

paragraph (a) of this section shall be divested within 90 calendar days of confirmation by the Senate of the Governor's nomination, or as soon as possible thereafter if there are restrictions on divestiture.

(2) *Newly-prohibited financial interests following confirmation.* If a financial interest directly or indirectly held by a Governor or his or her spouse or minor child, or a financial interest actively controlled by a Governor on behalf of any entity, becomes prohibited subsequent to the Governor's confirmation:

(i) The Governor shall report the prohibited financial interest to the Postal Service's Designated Agency Ethics Official (DAEO) within 30 calendar days of the DAEO informing the Governors that such financial interests have become prohibited; and

(ii) The prohibited financial interest shall be divested within 90 calendar days of the DAEO informing the Governors that such financial interests have become prohibited, or as soon as possible thereafter if there are restrictions on divestiture.

(3) *Prohibited financial interests acquired without specific intent following confirmation.*—(i) If a Governor or his or her spouse or minor child acquires a financial interest prohibited by paragraph (a)(1) of this section without specific intent to acquire it (such as through marriage, inheritance, or gift) subsequent to the Governor's confirmation:

(A) The Governor shall report the prohibited financial interest to the Postal Service's DAEO within 30 calendar days of its acquisition; and

(B) The prohibited financial interest shall be divested within 90 calendar days of its acquisition, or as soon as possible thereafter if there are restrictions on divestiture.

(ii) If an entity whose financial interests are actively controlled by a Governor acquires a financial interest described in paragraph (a)(1)(i) or (ii) of this section without specific intent to acquire it (such as through a gift) subsequent to the Governor's confirmation:

(A) The Governor shall report the prohibited financial interest to the Postal Service's DAEO within 30 calendar days of its acquisition; and

(B) The prohibited financial interest shall be divested within 90 calendar days of its acquisition, or as soon as possible thereafter if there are restrictions on divestiture.

(4) *Disqualification from participating in particular matters pending divestiture.* Pending any required divestiture of a prohibited financial

interest provided for in paragraph (c) of this section, a Governor shall disqualify himself or herself from participating in particular matters involving or affecting the prohibited financial interest.

Disqualification is accomplished by not participating in the particular matter.

(d) *Waiver of prohibited financial interests.* For good cause shown by a Governor, the Postal Service's DAEO may grant a written waiver to the Governor of any prohibited financial interest described in paragraph (a), (c)(2), or (c)(3) of this section; provided that the DAEO finds that the waiver is not inconsistent with 5 CFR part 2635 or otherwise prohibited by law, and that under the particular circumstances, application of the prohibition is not necessary to avoid the appearance of the Governor's misuse of position or loss of impartiality or otherwise to ensure confidence in the impartiality or objectivity with which the Postal Service's programs are administered. The DAEO may impose appropriate conditions for granting of the waiver, such as requiring the Governor to execute a written statement of disqualification.

(e) *Definition.* For purposes of this section, a person engaged in the delivery outside the mails of any type of mailable matter is as defined in § 7001.102(d)(3).

[Docket No. FAA–2022–0161; Airspace
Docket No. 22–AGL–12]

RIN 2120–AA66

Proposed Amendment of Class E Airspace; Owatonna, MN

AGENCY: Federal Aviation
Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking
(NPRM).

SUMMARY: This action proposes to amend the Class E airspace at Owatonna, MN. The FAA is proposing this action as the result of an airspace review caused by the decommissioning of the Owatonna Outer Marker (OM)

and Owatonna non-directional beacon (NDB). The name and geographical coordinates of the airport would also be updated to coincide with the FAA's aeronautical database.

DATES: Comments must be received on or before April 22, 2022.

ADDRESSES: Send comments on this proposal to the U.S. Department of Transportation, Docket Operations, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE, Washington, DC 20590; telephone (202) 366–9826, or (800) 647–5527. You must identify FAA Docket No. FAA–2022–0161/Airspace Docket No. 22–AGL–12, at the beginning of your comments. You may also submit comments through the internet at <https://www.regulations.gov>. You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office between 9:00 a.m. and 5:00 p.m., Monday through Friday, except federal holidays.

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the

scope of that authority as it would amend the Class E airspace extending upward from 700 feet above the surface at Owatonna Degner Regional Airport, Owatonna, MN, to support instrument flight rule operations at this airport; and removing the Halfway VOR/DME from the header and legal description including associated extension, which are no longer required.

Comments Invited

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal. Communications should identify both docket numbers and be submitted in triplicate to the address listed above. Commenters wishing the FAA to acknowledge receipt of their comments on this notice must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to Docket No. FAA-2022-0161/Airspace Docket No. 22-AGL-12." The postcard will be date/time stamped and returned to the commenter.

All communications received before the specified closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this notice may be changed in light of the comments received. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

Availability of NPRMs

An electronic copy of this document may be downloaded through the internet at <https://www.regulations.gov>. Recently published rulemaking documents can also be accessed through the FAA's web page at https://www.faa.gov/air_traffic/publications/airspace_amendments/.

You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office (see the **ADDRESSES** section for the address and phone number) between 9:00 a.m. and 5:00 p.m., Monday through Friday, except federal holidays. An informal docket may also be examined during normal business hours at the Federal Aviation Administration, Air Traffic

Organization, Central Service Center, Operations Support Group, 10101 Hillwood Parkway, Fort Worth, TX 76177.

Availability and Summary of Documents for Incorporation by Reference

This document proposes to amend FAA Order JO 7400.11F, Airspace Designations and Reporting Points, dated August 10, 2021, and effective September 15, 2021. FAA Order JO 7400.11F is publicly available as listed in the **ADDRESSES** section of this document. FAA Order JO 7400.11F lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Proposal

The FAA is proposing an amendment to 14 CFR part 71 by amending the Class E airspace extending upward from 700 feet above the surface to within 6.6-mile (decreased from a 6.7-mile) radius of Owatonna Degner Regional Airport, Owatonna, MN; and removing the Halfway VOR/DME associated with the airspace in the legal description as it is no longer required; and updating the name (previously Owatonna Municipal Airport) and geographic coordinates of Owatonna Degner Regional Airport to coincide with the FAA's aeronautical database.

This action is the result of an airspace review due to the decommissioning of the Owatonna NDB and the Owatonna OM, which provided guidance to the instrument procedures at this airport.

Class E airspace designations are published in paragraph 6005 of FAA Order JO 7400.11F, dated August 10, 2021, and effective September 15, 2021, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in FAA Order JO 7400.11.

FAA Order JO 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3)

does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures" prior to any FAA final regulatory action.
