

(1) Is not a “significant regulatory action” under Executive Order 12866,

(2) Would not affect intrastate aviation in Alaska, and

(3) Would not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The Proposed Amendment

Accordingly, under the authority delegated to me by the Administrator, the FAA proposes to amend 14 CFR part 39 as follows:

PART 39—AIRWORTHINESS DIRECTIVES

■ 1. The authority citation for part 39 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40113, 44701.

§ 39.13 [Amended]

■ 2. The FAA amends § 39.13 by adding the following new airworthiness directive:

Bombardier, Inc.: Docket No. FAA–2025–0908; Project Identifier MCAI–2025–00035–T.

(a) Comments Due Date

The FAA must receive comments on this airworthiness directive (AD) by July 7, 2025.

(b) Affected ADs

None.

(c) Applicability

This AD applies to Bombardier, Inc., Model BD–700–1A10 airplanes, certificated in any category, as identified in Bombardier Service Bulletin 700–35–016, dated June 12, 2024; Bombardier Service Bulletin 700–35–6006, dated June 12, 2024; and Bombardier Service Bulletin 700–35–6503, dated June 12, 2024.

(d) Subject

Air Transport Association (ATA) of America Code 35, Oxygen.

(e) Unsafe Condition

This proposed AD was prompted by a report indicating that the clearance between therapeutic flexible oxygen hoses and electrical harnesses may be non-compliant to design requirements, and that positive separation mechanisms and appropriate protective barriers may not have been installed in accordance with the applicable installation standards. The FAA is proposing this AD to prevent damage to the electrical harness for the therapeutic flexible oxygen hose and subsequent latent failure of the firewall hydraulic shutoff valve. The unsafe condition, if not addressed, could result in the inability to control a powerplant fire in the presence of a hydraulic fluid leak.

(f) Compliance

Comply with this AD within the compliance times specified, unless already done.

(g) Detailed Inspections and Related Investigative and Corrective Actions

Within 10 years after the effective date of this AD, do all the actions specified in paragraphs (g)(1) through (4) of this AD, and do all the applicable related investigative and corrective actions before further flight, in accordance with sections 2.B and 2.C of the Accomplishment Instructions of Bombardier Service Bulletin 700–35–016, Bombardier Service Bulletin 700–35–6006, and Bombardier Service Bulletin 700–35–6503, all dated June 12, 2024, as applicable.

(1) Do a detailed inspection to determine the gap between the clocking angle of the therapeutic oxygen rigid tube to oxygen hose elbow fitting, if equipped, and the nearest electrical harness.

(2) Do a detailed inspection of the therapeutic flexible oxygen hose, P/N 38911–5–0250, for damage and to determine if protection is installed on the hose.

(3) Do a detailed inspection of the electrical harnesses surrounding the therapeutic flexible oxygen hose for damage.

(4) Do a detailed inspection to determine the clearance between the electrical harnesses and therapeutic flexible oxygen hose.

(h) Additional AD Provisions

The following provisions also apply to this AD:

(1) *Alternative Methods of Compliance (AMOCs):* The Manager, International Validation Branch, FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. In accordance with 14 CFR 39.19, send your request to your principal inspector or responsible Flight Standards Office, as appropriate. If sending information directly to the manager of the International Validation Branch, send it to the attention of the person identified in paragraph (i) of this AD and email to: AMOC@faa.gov. Before using any approved AMOC, notify your appropriate principal inspector, or lacking a principal inspector, the manager of the responsible Flight Standards Office.

(2) *Contacting the Manufacturer:* For any requirement in this AD to obtain instructions from a manufacturer, the instructions must be accomplished using a method approved by the Manager, International Validation Branch, FAA; or Transport Canada; or Bombardier, Inc.’s Transport Canada Design Approval Organization (DAO). If approved by the DAO, the approval must include the DAO-authorized signature.

(i) Additional Information

For more information about this AD, contact Brenda L. Buitrago, Aviation Safety Engineer, FAA, 1600 Stewart Avenue, Suite 410, Westbury, NY 11590; phone: 516–228–7300; email: 9-avs-nyaco-cos@faa.gov.

SUPPLEMENTARY INFORMATION:

Authority

This notice of proposed rulemaking proposes amendments to 26 CFR part 300 regarding user fees for authorized persons who request the issuance of an estate tax closing letter (IRS Letter 627) by cross-reference to interim final regulations in the Rules and Regulations section of this issue of the **Federal Register** regarding this topic.

The Independent Offices Appropriations Act of 1952 (IOAA) (31 U.S.C. 9701) authorizes each agency to prescribe regulations that establish user fees for services provided by the agency. The IOAA provides that regulations implementing user fees are subject to policies prescribed by the President; these policies are set forth in the Office of Management and Budget Circular A-25, 58 FR 38142 (July 15, 1993) (OMB Circular A-25).

The IOAA states that the services provided by an agency should be self-sustaining to the extent possible. Under OMB Circular A-25, agencies that provide services that confer special benefits on identifiable recipients beyond those accruing to the general public must identify those services, determine whether user fees should be assessed for those services, and, if so, establish user fees that recover the full cost of providing those services, unless an exception to the full cost requirement is granted. As required by the IOAA and OMB Circular A-25, agencies are to review user fees biennially and update them as necessary to reflect changes in the cost of providing the underlying services.

