

its implementing regulations (40 CFR parts 1500–1508) to evaluate the impacts of a proposed land exchange with the State of Alaska and the King Cove Corporation for the purpose of constructing a single-lane gravel road between the communities of King Cove and Cold Bay, Alaska. The land exchange would involve the removal of approximately 206 acres within the Izembek Wilderness portion of Izembek National Wildlife Refuge for the road corridor and approximately 1,600 acres of Federal land within the Alaska Maritime National Wildlife Refuge on Sitkinak Island. In exchange, we would receive approximately 43,093 acres of land owned by the State of Alaska and approximately 13,300 acres of land owned by the King Cove Corporation. These lands are located around Cold Bay and adjacent to the North Creek Unit of Alaska Peninsula National Wildlife Refuge.

The Act directed us to begin our preparation of this EIS not later than 60 days after the Secretary received notification by the State and the King Cove Corporation of their intention to exchange lands. The Secretary received notification from the King Cove Corporation on May 19, 2009, and from the State of Alaska on June 19, 2009. Our notice of August 6, 2009 (74 FR 39336), initiated the process and opened the period for public scoping. This revised notice informs the public of the dates for the public scoping meetings in Washington, DC, and Anchorage, Alaska, and also notifies the public of the comment-period end date (see **DATES**). We will also hold public scoping meetings at King Cove, Cold Bay, Sand Point, and Nelson Lagoon, Alaska; we will announce the dates, times, and locations locally, at least 10 days prior to each meeting.

In accordance with Section 6402(b)(2)(B) of the Act, the EIS will analyze the proposed land exchange and the potential construction and operation of a road between the communities of King Cove and Cold Bay, Alaska, and will evaluate a specific road corridor through the Izembek Refuge that will be identified in consultation with the State of Alaska, the City of King Cove, and the Agdaagux Tribe of King Cove. The alternatives anticipated at this time include the existing situation (no land exchange or road construction) and the proposed land exchange and road construction and operation as outlined in the Act. In preparing the EIS, we will request comments from the public locally, regionally, and nationally. As required in the Act, subsequent to the

preparation of the EIS and in conjunction with the Record of Decision, the Secretary of the Interior will determine whether the land exchange (including the construction of the proposed road) is in the public interest. We anticipate release of the Draft EIS in the spring of 2011, followed by a 90-day public review period.
