### Foreign-Trade Zones Board

[Docket 6-2002]

#### **Foreign-Trade Zone 165—Midland, TX; Expansion of Manufacturing Authority—Subzone 165A; Phillips Petroleum Company, (Oil Refinery Complex), Borger, TX**

An application has been submitted to the Foreign-Trade Zones Board (the Board) by Phillips Petroleum Company (Phillips), requesting authority to expand the scope of manufacturing activity conducted under zone procedures within Subzone 165A at the Phillips oil refinery complex in Borger, Texas. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on January 22, 2002.

Subzone 165A (130,000 BPD capacity) was approved in December 2000, subject to the Board's standard oil refinery subzone restrictions, and is located at two sites in Borger, Texas: Site 1 (6,045 acres)—main refinery complex, located at Spur 119 North, Borger; Site 2 (585 acres)—crude oil tank farm, located on Highway 136, Borger, 5 miles north of the main refinery complex. Authority was granted for the manufacture of fuel products and certain petrochemical feedstocks and refinery by-products (Board Order 1134, 65 FR 82322, 12/28/00).

The refinery is used to produce fuels and petrochemical feedstocks. The request involves a debottlenecking and expansion project which includes the construction of a crude fractionating tower within Site 1. The new facilities will increase the overall capacity of the refinery to 150,000 BPD. The feedstocks used and product slate will remain unchanged.

Zone procedures would exempt the new refinery facilities from Customs duty payments on the foreign products used in its exports. On domestic sales, the company would be able to choose the Customs duty rates for certain petrochemical feedstocks (duty-free) by

admitting foreign crude oil in non-privileged foreign status. The application indicates that any additional savings from zone procedures would help improve the refinery's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ staff has been appointed examiner to investigate the application and report to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at one of the following addresses:

1. Submissions Via Express/Package Delivery Services: Foreign-Trade-Zones Board, U.S. Department of Commerce, Franklin Court Building—Suite 4100W, 1099 14th St. NW., Washington, DC 20005; or

2. Submissions Via the U.S. Postal Service: Foreign-Trade-Zones Board, U.S. Department of Commerce, FCB—Suite 4100W, 1401 Constitution Ave. NW., Washington, DC 20230. The closing period for their receipt is April 1, 2002. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to April 15, 2002).

A copy of the application and accompanying exhibits will be available for public inspection at the Office of the Foreign-Trade Zones Board's Executive Secretary at the first address listed above, and at the U.S. Customs Service, 10801 Airport Blvd., Amarillo, TX 79111.

Dated: January 22, 2002.

**Dennis Puccinelli,**

*Executive Secretary.*

#### **Notice of Correction to the Extension of Time Limit for the Final Results of Antidumping New Shipper Review and the Final Results of Antidumping Administrative Review of the Antidumping Duty Order on Fresh Garlic from the People's Republic of China**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Correction of extension of time limit for the final results of antidumping

new shipper review and the final results of antidumping administrative review.

**SUMMARY:** The Department of Commerce published an extension of time limit for the final results of antidumping new shipper review and final results of antidumping administrative review on fresh garlic from the People's Republic from China (December 27, 2001, 66 FR 66872).

The new shipper review covers one exporter, Clipper Manufacturing Co. Ltd. The period of review is June 1, 2000, through November 30, 2000. The administrative review covers four manufacturers/exporters and the period November 1, 1999, through October 31, 2000. The extension notice incorrectly identified the date for issuance of the final results as February 2, 2002. The correct date for issuance is February 20, 2002.

**EFFECTIVE DATE:** January 30, 2002.

**FOR FURTHER INFORMATION CONTACT:** Hermes Pinilla or Edythe Artman, AD/CVD Enforcement 3, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230; telephone: (202) 482-3477 or (202) 482-3931, respectively.

This determination and notice are in accordance with section 751(a)(3)(A) of the Act.

January 24, 2002

#### **Live Processed Blue Mussels from Canada: Notice of Termination of Antidumping Investigation**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of termination of antidumping investigation for the period April 1, 2000 through March 31, 2001.

**SUMMARY:** On April 6, 2001, the Department of Commerce (the Department) initiated an antidumping investigation of live processed blue mussels from Canada. See Notice of Initiation of Antidumping Investigation: Live Processed Blue Mussels From

Canada, 66 FR 18227 (April 6, 2001). The Department is terminating this investigation after receiving a timely withdrawal of the petition from the petitioner.

