

which is incorporated by reference in 14 CFR 71.1 on an annual basis. This document amends the current version of that order, FAA Order JO 7400.11J, dated July 31, 2024, and effective September 15, 2024. These amendments will be published in the next update to FAA Order JO 7400.11. FAA Order JO 7400.11J is publicly available as listed in the **ADDRESSES** section of this document. FAA Order JO 7400.11J lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Rule

This amendment to 14 CFR part 71 modifies the Class E airspace extending upward from 700 feet above the surface to within a 6.7-mile (increased from a 6.3-mile) radius of Union County Airport, Marysville, OH; removes the Marysville NDB and associated extension from the legal descriptions; adds an extension 2 miles each side of the 263° bearing from the airport extending from the 6.7-mile radius of the airport to 9.8 miles west of the airport; removes exclusionary language as it is no longer required; and removes the city associated with the airport in the airspace legal description to comply with changes to FAA Order JO 7400.2P, Procedures for Handling Airspace Matters; and updates the typographical error in the geographic coordinates to (lat 40°13'28"N) vs (lat 40°13'2847"N), of the airport to coincide with the FAA's aeronautical database.

This action is the result of an airspace review conducted as part of the decommissioning of the Marysville NDB and to support IFR operations at this airport.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures," paragraph 5–6.5.a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

Lists of Subjects in 14 CFR 71

Airspace, Incorporation by reference, Navigation (air).

The Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

- 1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

- 2. The incorporation by reference in 14 CFR 71.1 of FAA Order JO 7400.11J, Airspace Designations and Reporting Points, dated July 31, 2024, and effective September 15, 2024, is amended as follows:

Paragraph 6005 Class E Airspace Areas Extending Upward From 700 Feet or More Above the Surface of the Earth.

* * * * *

AGL OH E5 Marysville, OH [Amended]

Union County Airport, OH
(Lat. 40°13'28" N, long. 83°21'06" W)

That airspace extending upward from 700 feet above the surface within a 6.7-mile radius of Union County Airport; and within 2 miles each side of the 263° bearing from the airport extending from the 6.7-mile radius to 9.8 miles west of the airport.

BILLING CODE 4910–13–P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA–R10–OAR–2024–0433; FRL–12248–02–R10]

Air Plan Approval; Washington; Spokane Regional Clean Air Agency, General Air Quality Regulations

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: The Environmental Protection Agency (EPA) is approving revisions to the Washington State Implementation Plan (SIP) that were submitted by the Department of Ecology (Ecology) in coordination with the Spokane Regional Clean Air Agency (SRCAA). In 2021, the EPA approved a comprehensive update to the SRCAA general air quality regulations in the SIP, which include new source review permitting requirements as well as other general requirements for sources regulated under SRCAA's jurisdiction. In this action, the EPA is approving additional updates to the SRCAA general air quality regulations promulgated since our comprehensive approval in 2021.

DATES: This final rule is effective May 16, 2025.

ADDRESSES: The EPA has established a docket for this action under Docket ID No. EPA–R10–OAR–2024–0433. All documents in the docket are listed on the <https://www.regulations.gov> website. Although listed in the index, some information is not publicly available, e.g., Confidential Business Information or other information the disclosure of which is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are available at <https://www.regulations.gov>, or please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section for additional availability information.

FOR FURTHER INFORMATION CONTACT: Jeff Hunt, EPA Region 10, 1200 Sixth Avenue, Suite 155, Seattle, WA 98101, at (206) 553–0256 or hunt.jeff@epa.gov.

SUPPLEMENTARY INFORMATION:

Throughout this document, wherever "we" or "our" is used, it means the EPA.

I. Background

On November 14, 2024, the EPA proposed to approve minor revisions to the Spokane Regional Clean Air Agency

general air quality regulations (89 FR 89942). The reasons for our proposed action are included in the proposal and will not be restated here. The public comment period closed on December 16, 2024. We received no comments on our proposed approval.

II. Final Action

A. Revisions to the Incorporation by Reference Section of the SIP

The EPA is approving and incorporating by reference into the Washington SIP at 40 CFR 52.2470(c)—*Table 9—Additional Regulations Approved for the Spokane Regional Clean Air Agency (SRCAA) Jurisdiction*, the following updated sections of Spokane Regional Clean Air Agency Regulation I, State effective July 15, 2023:

