[Docket No. CP01-45-000]

Colorado Interstate Gas Company; Supplement to Notice of Intent to Prepare an Environmental Assessment for the Proposed Valley Line Expansion Project, Request for Comments on Environmental Issues, and Notice of Public Scoping Meetings and Route Inspection

February 8, 2001.

On February 6, 2001, the Federal Energy Regulatory Commission issued the subject Notice announcing the intent of its staff to prepare an environmental assessment for the Valley Line Expansion Project and a schedule for

local public scoping meetings to receive environmental comments, among other things. That Notice inadvertently omitted that the environmental scoping meetings will begin each evening at 7 p.m.

Page 6 of the Notice also contained an incomplete sentence related to how individuals may participate in the route inspection activities planned for February 27 through March 2, 2001. In order to avoid further confusion, page 6, in its entirety, is attached to this supplement.

Linwood A. Watson, Jr.,*Acting Secretary.*

If you do not want to send comments at this time but still want to remain on our mailing list, please return the Information Request (appendix 3). If you do not return the Information Request (appendix 3), your name will be taken off the mailing list.

In addition to asking for written comments, we invite you to attend any of the public scoping meetings that we will conduct in the project area. The purpose of the scoping meetings is to provide state and local agencies, interested groups, landowners, and the general public with an opportunity to learn more about the project and another chance to present us with environmental issues or concerns they believe should be addressed in the EA. CIG representatives will be present at the meetings to describe the proposed project, both in general and for the specific area where each meeting is held, and to answer project-related questions.

The locations and times for these meetings are listed below. Priority will be given to commenters who represent groups, and a transcript of each meeting will be made so that your comments will be accurately recorded.

SCHEDULE FOR PUBLIC SCOPING MEETINGS

Date and Time	Location
Tuesday, February 27, 2001 at 7 p.m.	Pikes Peak Community College, Rampart Campus—Room W101, 11195 Highway 83, Colorado Springs, Colorado.
Wednesday, February 28, 2001 at 7 p.m.	Pioneer Elementary School Cafeteria, 10881 Riva Ridge Drive, Parker, Colorado.
Thursday, March 1, 2001 at 7 p.m.	Aims Community College, Corporate Education Center—Room 129A, Greeley, Colorado.

Route Inspection

On February 27–March 2, 2001, we will also be conducting an inspection of the proposed routes and locations of facilities associated with CIG's proposal. This inspection may include both aerial and ground components. Anyone interested in participating in the inspection activities may contact the FERC's Office of External Affairs (identified at the end of this notice) for more details and must provide their own transportation.

Notification of Application Acceptance Period for the National Environmental Achievement Track

AGENCY: Environmental Protection Agency (EPA).

ACTION: Acceptance of National Environmental Achievement Track Applications.

SUMMARY: The Office of Policy, Economics, and Innovations announces that applications for the National Environmental Achievement Track (Achievement Track) will be accepted February 1, 2001 through April 30, 2001. Achievement Track, the first level of the National Environmental Performance Track, recognizes top public and private facilities that go beyond compliance with regulatory requirements and encourages high levels of environmental performance and management that benefit people, communities, and the environment.

The application form and instructions for completing an application for the Achievement Track can be found on the web at <http://www.epa.gov/performance-track/apps/app.htm> or hard copies can be requested by calling the Performance Track Information Center at 1–888–339–7875. Applications are used to establish that the facility meets the four requirements necessary to be named as a participant in the Achievement Track. The entry criteria require that the applying facility:

- Has adopted and implemented an environmental management system (EMS) that includes policy, planning, implementation and operation, checking and corrective action, and management review;
- Is able to demonstrate specific environmental achievements and commit to continued improvement;
