## DEPARTMENT OF COMMERCE

### National Oceanic and Atmospheric Administration (NOAA)

[I.D. 032601A]

#### Submission for OMB Review; Comment Request

**SUMMARY:** The Department of Commerce has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

#### SUPPLEMENTARY INFORMATION:

*Agency:* National Oceanic and Atmospheric Administration (NOAA).

*Title:* Reporting Requirements for the Ocean Salmon Fishery off the Coasts of Washington, Oregon, and California.

*Form Number(s):* None.

*OMB Approval Number:* None.

*Type of Request:* Emergency submission.

*Burden Hours:* 10.

*Number of Respondents:* 40.

*Average Hours Per Response:* 15 minutes.

**Needs and Uses:** Based on the management regime specified each year, designated regulatory areas in the commercial ocean salmon fishery off the coasts of the salmon fisheries off of Washington, Oregon, and California may be managed by numerical quotas. To accurately assess catches relative to quota attainment during the fishing season, catch data by regulatory area must be collected in a timely manner.

Requirements to land salmon within specific time frames and in specific areas may be implemented in the preseason regulations to aid in timely and accurate catch accounting for a regulatory area. State landing systems normally gather the data at the time of landing. If unsafe weather conditions or mechanical problems prevent compliance with landing requirements, fishermen need an alternative to allow for a safe response. Fishermen would be exempt from landing requirements so long as the appropriate notifications are made providing the name of the vessel, the port where delivery will be made, the approximate amount of salmon (by species) on board, and the estimated time of arrival.

*Affected Public:* Business and other for-profit organizations.

*Frequency:* On occasion.

*Respondent's Obligation:* Required to obtain or retain a benefit.

*OMB Desk Officer:* David Rostker, (202) 395-3897.

Copies of the above information collection proposal can be obtained by calling or writing Madeleine Clayton, Departmental Paperwork Clearance Officer, (202) 482-3129, Department of Commerce, Room 6086, 14th and Constitution Avenue, NW, Washington, DC 20230 (or via the Internet at MClayton@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to David Rostker, OMB Desk Officer, Room 10202, New Executive Office Building, Washington, DC 20503.

Dated: March 23, 2001.

**Madeleine Clayton,**

*Departmental Paperwork Clearance Officer, Office of the Chief Information Officer.*

## DEPARTMENT OF COMMERCE

### Bureau of Export Administration

#### Action Affecting Export Privileges; Thane-Coat, Inc., Jerry Vernon Ford, and Preston John Engebretson; Decision and Order on Renewal of Temporary Denial Order

On September 21, 2000, then Assistant Secretary for Export Enforcement F. Amanda DeBusk issued a Decision and Order on Renewal of Temporary Denial Order (hereinafter "Order" or "TDO"), renewing for 180 days, in a "non-standard" format, a May 5, 1997 Order naming, inter alia, Thane-Coat, Inc.; Jerry Vernon Ford, president,

Thane-Coat, Inc.; and Preston John Engebretson, vice-president, Thane-Coat, Inc. (hereinafter referred to collectively as the "Respondents"), as persons temporarily denied all U.S. export privileges. 65 FR 58507-58508 (September 29, 2000). Unless renewed, the Order will expire on March 21, 2001.

On February 23, 2001, pursuant to Section 766.24 of the Export Administration Regulations (currently codified at 15 CFR parts 730-774 (2000)) (hereinafter the "Regulations"), issued pursuant to the Export Administration Act of 1979, as amended (50 U.S.C.A. app 2401-2420 (1991 & Supp. 2000)) (hereinafter the "Act"), the Office of Export Enforcement, Bureau of Export Administration, United States Department of Commerce (hereinafter "BXA"), requested that I renew the Order against Thane-Coat, Inc., Jerry Vernon Ford, and Preston John Engebretson for 180 days in a non-standard format, consistent with the terms agreed to by and between the parties in April 1998.

In its request, BXA stated that, as a result of an ongoing investigation, it had reason to believe that, during the period from approximately June 1994 through approximately July 1996, Thane-Coat, Inc., through Ford and Engebretson, and using its affiliated companies, TIC Ltd. and Export Materials, Inc., made approximately 100 shipments of U.S.-origin pipe coating materials, machines, and parts to the Dong Ah Consortium in Benghazi, Libya. These items were for use in coating the internal surface of prestressed concrete cylinder pipe for the Government of Libya's Great Man-Made River Project.<sup>1</sup> Moreover, BXA's investigation gave it reason to believe that the Respondents and the affiliated companies employed a scheme to export U.S.-origin products from the United States, through the United Kingdom, to Libya, a country subject to a comprehensive economic sanctions program, without the authorizations required under U.S. law, including the Regulations. The approximate value of the 100 shipments at issue was \$35 million. In addition, the Respondents and the affiliated companies undertook several significant and affirmative actions in connection with the solicitation of business on another

<sup>1</sup> BXA understands that the ultimate goal of this project is to bring fresh water from wells drilled in southeast and southwest Libya through prestressed concrete cylinder pipe to the coastal cities of Libya. This multibillion dollar, multiphase engineering endeavor is being performed by the Dong Ah Construction Company of Seoul, South Korea.