- 1.01, *Policy*, establishing the policy of the agency;
- 1.04, *Definitions*, establishing definitions used throughout Regulation I;
- 2.08, *Falsification of Statements or Documents, and Treatment of Documents*, establishing enforceable standards for the treatment of documents;
- 2.13, *Federal and State Regulation Reference Date*, adopting certain Federal and State regulatory provisions by reference;
- 4.04, *Stationary Sources and Source Categories Subject to Registration*, establishing which facilities are subject to permitting or other agency requirements;
- 5.02, *New Source Review—Applicability and when Required*, establishing when a permit is necessary for construction or modification of a source;
- 5.04, *Information Required*, establishing what information is necessary in applying for permits or other agency actions;
- 5.05, *Public Involvement*, establishing public involvement procedures for agency actions;
- 5.07, *Processing NOC Applications for Stationary Sources*, establishing agency procedures under the new source review program;
- 5.08, *Portable Sources*, establishing requirements and agency procedures for movable sources;
- 5.10, *Changes to an Order of Approval or Permission to Operate*, establishing requirements and procedures for permit modifications;
- 5.13, *Order of Approval Construction Time Limits*, establishing time limits and procedures for construction or modification of a stationary source;

- 6.04, *Emission of Air Contaminant: Detriment to Person or Property*, establishing emissions standards for public protection;

- 8.01, *Purpose*, establishing the purpose of Article VIII to address emissions from solid fuel burning devices;

- 8.02, *Applicability*, establishing the applicability of Article VIII provisions;

- 8.03, *Definitions*, establishing additional definitions used in Article VIII;

- 8.04, *Emission Performance Standards*, establishing standards for solid fuel burning devices;

- 8.05, *Opacity Standards*, establishing opacity standards for solid fuel burning devices;

- 8.06, *Prohibited Fuel Types*, standards to prevent the burning of refuse or other prohibited items in a solid fuel burning device;

- 8.07, *Curtailment*, establishing requirements and procedures for when solid fuel burning devices can be used;

- 8.08, *Exemptions*, providing exemptions to certain Article VIII requirements;

- 8.09, *Procedure to Geographically Limit Solid Fuel Burning Devices*, additional contingency measures should the Spokane area experience air quality violations; and

- 8.10, *Restrictions on Installation of Solid Fuel Burning Devices*, provisions banning the installation or sale of uncertified solid fuel burning devices.

B. Approved But Not Incorporated by Reference Regulations

In addition to the regulations approved and incorporated by reference in section II.A. of this preamble, the EPA reviews and approves State and local air agency submissions to ensure they provide adequate enforcement authority and other general authority to implement and enforce the SIP. However, regulations describing such agency enforcement and other general authority are generally not incorporated by reference so as to avoid potential conflict with the EPA's independent authorities. Therefore, we are approving but not incorporating by reference the submitted revisions, effective July 15, 2023, to SRCAA Regulation I, sections 2.01, 2.03, 2.04, 2.05, 2.11, 2.12, and 8.11 in 40 CFR 52.2470(e), *EPA Approved Nonregulatory Provisions and Quasi-Regulatory Measures*.

III. Incorporation by Reference

In this document, the EPA is finalizing regulatory text that includes incorporation by reference. In accordance with requirements of 1 CFR 51.5, we are finalizing the incorporation

by reference of SRCAA Regulation I revisions, State effective July 15, 2023, as described in section II of this preamble and set forth in the amendments to 40 CFR part 52 in this document. The EPA has made, and will continue to make, these materials generally available through <https://www.regulations.gov> and at the EPA Region 10 Office (please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section of this preamble for more information). Therefore, these materials have been approved by the EPA for inclusion in the SIP, have been incorporated by reference by the EPA into that plan, are fully federally enforceable under sections 110 and 113 of the Clean Air Act as of the effective date of the final rule of the EPA's approval, and will be incorporated by reference in the next update to the SIP compilation.¹

IV. Statutory and Executive Order Reviews

Under the Clean Air Act, the Administrator is required to approve a SIP submission that complies with the provisions of the Clean Air Act and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, the EPA's role is to approve State choices, provided that they meet the criteria of the Clean Air Act. Accordingly, this action merely approves State law as meeting Federal requirements and does not impose additional requirements beyond those imposed by State law. For that reason, this action:

- Is not a significant regulatory action subject to review by the Office of Management and Budget under Executive Order 12866 (58 FR 51735, October 4, 1993);
- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4);
- Does not have federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
- Is not subject to Executive Order 13045 (62 FR 19885, April 23, 1997) because it approves a State program;

¹ 62 FR 27968 (May 22, 1997).

- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001); and

- Is not subject to requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the Clean Air Act.

In addition, this action is not approved to apply on any Indian reservation land or in any other area where the EPA or an Indian Tribe has demonstrated that a Tribe has jurisdiction. In those areas of Indian country, the rule does not have Tribal implications and will not impose substantial direct costs on Tribal Governments or preempt Tribal law as specified by Executive Order 13175 (65 FR 67249, November 9, 2000).

