DEPARTMENT OF JUSTICE

Notice of Lodging of Consent Decree Under the Comprehensive Environmental Response, Compensation and Liability Act

Notice is hereby given that on May 10, 2010, a proposed Consent Decree (the "Decree") in *United States v. Precious Metals, Inc.*, Civil Action No. 1:10-cv-02387 (JEI-AMD), was lodged with the United States District Court for the District of New Jersey.

In a complaint, filed simultaneously with the Decree, the United States alleges that Precious Metals, Inc. is liable pursuant to Section 107(a)(3) of the Comprehensive Environmental Response, Compensation and Liability Act ("CERCLA"), 42 U.S.C. 9607(a)(3), for response costs incurred by the Environmental Protection Agency ("EPA") in cleaning up the Pioneer Smelting Superfund Site located at Factory Road, Route 532, in Chatsworth, New Jersey.

Pursuant to the Decree, Precious Metals will make an initial payment of \$70,000 and then a contingency payment not to exceed \$80,000. The exact amount of the contingency payment will be based on Precious Metals, Inc. financial capabilities three months after the Consent Decree has been entered by the Court. The payments will resolve any claim the United States has against Precious Metals, Inc. associated with costs incurred by EPA at the Pioneer Smelting Superfund Site.

The Department of Justice will receive, for a period of thirty (30) days from the date of this publication, comments relating to the Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and either e-mailed to pubcomment-ees.enrd@usdoj.gov or mailed to P.O. DEPARTMENT OF JUSTICE

Notice of Lodging of Consent Decree Under the Resource Conservation and Recovery Act

Notice is hereby given that on May 17, 2010, a proposed consent decree in *United States v. Tanana Oil Corp., et al.*, Civil Action No. 05-2540, was lodged with the United States District Court for the District of Maryland.

In this action the United States asked the court to order Tri-Angle Holding Company to clean up petroleum products that the United States alleges leaked from underground storage tanks owned or operated by the defendants at Tanana Oil Station #409, formerly located at 7526 North Point Road, Edgemere, Maryland. The United States also sought civil penalties from the defendants for violating regulations regarding underground storage tanks and for failing to comply with an administrative order requiring defendants to clean up the leaked petroleum products. The United States obtained default judgment on April 16, 2006, ordering Tri-Angle Holding Company to clean up the petroleum contamination and ordering the defendants to pay \$760,000 in civil penalties. If approved, the consent decree would replace the default judgment and would require two individuals, not previously named as defendants in this matter, to perform the cleanup work in accordance with a corrective action plan attached to the consent decree and to pay a civil penalty of \$69,000 in two installments.

The Department of Justice will receive for a period of thirty (30) days from the

date of this publication comments relating to the consent decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and either e-mailed to pubcomment-ees.enrd@usdoj.gov or mailed to P.O. Box 7611, U.S. Department of Justice, Washington, DC 20044-7611, and should refer to *United States v. Tanana Oil Company*, D.J. Ref. 90-7-1-08585/1.

The consent decree may be examined at U.S. EPA Region 3, 1650 Arch Street, Philadelphia, Pennsylvania. During the public comment period, the consent decree, may also be examined on the following Department of Justice Web site, <http://www.usdoj.gov/enrd/ConsentDecrees.html>. A copy of the consent decree may also be obtained by mail from the Consent Decree Library, P.O.
