Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1-888-REG-FAIR (1-888-734-3247).

Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this rule and have determined that this rule does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531-1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This rule will not effect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health

Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a "significant energy action" under that order because it is not a "significant regulatory action" under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. It has not been designated by the Administrator of the Office of Information and Regulatory Affairs as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Environment

We have considered the environmental impact of this rule and concluded that under figure 2-1, paragraph 34(g), of Commandant Instruction M16475.1D, this rule, which establishes a security zone, is categorically excluded from further environmental documentation. A "Categorical Exclusion Determination" is available in the docket for inspection or copying where indicated under ADDRESSES.

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

36 CFR Part 1254

RIN 3095-AB01

Research Room Procedures

AGENCY: National Archives and Records Administration (NARA).

ACTION: Final rule.

SUMMARY: NARA is amending its regulations on use of NARA research rooms to add a policy on use of public access personal computers (workstations) in the research rooms. These NARA-provided workstations will provide researcher access to the Internet. We are also clarifying that, in research rooms where the plastic researcher identification card is also used with the facility's security system, we will issue a plastic card to researchers who have a paper card from another NARA facility. This rule will affect researchers who use NARA research facilities nationwide.

EFFECTIVE DATE: March 25, 2002.

FOR FURTHER INFORMATION CONTACT: Nancy Allard at telephone number 301-713-7360, ext. 226, or fax number 301-713-7270.

SUPPLEMENTARY INFORMATION: NARA published a notice of proposed rulemaking on September 7, 2001 at 66 FR 46752. The comment period ended on November 6, 2001. NARA received no public comments, and is issuing this final rule without change.

The public access computers described in § 1254.25 are being installed in research and/or consultation rooms in all NARA archival facilities, including regional archives and Presidential libraries, to provide Internet access for research purposes, such as access to NARA's Archival Information Locator (NAIL), and NAIL's successor, the Archival Research Catalog (ARC). Computers designated for public use provide Internet access only. At least one of the public Internet access workstations in each facility complies with the Workforce Investment Act of 1998, ensuring comparable accessibility to individuals with disabilities. Individual accessibility requirements are addressed on an as-needed basis. We encourage people who require assistive technology to notify the appropriate research room at least two weeks in advance.

This rule is not a significant regulatory action for the purposes of Executive Order 12866 and has not been reviewed by the Office of Management and Budget. As required by the Regulatory Flexibility Act, I certify that this rule will not have a significant impact on a substantial number of small entities because it applies only to individuals conducting research on NARA premises. This regulation does not have any federalism or tribal implications.

List of Subjects in 36 CFR Part 1254

Archives and records.

For the reasons set forth in the preamble, NARA amends part 1254 of title 36, Code of Federal Regulations, as follows:

PART 1254—AVAILABILITY OF RECORDS AND DONATED HISTORICAL MATERIALS

1. The authority citation for part 1254 continues to read as follows:

Authority: 44 U.S.C. 2101-2118; 5 U.S.C. 552; and E.O. 12600, 52 FR 23781, 3 CFR, 1987 Comp., p. 235.

2. Revise § 1254.6 to read as follows:

§ 1254.6 Researcher identification card.

(a) An identification card is issued to each person who is approved to use records other than microfilm. Cards are valid for one year, and may be renewed upon application. Cards are valid at each facility, except as described in paragraph (b) of this section. They are not transferable and must be presented if requested by a guard or research room attendant.

(b) At the National Archives in College Park and other NARA facilities that issue and use plastic researcher identification cards as part of their security systems, paper researcher identification cards issued at other NARA facilities are not valid. In facilities that use plastic researcher identification cards, NARA will issue a plastic card to replace the paper card at no charge.

3. Add § 1254.25 to read as follows:

§ 1254.25 Rules for public access use of the Internet on NARA-supplied personal computers.

(a) Public access personal computers (workstations) are available for Internet use in all NARA research rooms. The number of workstations varies per location. These workstations are intended for research purposes and are provided on a first-come-first-served basis. When others are waiting to use the workstation, a 30-minute time limit may be imposed on the use of the equipment.

(b) Researchers should not expect privacy while using these workstations. These workstations are operated and maintained on a United States Government system, and activity may be monitored to protect the system from unauthorized use. By using this system, researchers expressly consent to such monitoring and the reporting of unauthorized use to the proper authorities.

(c) At least one Internet access workstation will be provided in each facility that complies with the Workforce Investment Act of 1998,

ensuring comparable accessibility to individuals with disabilities.

(d) Researchers may download information to a diskette and print materials, but the research room staff will furnish the diskettes and paper. Researchers may not use personally owned diskettes on NARA personal computers.

(e) Researchers may not load files or any type of software on these workstations.

Approval and Promulgation of Air Quality State Implementation Plans; Georgia: Control of Gasoline Sulfur and Volatility

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: EPA is approving a State Implementation Plan (SIP) revision, submitted by the State of Georgia through the Georgia Environmental Protection Division (GAEPD), establishing low-sulfur and low-Reid Vapor Pressure (RVP) requirements for gasoline distributed in the 13-county Atlanta nonattainment area and 32 surrounding attainment counties. Georgia developed these fuel requirements to reduce emissions of nitrogen oxides (NO_x) and volatile organic compounds (VOC) as part of the State's strategy to achieve the National Ambient Air Quality Standard (NAAQS) for ozone in the Atlanta nonattainment area. EPA is approving Georgia's fuel requirements into the SIP because these fuel requirements are in accordance with the requirements of the Clean Air Act (the Act), and are necessary for the Atlanta nonattainment area to achieve the 1-hour ozone NAAQS in a timely manner.

EFFECTIVE DATE: This final rule is effective on March 25, 2002.
