Abstract: The Food and Nutrition Service (FNS) developed the Education and Administrative Reporting System (EARS) for the nutrition education (SNAP-Ed) component of the Supplemental Nutrition Assistance Program (SNAP), which is provided for in Section 11 of the Food and Nutrition Act 2008 (7 U.S.C. 2020 (f)(3)(B)(ii)). In 2003, the Agency convened a workgroup of diverse stakeholders to assist with this task, including people from the State, local and federal levels, as well as academia.

The EARS form was approved by OMB in Fiscal Year (FY) 2007. The first phase of EARS implementation, launched in FY 2008, required SNAP State agencies to report on financial questions #9 and #10 on the EARS form. Full implementation of all applicable EARS questions was required of SNAP State agencies by FY 2010. All State agencies fully complied with this requirement. EARS provides uniform data and information about the nutrition education activities of all participating States across the country. Data collected on the EARS form includes demographic characteristics of participants receiving nutrition education benefits, information about education topics and strategies and use of resources. The EARS form is designed as an annual report that SNAP State agencies submit using FNS web-based Food Program Reporting System (FPRS). FPRS is available to SNAP State

agencies between October 15 and December 30 of each year for the submission of EARS data for the prior FY's nutrition education activities.

There are no changes in hourly burden since the last submission. FNS estimates that 52 State agencies will respond once a year for a total 52 annual responses. It will take approximately 54 burden hours for each State agency to respond for a total of 2,808 annual burden hours. There are no recordkeeping requirements imposed by this information collection.

Affected Public: Supplemental Nutrition Assistance Program (SNAP) State Agencies and implementing partners such as extension universities, non-profit organizations and local program operators.

Estimated Number of Respondents: 52.

Number of Responses per Respondent: 1.

Estimated Total Annual Responses: 52.

Hours per Response: 54.

Total Annual Burden Hours (Reporting Only): 2,808.

Dated: March 21, 2013.
