Statement of Claimant or Other Person—Medical Resident FICA Refund Claims—20 CFR 404.702 and 416.570—0960-0786. The Internal Revenue Service (IRS) is contacting medical residents (and their employers) who filed Federal Insurance Contributions Act (FICA) refund claims from 1993 through 2005. Those medical residents who claimed their residencies were actually training, not employment, should not have been subject to FICA tax. The IRS made a decision to honor these claims and issue a full refund of FICA tax, plus statutory interest, to those who wish to participate in the refund resolution. SSA will remove wages from the participating residents' earnings records for the period of the refund requests, which will cause the residents' recorded earnings to decrease. This not only affects earnings for future retirement benefits, but also could adversely affect those residents (or their beneficiaries) who are currently receiving Social Security benefits.

To ensure they understand the potential impact on their benefits, SSA will call those residents who will be adversely affected and explain the effect on their Social Security benefits if they accept the IRS FICA refund. If SSA cannot reach the resident by phone, we will send a contact letter and the SSA-795-OP2 to the resident to complete and return to SSA to document the decision. Once we have the information, we will forward the signed forms to the IRS for the residents who no longer want the FICA refund.
