SUPPLEMENTARY INFORMATION:

A. OMB Control Number, Title, and Any Associated Form(s)

OMB Control No. 9000–0001, Certain Federal Acquisition Regulation Part 28 Requirements, Standard Forms (SF) 24, 25, 25–A, 25–B, 28, 34, 35, 273, 274, 275, 1414, 1415, 1416, and 1418.

B. Need and Uses

DoD, GSA, and NASA are combining OMB Control Nos. by FAR part. This consolidation is expected to improve industry’s ability to easily and efficiently identify burdens associated with a given FAR part. The review of the information collections by FAR part allows improved oversight to ensure there is no redundant or unaccounted for burden placed on industry. Lastly, combining information collections in a given FAR part is also expected to reduce the administrative burden associated with processing multiple information collections.

This justification supports the extension of OMB Control No. 9000–0001 and combines it with the previously approved information collections under OMB Control No. 9000–0045, with the new title “Certain Federal Acquisition Regulation Part 28 Requirements”. Upon approval of this consolidated information collection, OMB Control No. 9000–0045 will be discontinued. The burden requirements previously approved under the discontinued number will be covered under OMB Control No. 9000–0001.

This clearance covers the information that offerors or contractors must submit to comply with the following FAR requirements:

- FAR 52.228–1, Bid Guarantee. This provision (or clause) requires offerors or contractors to furnish a bid guarantee in the proper form and amount when a performance bond or a performance and payment bond is also required. (SF 24, Bid Bond; SF 34, Annual Bid Bond).
- FAR 52.228–2, Additional Bond Security. This clause requires

contractors to furnish additional bond security under certain circumstances. This clause is used both for construction and other than construction contracts. (SF 1414 Consent of Surety and SF 1415, Consent of Surety and Increase of Penalty).

- FAR 52.228–13, Alternative Payment Protections. This clause requires contractors to submit one of the payment protections listed in the clause by the contracting officer, in construction contracts greater than \$35,000 but not exceeding \$150,000.

• FAR 52.228–14, Irrevocable Letter of Credit. This clause requires offerors or contractors to provide certain information when they intend to use an irrevocable letter of credit (ILC) in lieu of a required bid bond, or to secure other types of required bonds such as performance and payment bonds. This clause is required in solicitations and contracts when a bid guarantee, or performance bond, or performance and payment bonds are required.

- FAR 52.228–15, Performance and Payment Bonds—Construction. This clause requires contractors to provide performance and payment bonds in construction contracts exceeding \$150,000 (SF 25, Performance Bond; SF 25–A, Payment Bond; SF 25–B, Continuation Sheet (for SF’s 24, 25, and 25–A); SF 273, Reinsurance Agreement for a Bonds Statute Performance Bond; SF 274, Reinsurance Agreement for a Bonds Statute Payment Bond).

• FAR 52.228–16, Performance and Payment Bonds—Other Than Construction. This clause requires contractors to furnish performance and payment bonds for other than construction contracts exceeding the simplified acquisition threshold only in certain circumstances. (SF 35, Annual Performance Bond; SF 275, Reinsurance Agreement in Favor of the United States; SF 1416, Payment Bond for Other Than Construction Contracts; SF 1418, Performance Bond for Other Than Construction Contracts).

- Standard Form (SF) 28, Affidavit of Individual Surety. This form is used by all executive agencies, including DoD, to obtain information from individuals wishing to serve as sureties to Government bonds. Offerors and contractors may use an individual surety as security for bonds required under a solicitation or contract for supplies or services (including construction). It is an elective decision on the part of the offeror or contractor to use individual sureties instead of other available sources of surety or sureties for Government bonds.

The Government retains the bid guarantees, bonds, or alternative

payment protections until the contractor's obligation is fulfilled. The contracting officer uses the information on the SF 28 to determine the acceptability of individuals proposed as sureties.

B. Need and Uses

This clearance covers the information that offerors must submit to comply with the following Federal Acquisition Regulation (FAR) requirements:

- FAR 14.205. For sealed bidding, presolicitation notices briefly describe requirements and provide other essential information to enable potential bidders to determine whether they have an interest in the invitation and if appropriate, respond by communicating their interest in receiving the invitation for bid.

- FAR 15.201(c). For contracting by negotiation, presolicitation notices provide a means of early exchanges of information about future acquisitions between Government and industry, to which potential offerors may respond with feedback concerning acquisition strategy, terms and conditions, and any other concerns or questions.

- FAR 36.213-2. For construction contracts, presolicitation notices are required for construction requirements in excess of the simplified acquisition threshold to communicate essential information on the requirements, to which potential bidders may respond by communicating their interest in receiving the invitation for bid.

Presolicitation notices are used by the Government to inform, and, where specified, solicit a response from potential offerors or bidders. The primary purposes of the notices are to improve small business access to acquisition information and enhance competition by identifying contracting and subcontracting opportunities.

The contracting officer will use the information as follows:

- For sealed bidding, to include interested bidders in the distribution of the invitations for bids; and
- For contracting by negotiation, to consider the industry feedback in shaping the acquisition strategy.
