

amount of any Contract owner's contract value or death benefit or in the dollar value of his or her investment in any of the Separate Accounts. Contract owners will not suffer any adverse tax consequences as a result of the substitutions. The fees and charges under the Contracts will not increase because of the substitutions. Even though the Separate Accounts, the Insurance Companies, MIST and Met Series Fund may not rely on Rule 17a-7, the Section 17 Applicants believe that the Rule's conditions outline the type of safeguards that result in transactions that are fair and reasonable to registered investment company participants and preclude overreaching in connection with an investment company by its affiliated persons. In addition, as stated above, the in-kind redemptions will only be made in accordance with the conditions set out in the *Signature Financial Group* no-action letter (December 29, 1999).

26. The boards of MIST and Met Series Fund have adopted procedures, as required by paragraph (e)(1) of Rule 17a-7, pursuant to which the series of each may purchase and sell securities to and from their affiliates. The Section 17 Applicants will carry out the proposed Insurance Company in-kind purchases in conformity with all of the conditions of Rule 17a-7 and each series' procedures thereunder, except that the consideration paid for the securities being purchased or sold may not be entirely cash. Nevertheless, the circumstances surrounding the proposed substitutions will be such as to offer the same degree of protection to each Replacement Fund from overreaching that Rule 17a-7 provides to them generally in connection with their purchase and sale of securities under that Rule in the ordinary course of their business. In particular, the Insurance Companies (or any of their affiliates) cannot effect the proposed transactions at a price that is disadvantageous to any of the Replacement Funds. Although the transactions may not be entirely for cash, each will be effected based upon (1) the independent market price of the portfolio securities valued as specified in paragraph (b) of Rule 17a-7, and (2) the net asset value per share of each fund involved valued in accordance with the procedures disclosed in its respective investment company registration statement and as required by Rule 22c-1 under the Act. No brokerage commission, fee, or other remuneration will be paid to any party in connection with the proposed in kind purchase transactions.

27. The sale of shares of Replacement Funds for investment securities, as contemplated by the proposed Insurance Company in-kind purchases, is consistent with the investment policies and restrictions of the Investment Companies and the Replacement Funds because (a) the shares are sold at their net asset value, and (b) the portfolio securities are of the type and quality that the Replacement Funds would each have acquired with the proceeds from share sales had the shares been sold for cash. To assure that the second of these conditions is met, MetLife Advisers, LLC and the sub-adviser, as applicable, will examine the portfolio securities being offered to each Replacement Fund and accept only those securities as consideration for shares that it would have acquired for each such fund in a cash transaction.

28. The Section 17 Applicants submit that the proposed Insurance Company in-kind purchases are consistent with the general purposes of the Act as stated in the Findings and Declaration of Policy in Section 1 of the Act and that the proposed transactions do not present any of the conditions or abuses that the Act was designed to prevent.

29. The Section 17 Applicants represent that the proposed in-kind purchases meet all of the requirements of Section 17(b) of the Act and request that the Commission issue an order pursuant to Section 17(b) of the Act exempting the Separate Accounts, the Insurance Companies, MIST, Met Series Fund and each Replacement Fund from the provisions of Section 17(a) of the Act to the extent necessary to permit the Insurance Companies on behalf of the Separate Accounts to carry out, as part of the substitutions, the in-kind purchase of shares of the Replacement Funds which may be deemed to be prohibited by Section 17(a) of the Act.

Conclusion

Applicants assert that for the reasons summarized above that the proposed substitutions and related transactions meet the standards of Section 26(c) of the Act and are consistent with the standards of Section 17(b) of the Act and that the requested orders should be granted.

For the Commission, by the Division of Investment Management pursuant to delegated authority.

Applicant's Representations

1. The Applicant is an internally managed, non-diversified, closed-end management investment company that has elected to be regulated as a business development company ("BDC") under the Act. The Plans authorize the Applicant to issue Restricted Stock to the Participants in accordance with the terms and conditions of the Prior Order. The Applicant seeks to amend the Prior Order to permit the Applicant to withhold shares of the Applicant's common stock or purchase shares of the Applicant's common stock from the Participants to satisfy tax withholding obligations related to the vesting of Restricted Stock that were or will be granted pursuant to the Plans or the Amended Plans. The Applicant will continue to comply with all of the terms and conditions of the Prior Order.

