

percent of area median income adjusted for family size, residents can have high rent burdens, even if their unit is in compliance with rent standards. The study of rent burden will yield important information about the affordability of rental housing developed under the Home Program.

Agency Form Numbers, if Applicable: None.

Members of the affected public: Residents sampled in 250 properties that are selected for the study.

Estimation of the total numbers of hours needed to prepare the information collection including number of respondents, frequency of response, and hours of response: The researchers will administer a one-time telephone survey to 1,000 residents. The interviews are expected to last five minutes, for a total burden hour estimate of 83.3 hours.

Status of the proposed information collection: Awaiting OMB approval.

Authority: Section 3506 of the Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35, as amended.

Dated: April 18, 2000.

Lawrence L. Thompson,

General Deputy Assistant Secretary for Policy Development and Research.

This Notice also lists the following information:

Title of Proposal: Survey of Manufactured (Mobile) Home Placements.

OMB Control Number: 2528-0029.

Description of the need for the information and proposed use: The Survey of Manufactured (Mobile) Home Placements collects data on the characteristics of newly manufactured homes placed for residential use including number, sales price, location, and other selected characteristics. HUD uses the statistics to respond to a Congressional mandate in the Housing and Community Development Act of 1980, 42 U.S.C. 5424 note, which requires HUD to collect and report manufactured home sales and price information for the nation, census regions, states, and selected metropolitan areas and to monitor

whether new manufactured homes are being placed on owned rather than rented lots. HUD also used these data to monitor total housing production and its affordability.

Agency Form Numbers: C-MH-9A.

Member of affected public: Business firms or other for-profit institutions.

Estimation of the total numbers of hours needed to prepare the information collection including number of respondents, frequency of response, and hours of response:

Number of respondents: 4,000.

Estimate Responses per Respondent:
