DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP10-47-000]

CenterPoint Energy Gas Transmission Company; Prior Notice of Activity Under Blanket Certificate

February 3, 2010.

On January 26, 2010 CenterPoint Energy Gas Transmission Company (CEGT) filed a prior notice request pursuant to sections 157.205, 157.208 and 157.210 of the Federal Energy Regulatory Commission's (Commission) regulations under the Natural Gas Act, and CEGT's certificate issued September 1, 1982, as amended February 10, 1983, in Docket Nos. CP82-384-000 and CP82-384-001. CEGT requests authorization to construct a new compressor station near the town of Alto in Richland Parish, Louisiana, all as more fully described in the application that is available for public inspection.

Any questions regarding the application should be directed to Michelle Willis, Manager, Regulatory & Compliance, CenterPoint Energy Gas Transmission Company, P.O. Box 21734, Shreveport, Louisiana 71151, or by calling (318) 429-3708.

Any person or the Commission's staff may, within 60 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to section 157.205 of the regulations under the NGA (18 CFR 157.205), a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the allowed time for filing a protest, the instant request

shall be treated as an application for authorization pursuant to section 7 of the NGA.

Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such motions or protests must be filed on or before the comment date. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant, on or before the comment date. It is not necessary to serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Kimberly D. Bose,
Secretary.

BILLING CODE 6717-01-P

ENVIRONMENTAL PROTECTION AGENCY

[EPA-R04-OAR-2010-0019; FRL-9114-2]

Adequacy Status of the North Carolina Portion of the Charlotte-Gastonia-Rock Hill Bi-State Area Reasonable Further Progress Plan 8-Hour Ozone Sub-Area Motor Vehicle Emission Budgets for Transportation Conformity Purposes

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of Adequacy.

SUMMARY: EPA is notifying the public that it has found that the sub-area motor vehicle emissions budgets (MVEBs) for the North Carolina portion of the

Charlotte-Gastonia-Rock Hill bi-state area (hereafter referred to as the Charlotte bi-state area) in the 1997 8-Hour Ozone Reasonable Further Progress (RFP) plan, submitted on November 30, 2009, by the North Carolina Department of Air Quality (NC DAQ), are adequate for transportation conformity purposes. The bi-state Charlotte moderate 1997 8-hour ozone area is comprised of Charlotte-Gastonia in North Carolina; and Rock Hill (a portion of York County), South Carolina. The North Carolina portion of the Charlotte bi-state area is comprised of the following sub-areas or counties: Cabarrus, Gaston, partial of Iredell (Davidson and Coddle Creek Townships), Lincoln, Mecklenburg, Rowan, and Union. North Carolina's RFP plan includes the required MVEBs for volatile organic compounds (VOC), and voluntary MVEBs for nitrogen oxides (NO_x). This action relates only to the North Carolina portion of the Charlotte bi-state area. EPA is considering South Carolina's RFP for the applicable portion of York County in a separate action. As a result of EPA's finding, which is being announced in this notice, the North Carolina portion of the Charlotte bi-state area must use the sub-area MVEBs for future conformity determinations for the 1997 8-hour ozone standard.

DATES: These sub-area MVEBs are effective March 8, 2010.

FOR FURTHER INFORMATION CONTACT: Dianna Smith, U.S. Environmental Protection Agency, Region 4, Air Planning Branch, 61 Forsyth Street, SW., Atlanta, Georgia 30303. Ms. Smith can also be reached by telephone at (404) 562-9207, or via electronic mail at smith.dianna@epa.gov. The finding is available at EPA's conformity Web site: <http://www.epa.gov/otaq/stateresources/transconf/currsips.htm>.

SUPPLEMENTARY INFORMATION: This notice is simply an announcement of a finding that EPA has already made. EPA Region 4 sent a letter to NC DAQ on January 12, 2010, stating that the sub-area MVEBs identified for the North Carolina portion of the Charlotte bi-state area in the 1997 8-hour ozone RFP plan, submitted on November 30, 2009, are adequate and must be used for transportation conformity determinations in the North Carolina portion of the Charlotte bi-state area.

EPA posted the availability of the sub-area MVEBs contained in the North Carolina RFP plan on EPA's Web site on December 3, 2009, as part of the adequacy process, for the purpose of soliciting comments. EPA's adequacy comment period ran from December 3,
