DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 65

[Docket ID FEMA-2011-0002; Internal Agency Docket No. FEMA-B-1206]

Changes in Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Interim rule.

SUMMARY: This interim rule lists communities where modification of the Base (1% annual-chance) Flood Elevations (BFEs) is appropriate because of new scientific or technical data. New flood insurance premium rates will be calculated from the modified BFEs for new buildings and their contents.

DATES: These modified BFEs are currently in effect on the dates listed in the table below and revise the Flood Insurance Rate Maps (FIRMs) in effect prior to this determination for the listed communities.

From the date of the second publication of these changes in a newspaper of local circulation, any person has ninety (90) days in which to request through the community that the Deputy Federal Insurance and Mitigation Administrator reconsider the changes. The modified BFEs may be changed during the 90-day period.

ADDRESSES: The modified BFEs for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT: Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646-4064, or (e-mail) luis.rodriguez@dhs.gov.

SUPPLEMENTARY INFORMATION: The modified BFEs are not listed for each community in this interim rule. However, the address of the Chief Executive Officer of the community where the modified BFE determinations are available for inspection is provided.

Any request for reconsideration must be based on knowledge of changed conditions or new scientific or technical data.

The modifications are made pursuant to section 201 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are in accordance with the National Flood Insurance Act of 1968, 42 U.S.C. 4001 *et seq.*, and with 44 CFR part 65.

For rating purposes, the currently effective community number is shown and must be used for all new policies and renewals.

The modified BFEs are the basis for the floodplain management measures that the community is required either to adopt or to show evidence of being already in effect in order to qualify or to remain qualified for participation in the National Flood Insurance Program (NFIP).

These modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact

stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities. The changes in BFEs are in accordance with 44 CFR 65.4.

National Environmental Policy Act.

This interim rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. An environmental impact assessment has not been prepared.

Regulatory Flexibility Act. As flood elevation determinations are not within the scope of the Regulatory Flexibility Act, 5 U.S.C. 601-612, a regulatory flexibility analysis is not required.

Regulatory Classification. This interim rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 13132, Federalism. This interim rule involves no policies that have federalism implications under Executive Order 13132, Federalism.

Executive Order 12988, Civil Justice Reform. This interim rule meets the applicable standards of Executive Order 12988.

BILLING CODE 9110-12-P

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 25

[IB Docket No. 06-123; FCC 11-93]

Service Rules and Policies for the Broadcasting Satellite Service (BSS)

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: In this document, the Federal Communications Commission adopts rules to mitigate space path interference between the 17/24 GHz Broadcasting-Satellite Service (BSS) space-to-Earth transmissions and the feeder link receiving antennas of Direct Broadcast Satellite Service (DBS) space stations that operate in the same frequency band. We adopt an off-axis power flux density (pfd) coordination trigger for 17/24 GHz BSS space stations. We also require a minimum orbital separation of 0.2 degrees between 17/24 GHz BSS space stations and DBS space stations. We place bounds on orbital eccentricity and inclination of 17/24 GHz BSS space stations and condition the protection of DBS networks to certain assumed limits on eccentricity and inclination. By these

actions, we facilitate the introduction of the 17/24 GHz BSS and anticipate that it will provide new and innovative services, including video, audio, data, and video-on-demand, to consumers in the United States and promote increased competition among satellite and terrestrial services.

We revised our informational requirements to require 17/24 GHz BSS space station applicants to file pfd calculations (and if the pfd coordination trigger is exceeded, to file coordination information), and to file predicted and measured transmitting antenna off-axis gain information. We also require both 17/24 GHz BSS applicants and DBS applicants to file maximum orbital eccentricity information with their application. Finally, we adopt procedures to enable pending applicants and existing authorization holders to file relevant information related to these rules.

DATES: Effective September 14, 2011, except §§ 25.114(d)(15)(iv), 25.114(d)(18), 25.264(a), (b), (c), (d) and (f), of the Commission's rules. These requirements contained herein are subject to the Paperwork Reduction Act (PRA) and have not been approved by the Office of Management and Budget (OMB). The Commission will publish a document in the **Federal Register** announcing the effective date of these requirements.
