermined future date. Therefore, the EIS for this project has been terminated.
