The Honorable Nancy Pelosi, *Speaker of the House of Representatives.*

Dear Madam Speaker:

Pursuant to Section 36(d) of the Arms Export Control Act, please find enclosed a certification of a proposed license amendment for the export of technical data and defense services for the manufacture of significant military equipment abroad.

The transaction contained in the attached certification involves the export of technical data and defense services to the UK to support the manufacture of Have Quick II ECCM devices and incorporation into radio equipment.

The U.S. government is prepared to license the export of these items having taken into account political, military, economic, human rights, and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the U.S. firm concerned.

Sincerely,
Mary Elizabeth Taylor,
Assistant Secretary Bureau of Legislative Affairs.