Background and Explanation of Provisions

Interim final regulations in the Rules and Regulations section of this issue of the **Federal Register** amend regulations under 26 CFR part 300 setting a user fee for authorized persons who request the issuance of an estate tax closing letter. The text of the interim final regulations also serves as the text of these proposed regulations. The preamble to the interim final regulations explains the interim final regulations and these proposed regulations.

Special Analyses

I. Regulatory Planning and Review

The OMB's Office of Information and Regulatory Analysis has determined that this regulation is not significant and is not subject to review under section 6(b) of Executive Order 12866.

II. Regulatory Flexibility Act

Pursuant to the Regulatory Flexibility Act (5 U.S.C. chapter 6), it is hereby certified that these proposed regulations will not have a significant economic impact on a substantial number of small entities. The proposed regulations, which reduce the amount of a fee to obtain a particular service, affect decedents' estates, which generally are not "small entities" as defined under 5 U.S.C. 601(6). Thus, these proposed regulations have no economic impact on small entities. In addition, the interim final regulations will establish a \$56 fee, which is a reduction from the previously established fee and is not substantial enough to have a significant economic impact on any entities that could be affected by establishing such a fee. Accordingly, the Secretary certifies that the rule will not have a significant economic impact on a substantial number of small entities.

III. Unfunded Mandates Reform Act

Section 202 of the Unfunded Mandates Reform Act of 1995 requires that agencies assess anticipated costs and benefits and take certain other actions before issuing a final rule that includes any Federal mandate that may result in expenditures in any one year by a State, local, or Tribal government, in the aggregate, or by the private sector, of \$100 million in 1995 dollars, updated annually for inflation. This rule does not include any Federal mandate that may result in expenditures by State, local, or Tribal governments, or by the private sector in excess of that threshold.

IV. Executive Order 13132: Federalism

Executive Order 13132 (Federalism) prohibits an agency from publishing any rule that has federalism implications if the rule either imposes substantial, direct compliance costs on State and local governments, and is not required by statute, or preempts State law, unless the agency meets the consultation and funding requirements of section 6 of the Executive order. These proposed regulations do not have federalism implications and do not impose substantial direct compliance costs on State and local governments or preempt State law within the meaning of the Executive order.

V. Submission to Small Business Administration

Pursuant to section 7805(f) of the Internal Revenue Code, this notice of proposed rulemaking has been submitted to the Chief Counsel of the Office of Advocacy of the Small Business Administration for comment on its impact on small business.

Comments

Consideration will be given to comments that are submitted timely to the IRS as prescribed in this preamble under the **ADDRESSES** heading of this preamble. The Treasury Department and IRS request comments on all aspects of the proposed regulations. Any comments submitted will be made available at <https://www.regulations.gov> or upon request.

Drafting Information

The principal author of these regulations is Juli Ro Kim of the Office of the Associate Chief Counsel (Passthroughs, Trusts, and Estates). Other personnel from the Treasury Department and the IRS participated in the development of the regulations.

Background: The Elementary and Secondary Education Act, as amended (ESEA) authorizes awards under the Assistance for Arts Education (AAE) to promote arts education for students, including disadvantaged students and students who are children with disabilities. In FY 2021, the Department offered the AAE program as one grant program. In prior years, the Department held three separate grant competitions under section 4642 of the ESEA: Arts in Education Development and Dissemination, Professional Development for Arts Educators, and Arts in Education National Program (AENP).

The Consolidated Appropriations Act, 2022 directed the Department “to carry out a separate competition for eligible national nonprofit organizations, as described in the Applications for New Awards; Assistance for Arts Education Program—Arts in Education National Program published in the **Federal Register** on May 7, 2018 (83 FR 20056), for activities described under section 4642(a)(1)(C)” of the ESEA. In addition, the Explanatory Statement for Division H of the Consolidated Appropriations Act, 2022 (Pub. L. 117–103) (2022 Appropriations Explanatory Statement) included language directing the Department “to award prior experience points to applicants that have conducted an Arts in Education National Program project during budget periods 2018–19, 2019–20, and 2020–21.”

The explanatory statements accompanying the Consolidated Appropriations Act, 2023 and the Consolidated Appropriations Act, 2024 similarly directed the Department to use funds for AAE “. . . for continuation grants for eligible national nonprofit organizations, as described in the Applications for New Awards; Assistance for Arts Education Program published in the **Federal Register** on May 31, 2022, for activities described under section 4642(a)(1)(C).” The Full-Year Continuing Appropriations and Extensions Act, 2025 provided continuing appropriations for FY 2025 under the same requirements, authorities, conditions, limitations, and other provisions applicable to the Consolidated Appropriations Act, 2024. Thus, the Department is directed to provide a continuation grant for the AENP grantee first awarded in FY 2022.

In FY 2022 the Department made one 36-month award under the AENP as follows:
