In order to allow enough time for marketing efforts to take effect and provide enough time to gather adequate data on the feasibility of utilizing audio and visual technologies, including Web-based services, to our Active Duty Service members, their families and other beneficiaries on a permanent basis, an extension of the demonstration is necessary.

Implementation

This demonstration extension will be effective April 1, 2010.

Evaluation

As noted in the original FR Notice, 74 FR 3667, July 24, 2009, an independent evaluation of the demonstration will be conducted. It will be performed retrospectively and use a combination of administrative measures of behavioral health care access to provide analysis and comment on the effectiveness of the demonstration in meeting its goal of improving beneficiary access to behavioral health care by incorporating Web-based technology.