2. The Plans and the Amended Plans authorize the Applicant to issue shares of Restricted Stock; at the time of issuance these shares are subject to certain forfeiture restrictions. On the date that any Restricted Stock vests, such vested shares of the Restricted Stock are released to the Participant and are available for sale or transfer. For Participants who are employees, the value of the vested shares is deemed to be wage compensation for the employee. Applicant states that any compensation income recognized by an employee is generally subject to Federal withholding for income and employment tax

purposes.³ The Amended Plans provide that each Participant must satisfy all applicable Federal, State, and local or other income and employment tax withholding obligations before the Applicant will deliver stock certificates or otherwise recognize ownership of common stock under an award.

3. The Amended Plans will be subject to approval by the Applicant's board of directors as well as the required majority of the Applicant's directors within the meaning of section 57(o) of the Act. The Amended Plans explicitly permit the Applicant to withhold shares of the Applicant's common stock or purchase shares of the Applicant's common stock from the Participants to satisfy tax withholding obligations related to the vesting of Restricted Stock.⁴

Applicant's Legal Analysis

1. Section 23(c) of the Act, which is made applicable to BDCs by section 63 of the Act, generally prohibits a BDC from purchasing any securities of which it is the issuer except in the open market, pursuant to tender offers or under other circumstances as the Commission may permit to ensure that the purchase is made on a basis that does not unfairly discriminate against any holders of the class or classes of securities to be purchased. Applicant states that the withholding of the Applicant's common stock or purchase of shares of Applicant's common stock to satisfy tax withholding obligations related to the vesting of Restricted Stock might be deemed to be purchases by the Applicant of its own securities within the meaning of section 23(c), and that section 23(c) of the Act may therefore prohibit these transactions.

2. Section 23(c)(3) of the Act permits a BDC to purchase securities of which it is the issuer "under such * * * circumstances as the Commission may permit by * * * orders for the protection of investors in order to insure that such purchases are made in a manner or on a basis which does not unfairly discriminate against any holders of the class or classes of securities to be purchased." Applicant believes that the requested relief meets the standards of section 23(c)(3) of the Act.

³ During the restricted period (*i.e.*, prior to the lapse of applicable forfeiture restrictions), the Restricted Stock generally may not be sold, transferred, pledged, hypothecated, margined, or otherwise encumbered by a Participant.

⁴ The Amended Plans provide that shares withheld from an award to satisfy tax withholding obligations are not returned to the plan reserve, but are counted against the number of shares available under the relevant plan.

3. The Applicant states that any such purchases will be made in a manner that does not unfairly discriminate against the Applicant's other stockholders because any shares that the Participants deliver to the Applicant to satisfy tax withholding obligations will be valued at the closing sales price of Applicant's shares of common stock on the NASDAQ Global Select Market (or any other such exchange on which its shares of common stock may be traded in the future) as of the date of the transaction. Applicant further states that no transaction will be conducted pursuant to the requested order on days when there are no reported market transactions involving the Applicant's shares. Applicant submits that because all of the transactions between the Applicant and the Participants with respect to the Amended Plans will take place at the public market price for the Applicant's common stock, these transactions will not be significantly different than could be achieved by any stockholder selling in a market transaction.

4. Applicant submits that the withholding provisions in the Amended Plans do not raise concerns about preferential treatment of the Applicant's insiders because the Amended Plans are a bona fide compensation plan of the type that is common among corporations generally. Further, the vesting schedule is determined at the time of the initial grant of the Restricted Stock. Applicant represents that that the transactions may be made only as permitted by the Amended Plans. The Applicant believes that its request for the order is consistent with the policies underlying the provisions of the Act permitting the use of equity compensation as well as prior exemptive relief granted by the Commission for relief under section 23(c) of the Act.

For the Commission, by the Division of Investment Management, pursuant to delegated authority.

Deputy Secretary.