**EFFECTIVE DATE:** January 30, 2002.

**FOR FURTHER INFORMATION CONTACT:**

Thomas F. Futtner or Paige Rivas, AD/CVD Enforcement, Group II, Office 4, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone (202) 482-3814 or (202) 482-0651, respectively; fax (202) 482-5105.

**SUPPLEMENTARY INFORMATION:**

**The Applicable Statute and Regulations**

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended (the Act), are references to the provisions in effect as of January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act. In addition, unless otherwise indicated, all citations to the Department's regulations are to the regulations as codified at 19 CFR part 351 (2001).

**Background**

On March 12, 2001, the Department received a petition from Great Eastern Mussel Farms, Inc. (Great Eastern) alleging that live processed blue mussels from Canada were being sold, or were likely to be sold, in the United States at less than fair value. On April 6, 2001, the Department initiated an antidumping investigation of live processed blue mussels from Canada for the period April 1, 2000 through March 31, 2002 in order to determine whether merchandise imported into the United States is being sold at dumped prices. On October 18, 2001, the Department published in the Federal Register a notice of preliminary determination of sales at less than fair. See Notice of Preliminary Determination of Sales at Less Than Fair Value and Postponement of Final Determination: Live Processed Blue Mussels from, 66 FR 52888 (October 18, 2001). On January 7, 2002, Great Eastern withdrew its petition citing improved market conditions.

**Termination of the Antidumping Investigation**

Pursuant to 19 CFR 351.207(b)(1), the Department may terminate an investigation upon withdrawal of the petition by the petitioner provided that the termination of the investigation is in the public interest. We contacted all interested parties to the investigation and notified them in writing of our

intent to terminate the investigation and informed them that they had seven days in which to comment on this termination. No domestic interested party has objected to termination of this investigation. As no domestic interested party objects to this termination and the Department is not aware of evidence to the contrary, the Department finds that termination of this investigation is in the public interest. As such, we are terminating this antidumping investigation and will issue instructions directly to the U.S. Customs Service to terminate the suspension of subject merchandise.

This notice serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This determination and notice are in accordance with section 734(a) of the Act and section 19 CFR 351.207(b) of the Department's regulations.

**Applications for Duty-Free Entry of Scientific Instruments**

Pursuant to Section 6(c) of the Educational, Scientific and Cultural Materials Importation Act of 1966 (Pub. L. 89-651; 80 Stat. 897; 15 CFR part 301), we invite comments on the question of whether instruments of equivalent scientific value, for the purposes for which the instruments shown below are intended to be used, are being manufactured in the United States.

Comments must comply with 15 CFR 301.5(a)(3) and (4) of the regulations and be filed within 20 days with the Statutory Import Programs Staff, U.S. Department of Commerce, Washington, DC 20230. Applications may be examined between 8:30 A.M. and 5 P.M. in Suite 4100W, U.S. Department of Commerce, Franklin Court Building, 1099 14th Street, NW, Washington, DC.

*Docket Number:* 01-023. Applicant: University of Georgia, 151 Barrow Hall, Electron Microscopy Laboratory, Athens, GA 30602-2403. Instrument: Electron Microscope, Model Tecnai 20. Manufacturer: FEI Company, The Netherlands. Intended Use: The instrument is intended to be used to study the structure of biological materials in three dimensions including components of cells such as organelles or filaments, whole cells (i.e. bacteria), large molecules and crystals. The general goal of these investigations is to achieve a detailed understanding of the 3-dimensional structure of some cellular component, which in turn can be used to increase understanding of the function of that component. In addition, the instrument will be used in the courses: CBIO(BIOL) 3410L. Laboratory in Cellular and Developmental Biology, (CBIO)BIOL 5050L/7050L. Electron Microscopy Laboratory, and CBIO 8050-8050L. Techniques in Modern Microscopy. Application accepted by Commissioner of Customs: October 22, 2001.

*Docket Number:* 01-025. Applicant: University of Illinois at Urbana-Champaign, 207 Henry Administration Building, 506 South Wright Street, Urbana, IL 61801. Instrument: QPix Colony Picker with Gridding and Re-arranging packages. Manufacturer: Genetix Limited, United Kingdom. Intended Use: The instrument is a robot that performs steps of selecting certain cells amongst a large number of others and transferring them to other devices for further investigation. It is intended to be used for research and education of genomics including the study of honey bees, cattle and salmonella. Application accepted by Commissioner of Customs: November 23, 2001.