This action is subject to the Congressional Review Act, and the EPA will submit a rule report to each House of the Congress and to the Comptroller General of the United States. This action is not a “major rule” as defined by 5 U.S.C. 804(2). Under section 307(b)(1) of the Clean Air Act, petitions for judicial review of this action must be filed in the United States Court of Appeals for the

appropriate circuit by June 16, 2025. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. See section 307(b)(2).

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Carbon monoxide, Incorporation by reference, Intergovernmental relations, Lead, Nitrogen dioxide, Ozone, Particulate matter, Reporting and recordkeeping requirements, Sulfur oxides, Volatile organic compounds.

Dated: April 4, 2025.

Emma Pokon,

Regional Administrator, Region 10.

For the reasons stated in the preamble, the Environmental Protection Agency amends part 52 of chapter I, title 40 of the Code of Federal Regulations to read as follows:

PART 52—APPROVAL AND PROMULGATION OF IMPLEMENTATION PLANS

■ 1. The authority citation for part 52 continues to read as follows:

Authority: 42 U.S.C. 7401 *et seq.*

Subpart WW—Washington

■ 2. In § 52.2470:

■ a. Amend paragraph (c), table 9, under the heading “Spokane Regional Clean Air Agency Regulation I”, by revising the entries “1.01”, “1.04”, “2.08”, “2.13”, “4.04”, “5.02”, “5.04”, “5.05”, “5.07”, “5.08”, “5.10”, “5.13”, “6.04”, and revising all the entries under the heading “Article VIII—Solid Fuel Burning Device Standards”; and

■ b. Amend paragraph (e), table 1, under the heading “Spokane Regional Clean Air Agency Regulations”, by revising the entries “2.01”, “2.03”, “2.04”, “2.05”, “2.11”, “2.12”, and “8.11”.

The revisions read as follows:

§ 52.2470 Identification of plan.

BILLING CODE 6560–50–P

DEPARTMENT OF THE INTERIOR**Office of the Secretary****43 CFR Part 8**

[Docket No. DOI–2024–0017; 256D0102DM, DS6CS00000, DLSN00000.000000, DX6CS25]

RIN 1093–AA29

Joint Policies of the Departments of the Interior and of the Army Relative to Reservoir Project Lands; Delay of Effective Date**AGENCY:** Office of the Secretary, Interior.**ACTION:** Direct final rule; delay of effective date.

SUMMARY: In accordance with the memorandum of January 20, 2025, from President Donald J. Trump, entitled “Regulatory Freeze Pending Review,” this action delays the effective date of the direct final rule published on January 16, 2025, to May 16, 2025.

DATES: As of April 16, 2025 the effective date of the rule published at 90 FR 4669 on January 16, 2025, is delayed to a new effective date of May 16, 2025.

FOR FURTHER INFORMATION CONTACT: Jeremiah Williamson, Senior Attorney, telephone: (208) 334–1915, email: jeremiah.williamson@sol.doi.gov.

Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: The direct final rule, “Joint Policies of the Departments of the Interior and of the Army Relative to Reservoir Project Lands,” published on January 16, 2025, at 90 FR 4669, included a 60-day public comment period that ended on March 17, 2025. The effective date of the direct final rule is April 16, 2025. The Department of the Interior is taking this action in response to Memorandum M–25–10, “Implementation of Regulatory Freeze,” of January 20, 2025, from the Executive Office of the President, Office of Management and Budget, regarding the postponement of effective dates of certain published regulations. The memorandum directed the heads of executive departments and agencies to consider postponing for 60 days from the date of the memorandum the effective date for any rules that have been published in the **Federal Register**, or any rules that have been issued in any manner but have not taken effect, for the purpose of reviewing any questions of fact, law, and policy that the rule may raise. The Department of the Interior is delaying the effective date

of the direct final rule published at 90 FR 4669 to May 16, 2025.

The Department is delaying the effective date of the direct final rule without opportunity for public comment and making the delay effective immediately, based on the good cause exemptions in 5 U.S.C. 553(b)(B) and 553(d)(3). The Department concluded that seeking public comment on the delay is impracticable, unnecessary, and contrary to the public interest. The delay in effective date until May 16, 2025, is necessary to give Department officials the opportunity for further review and consideration of new regulations, consistent with the memorandum of the President, dated January 20, 2025. Given the imminence of the effective date of the direct final rule, seeking prior public comment on this delay is impractical, and contrary to the public interest in the orderly promulgation and implementation of regulations. For the foregoing reasons, the good cause exception in 5 U.S.C. 553(d)(3) also applies to the Department’s decision to make this action effective immediately.

Tyler Hassen,

Senior Advisor to the Secretary, Exercising the Delegated Authority of the Assistant Secretary for Policy, Management and Budget
