The data are used by AoA to fulfill reporting requirements mandated under the OAA, the Government Performance and Results Act, and other Federal management statutes. AoA uses the data for program planning, management, assessment, accountability and development. Total Estimated Burden Hours: 140,000.

Additional Information or Comments: The Administration on Aging (AoA) has initiated a cooperative effort with State agencies on aging, area agencies on aging, and aging service providers to modify the SPR. Multiple factors influence AoA's plans to modify this fundamental information collection requirement at this time, particularly the following: (1) Need to incorporate

into the SPR information requirements for the National Family Caregiver Support Program authorized by the 2000 Amendments to the OAA; (2) need to revise information requirements to comply with Office of Management and Budget (OMB) standards for gathering information on race and ethnicity; (3) the need to streamline and reduce the current information requirements of the SPR; and (4) the expiration of OMB approval of the SPR under the Paperwork Reduction Act in August 2002. Written comments and recommendations for the modification of this proposed information collection should be sent within 60 days of the publication of this Notice directly to the following address: Office of Planning and Evaluation, Administration on Aging, Attention: Frank Burns, 330 Independence Avenue, SW., Rm. 4741, Washington, DC 20201.
